The Rapacious Creditor Jun 19 2019 Have you ever wondered why a person, country or group would lend money to a sovereign nation that is already so far in debt that they will never be able to repay the loan and will only be able to pay the interest as long as the world economy is growing. What does a sovereign country put up for collateral and what can or will the creditor take should that country become insolvent? This is what I imagine could be the reason and what could happen when the Rapacious Creditor comes to collect.

Vengeance Jan 27 2020 In this fast-paced political thriller, Major Brooke Grant joins the president's top-secret CIA team and races around the globe in pursuit of a terrorist known only as the Falcon. On the day of Major Brooke Grant's wedding, an explosive-packed rental truck detonates a deadly bomb, killing hundreds of her friends and family and endangering D.C.'s most powerful politicians. Saved by a last-minute fluke, Brooke seeks revenge against the master terrorist responsible, an international radical Islamist who is determined to murder her, bring America to its knees, and create a modern-day caliphate. With help from an odd duo -- a Saudi intelligence officer and an Israeli Mossad agent -- Brooke goes after her elusive zealot nemesis. But before the team can close in on their target, they discover that America's worst nightmare has come true. Former Speaker of the House Newt Gingrich and Pulitzer Prize finalist Pete Earley deliver fast-paced writing and a frighteningly believable plot in this third installment of the bestselling Brooke Grant series. Set against the backdrop of Washington's political intrigue, Vengeance is a heart-pounding thriller that raises serious questions about our national security, the power of religious faith to inspire good and evil, the consequences of revenge, and the validity of our constitutional safeguards.

The BMW 5 Series and X5 Jul 25 2022 BMW is a company associated with motoring firsts. The very idea of a sports sedan was merely a novelty until BMW introduced the 5 series in 1972. As BMW's "middle child," the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models such as the 6-series are also described, as are aftermarket modifications by Alpina, Hartge, and other specialist BMW tuners and speed shops. The book includes more than 200 photographs.
