*The Big Switch: Rewiring the World, from Edison to Google* Sep 10 2020 “Magisterial. . . Draws an elegant and illuminating parallel between the late-19th-century electrification of America and today’s computing world.”—Salon Hailed as “the most influential book so far on the cloud computing movement” (Christian Science Monitor), *The Big Switch* makes a simple and profound statement: Computing is turning into a utility, and the effects of this transition will ultimately change society as completely as the advent of cheap electricity did. In a new chapter for this edition that brings the story up-to-date, Nicholas Carr revisits the dramatic new world being conjured from the circuits of the “World Wide Computer.”

*Twelve Years a Slave* Jul 29 2019 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

**Michael Vey** Apr 05 2020 Michael Vey, a fourteen-year old who has Tourette's syndrome and special electric powers, finds there are others like him, and must rely on his powers to save himself and the others from a diabolical group seeking to control them.

L'annuel de l'automobile 2020 Oct 04 2022 À l'aube de sa 20e année, L'Annuel de l'automobile vit au rythme de la perpétuelle mouvance dans le monde automobile. Nous avons repensé la mise en page et ajouté de nouvelles chroniques pour être en synergie avec les nouvelles innovations automobiles.

**Schwungradspeicher in der Fahrzeugtechnik** Mar 17 2021 Schwungradenergiespeicher (Flywheel Energy Storage Systems, FESS) können als Alternative zu chemischen Batterien oder Kondensatoren in Fahrzeugen eingesetzt werden und besitzen enormes Entwicklungspotential. In diesem Buch werden FESS in einen globalen Kontext gesetzt und äußere Einflüsse wie Fahrzeug, Fahrer und Betriebsstrategie, bis hin zu sozio-psychologischen Aspekten, in Hinblick auf ihre Wechselwirkung mit dem Speicher analysiert. Daraus werden optimale Einsatzszenarien abgeleitet und die für einen Markterfolg relevanten Entwicklungsziele definiert. In einer Betrachtung des Subsystems werden jene kritischen Komponenten im FESS identifiziert, welche für das Erreichen der technischen Zieleigenschaften verantwortlich sind. Konkrete Lösungen für das Design der Schlüsselkomponenten werden generiert und deren Eignung durch empirische Untersuchungen an Gehäuse, Lagerung und Rotor sowie durch Gesamtprototypen validiert.

The Odi List May 31 2022 The hunt for the most dangerous assassin south of the Sahara is underway; unprecedented in the centuries old history of the region, an assassin who uses unconventional methods and has threatened and shaken the very foundations of public order and authority. An assassin that will not stop until the end. A In the center of it all is a young intrepid agent, who is determined to track down this killer. His mission leads him to uncover a horrible crime committed fourteen years ago in a remote village in the Niger-Delta, and the mysteries surrounding the personality of the UNSUB, and most importantly, the motive. He soon realizes that he is engaged in a battle for not just his career, but his own life hangs in the balance. As an act of desperation, the authorities appoint their most ruthless cop; Sergeant Ibrahim, a notorious no-nonsense police officer, devoid of empathy. Newly promoted, he must prove himself worthy of his new position and rank or die trying. With a combination of ruthlessness and cunning, he soon tracks down the assassin to another remote village, where the stage is being set for the assassination of the ultimate target; the president.

A Golden Fleecing Dec 14 2020 "Sarah Sweetflower has inherited Cactus Bob's Saloon in the ghost town of Elbow's Bend. It is here that she plans to open Sarah Sweetflower's Sarsaparilla Saloon and Bridal Shoppe with the help of our hero, Stanley Stoutheart. But the villainous Sly Scavenger and his accomplice, Miss Twinkle Toes, are more interested in Cactus Bob's lost gold mine. With the help of a professional gunfighter, Big Bad Granny, they attempt to do away with Sarah, only to be foiled by the town's only permanent resident, Tumbleweed, who doubles as both the town judge and constable."--Provided by publisher

*Mr. Funny Pants* Jan 03 2020 The writer and star of *The State*, *Wet Hot American Summer*, *The Baxter*, and *Michael & Michael Have Issues* brings readers his uniquely absurd humor in his hilarious first book. I was at my wit's end. I'd had enough of this job, this life, and my relationship had broken up. Should I eat chocolate, or go to India, or fall in love? Then I had a revelation: Why not do all three, in that order? And so it was that I embarked on a journey that was segmented into three parts and was then made into a major motion picture. Later, I woke up on an airplane with a hole in my face and a really bad hangover. I was ushered brusquely off the plane by my parents who took me to a rehab where I tested positive for coke, classic coke, special k (the drug), Special K (the cereal), mushrooms, pepperoni, and Restless Leg Syndrome. It was there that I first began painting with my feet. But rewind...the year was 1914. I was just a young German soldier serving in the trenches while simultaneously trying to destroy an evil ring with some help from an elf, a troll, and a giant sorcerer, all while cooking every recipe out of a Julia Child cookbook. What I'm trying to say is that there was a secret code hidden in a painting and I was looking for it with this girl who had a tattoo of a dragon! Let me clarify, it was the 1930s and a bunch of us were migrating out of Oklahoma, and I was this teenage wizard/CIA operative, okay? And, um then I floated off into the meta-verse as a ball of invisible energy that had no outer edge... Ugh, okay. None of this is true. I'm just kind of a normal guy from New Jersey who moved to New York, got into comedy, wrote this book about trying to write this book, and then moved to Alaska, became the mayor of a small town, spent \$30,000 on underwear, and now I'm going to rule the world!!!

**The Murder Run** Sep 03 2022 “King maintains his svelte, addictive style. . .”—Kirkus Reviews Never cheat a partner. Always get revenge. . . The Traveling Man takes on a quick and easy safecracking job...easy until his partners are murdered and he’s on the run. His wife is trying to settle into her new role as a rich man’s girlfriend, so she isn’t at his side. Who are these killers who are after him? And how are they connected to the government agency that wants the envelope he took from the safe? With the help of a new associate, he tracks the killers until he’s steered into a trap. They think he’s cornered, but he’s still got one ace up his sleeve. . . The Murder Run is a gritty, hard-boiled crime thriller. If you like criminal intrigue, surprising plot twists, and high-speed action, you’ll love the sixth novel in the Travelers series. Buy now to lose yourself in the Travelers’ latest scam! The Travelers crime thrillers contain profanity, violence, and sexual situations typical of the genre and similar to R rated movies.

*SPIN* Apr 29 2022 From the concert stage to the dressing room, from the recording studio to the digital realm, *SPIN* surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of *SPIN* pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, *SPIN* is your monthly VIP pass to all that rocks.

*Traffic Safety* Feb 02 2020 Traffic Safety applies the methods of science to better understand one of the world's major problems -- harm in road traffic.

**Sandworm** Mar 05 2020 "With the nuance of a reporter and the pace of a thriller writer, Andy Greenberg gives us a glimpse of the cyberwars of the future while at the same time placing his story in the long arc of Russian and Ukrainian history." —Anne Applebaum, bestselling author of *Twilight of Democracy* The true story of the most devastating act of cyberwarfare in history and the desperate hunt to identify and track the elite Russian agents behind it: "[A] chilling account of a Kremlin-led cyberattack, a new front in global conflict" (Financial Times). In 2014, the world witnessed the start of a mysterious series of cyberattacks. Targeting American utility companies, NATO, and electric grids in Eastern Europe, the strikes grew ever more brazen. They culminated in the summer of 2017, when the malware known as NotPetya was unleashed, penetrating, disrupting, and paralyzing some of the world's largest businesses—from drug manufacturers to software developers to shipping companies. At the attack's epicenter in Ukraine, ATMs froze. The railway and postal systems shut down. Hospitals went dark. NotPetya spread around the world, inflicting an unprecedented ten billion dollars in damage—the largest, most destructive cyberattack the world had ever seen. The hackers behind these attacks are quickly gaining a reputation as the most dangerous team of cyberwarriors in history: a group known as Sandworm. Working in the service of Russia's military intelligence agency, they represent a persistent, highly skilled force, one whose talents are matched by their willingness to launch broad, unrestrained attacks on the most critical infrastructure of their adversaries. They target government and private sector, military and civilians alike. A chilling, globe-spanning detective story, *Sandworm* considers the danger this force poses to our national security and stability. As the Kremlin's role in foreign government manipulation comes into greater focus, *Sandworm* exposes the realities not just of Russia's global digital offensive, but of an era where warfare ceases to be waged on the battlefield. It reveals how the lines between digital and physical conflict, between wartime and peacetime, have begun to blur—with world-shaking implications.

*Designing Web Navigation* Nov 05 2022 Thoroughly rewritten for today's web environment, this bestselling book offers a fresh look at a fundamental topic of web site development: navigation design. Amid all the changes to the Web in the past decade, and all the hype about Web 2.0 and various "rich" interactive technologies, the basic problems of creating a good web navigation system remain. *Designing Web Navigation* demonstrates that good navigation is not about technology—it's about the ways people find information, and how you guide them. Ideal for beginning to intermediate web designers, managers, other non-designers, and web development pros looking for another perspective, *Designing Web Navigation* offers basic design principles, development techniques and practical advice, with real-world examples and essential concepts seamlessly folded in. How does your web site serve your business objectives? How does it meet a user's needs? You'll learn that navigation design touches most other aspects of web site development. This book: Provides the foundations of web navigation and offers a framework for navigation design Paints a broad picture of web navigation and basic human information behavior Demonstrates how navigation reflects brand and affects site credibility Helps you understand the problem you're trying to solve before you set out to design Thoroughly reviews the mechanisms and different types of navigation Explores "information scent" and "information shape" Explains "persuasive" architecture and other design concepts Covers special contexts, such as navigation design for web applications Includes an entire chapter on tagging While *Designing Web Navigation* focuses on creating navigation systems for large, information-rich sites serving a business purpose, the principles and techniques in the book also apply to small sites. Well researched and cited, this book serves as an excellent reference on the topic, as well as a superb teaching guide. Each chapter ends with suggested reading and a set of questions that offer exercises for experiencing the concepts in action.
