The Story of Wine May 31 2020 - The ultimate history of wine by the master of the subject, an award-winning bestseller for decades now in a new edition; - New foreword by historian Andrew Roberts - Full of fascinating vignettes and side stories, a book to be read for hours or dipped into - Beautifully produced in a new flexibound volume that makes it easy to read "Who better to supply us with our first comprehensive historical survey than the wine writer with the magic pen, Hugh Johnson?" - Jancis Robinson MW Hugh Johnson has led the literature of wine in many new directions over a 60-year career. His classic *The Story of Wine* is his most enthralling and enduring work, winner of every wine award in the UK and USA. It tells with wit, scholarship and humor how wine became the global phenomenon it is today, varying from mass-produced plonk to rare bottles fetching many thousands. It ranges from Noah to Napa, Pompeii to Prohibition to Pomerol, gripping, anecdotal, personal, controversial and fun. This new edition includes Hugh's view on the changes wine has seen in the past 30 years. In his Foreword the celebrated historian Andrew Roberts writes: The genius of *The Story of Wine* derives from the fact that it is emphatically not a dry-as-dust academic history - there are dozens of those - but an adventure story, full of mysteries, art and culture.

Wine Economics Dec 06 2020 A comprehensive and interdisciplinary approach to the economics of the production, distribution, and consumption of wine. Wine economics is a growing subfield that examines the economics of the production, distribution, and consumption of wine. In this book, Stefano Castriota takes a comprehensive and interdisciplinary approach to the study of wine economics, drawing on literature from industrial organization, welfare economics, economic policy, political economy, management, finance, health economics, law, and criminology. Castriota explores how wine markets operate and how they are regulated, covering such diverse topics as the health economics of wine consumption (both the positive health effects associated with moderate wine intake and the negative effects

of alcohol abuse), the competition and profitability of wineries, the function of wine as an investment, and the quality of wine. He examines differences between the wine industries in the Old World and the New World, comparing small, family-owned wineries with larger conglomerates, and analyzes the regulation of wine in the United States versus the European Union. He concludes with a series of recommendations to ensure open and efficient wine markets while protecting public health. Originally published in Italy as *Economia del Vino*, this English translation has been extensively revised. It includes additional material focusing on the English-speaking countries of the New World, particularly the regulatory environment of the United States and the lingering effects of Prohibition. **Wine and the Vine** Jun 24 2022 Provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present, considering wine as a symbol, rich in meaning and a commercial product of great economic importance to specific regions. **Why You Like the Wines You Like** Aug 02 2020 Master of Wine and Chef Tim Hanni MW was hailed as the Wine Antisnob by the Wall Street Journal for his work in understanding consumer wine preferences and revolutionary concepts for wine and food pairing. This introductory volume for The New Wine Fundamentals wine education program is based on two decades of research by the author and many research colleagues. "Why You Like the Wines You Like; changing the way the world thinks about wine" introduces the physiological and psychological factors that shape personal wine preferences. It offers empowerment to wine drinkers at all levels and is a truly game-changing approach to the subject of the enjoyment of wine and wine with food. **Why You Like the Wine You Like** also looks at the countless myths and lore associated with wine and provides insights and an information for anyone interested in wine history. Hanni's wine and food principles were adopted last year and taught as part of the Advanced Diploma curriculum for the Wine & Spirits Educational Trust. "Wine and food pairing is has become an imaginary and metaphorical exercise with little basis in reality," Hanni says. "I am on a mission to have

everyone pair wines with the diner, not the dinner." "I have spent many hours with Tim wrestling with some of his ideas while they were still in the formative stage. It was both an exhilarating and an exhaustive experience. With a broad and deep knowledge of wine and food history as well as their complexities, he is not afraid to challenge the way things are done and suggest alternatives. He's not dogmatic in his beliefs, but he demands that conventional thinkers think again. You may not agree with all his conclusions, but I promise he will make you think." George Taber, author of the bestseller *The Judgment of Paris* and *A Guide to Bargain Wines* and former correspondent and editor for *Time* magazine

What Makes a Wine Worth Drinking Mar 21 2022 A paean to authentic wines, describing their fundamental qualities and their power to improve and enrich our lives, from "one of the wine world's most intriguing personalities" (New York Times). What makes a wine worth drinking? As celebrated wine writer Terry Theise explains in this gem of a book, answering that seemingly simple question requires us to look beyond what's in our glass to consider much bigger questions about beauty, harmony, soulfulness, and the values we hold dear. Most of all, Theise shows, what makes a wine worth drinking is its authenticity. When we choose small-scale, family-produced wine over the industrially produced stuff, or when we opt for subtle, companionable wines over noisy, vulgar ones, we not only experience their origins with the greatest possible clarity and detail--we also gain a new perspective on ourselves and the world we inhabit. In this way, artisanal wine is not only the key to good drinking; it is also the key to a good life. An unforgettable literary journey into the heart and soul of wine, *What Makes a Wine Worth Drinking* is a gift to be cherished from a writer "whose id is directly connected to his mouth" (Eric Asimov, New York Times).

The Only Wine Book You'll Ever Need Jan 19 2022 Anyone who's ever walked into a wine store and found themselves befuddled by the myriad varieties and vintages available knows that choosing the right bottle of wine isn't easy. The 24-Hour Wine Expert Aug 22 2019 Wine is now one of the most popular drinks in the world. Many wine drinkers wish they knew more about it without having to understand every detail or go on a wine course. In *The 24-Hour Wine Expert*, Jancis Robinson shares her expertise with authority, wit and approachability. From the difference between red and white, to the shape of bottles and their labels, descriptions of taste, colour and smell, to pairing wine with food and the price-quality correlation, Robinson helps us make the most of this mysteriously delicious drink.

The Essential Wine Book Sep 27 2022 A field guide to the new world of wine, featuring an overview of today's most exciting regions and easy-to-use advice on properly tasting wine, discovering under-the-radar gems, and finding the perfect bottle for any occasion. Highlighting wines from old world regions such as France, Italy, Spain, and Germany to new world wines from the United States, Australia, New Zealand, Chile, and more, *The Essential Wine Book* tells you what to drink and why. Beginning with foundational information about how wine is made, how to taste it, and how to understand terroir, wine expert and journalist Zachary Sussman then gives an overview of the most important and interesting wine regions today—both established and still emerging. For instance, the great French wines of Burgundy and Champagne are already well known, but for affordable bottles you can easily find at your local wine shop, Sussman profiles up-and-coming producers in other regions, including the Jura, Languedoc-Roussillon, and more. In a similar vein, California's Napa Valley has for decades been the source of America's most prestigious wines, but here you'll learn about other areas of the state that are gaining recognition, from Lodi to the Santa Rita Hills. You'll find user-friendly "just the highlights" notes for each region, as well as recommendations for producers and particular bottles to seek out. Diving deep into what makes each region essential and unique, this comprehensive guide gives new wine drinkers and enthusiasts alike an inside track on modern wine culture.

Drunk on the Wine of the Beloved Jul 01 2020 The Persian Sufi poet Hafiz (1326-1390) is a towering figure in Islamic literature—and in spiritual attainment as well. Known for his profound mystical wisdom combined with a sublime sensuousness, Hafiz was the supreme master of a poetic form known as the ghazal (pronounced "guzzle"), an ode or song consisting of rhymed couplets celebrating divine love. In this selection of his poems, wine and the intoxication it brings are the image that

expresses this love in all its joyful abandon, painful longing, bewilderment, and surrender. Through ninety-five free-verse renditions, we gain entry into the mystical world of Hafiz's Winehouse, with its happy minstrels, its bewitching Winebringer, and its companions in drunken longing whose hearts cry out, "More wine!" Thomas Rain Crowe brings a new dimension to our growing appreciation of Hafiz and his wise drunkard's advice to the seekers of God: In this world of illusion, take nothing other than this cup of wine; In this playhouse, don't play any games but love.

Understanding Wine Chemistry Sep 15 2021 Wine chemistry inspires and challenges with its complexity, and while this is intriguing, it can also be a barrier to further understanding. The topic is demystified in *Understanding Wine Chemistry*, which explains the important chemistry of wine at the level of university education, and provides an accessible reference text for scientists and scientifically trained winemakers alike. *Understanding Wine Chemistry*: Summarizes the compounds found in wine, their basic chemical properties and their contribution to wine stability and sensory properties Focuses on chemical and biochemical reaction mechanisms that are critical to wine production processes such as fermentation, aging, physicochemical separations and additions Includes case studies showing how chemistry can be harnessed to enhance wine color, aroma, flavor, balance, stability and quality. This descriptive text provides an overview of wine components and explains the key chemical reactions they undergo, such as those controlling the transformation of grape components, those that arise during fermentation, and the evolution of wine flavor and color. The book aims to guide the reader, who perhaps only has a basic knowledge of chemistry, to rationally explain or predict the outcomes of chemical reactions that contribute to the diversity observed among wines. This will help students, winemakers and other interested individuals to anticipate the effects of wine treatments and processes, or interpret experimental results based on an understanding of the major chemical reactions that can occur in wine.

The Finest Wines of Tuscany and Central Italy Jan 27 2020 The wines of Tuscany were famous long before Leonardo da Vinci described them as "bottled sunshine," and they are at the forefront of the remarkable renaissance of Italian wine over the past 30 years. In this groundbreaking new book, Nicolas Belfrage shares his insider's knowledge acquired as a specialist wine trader and writer. Mindful of the region's fascinating past, Belfrage brings its story up to date, discussing such subjects as geology and geography, grape varieties, and the latest research into Sangiovese, the variety used in the top wines of Chianti Classico, Brunello di Montalcino, and *Vino Nobile di Montepulciano*. He also clarifies the regulatory framework and follows the recent controversial developments in viticulture and winemaking, including the rise of the Super-Tuscans and the ongoing "Brunellogate" scandal that broke in 2008. At the heart of the book are in-depth, illustrated profiles of more than 90 of the most interesting producers, large and small, with insightful notes on the essential character of their finest wines. The author also offers a comprehensive review of vintages and selects his top 100 wines in ten different categories, while wines of special quality or value are indicated throughout.

How to Love Wine Oct 24 2019 In *How to Love Wine*, New York Times wine critic Eric Asimov examines why the American wine culture produces anxiety and suggests how readers can fearlessly develop a sense of discovery and wonder as they explore and enjoy the diversity and complexity of the world of wine. With warmth, candor, and intelligent authority, Asimov interweaves his professional knowledge and insights with engaging personal stories of his lifelong love affair with wine. In a direct, down-to-earth manner, Asimov discusses favorite vineyards, wine's singular personalities, the flaws of wine criticism, and current wine issues. Throughout, he incorporates in-depth discussions of beautiful wines, both easy to find and rare, and pays special attention to those that have been particularly meaningful to him. Thought-provoking and enjoyable, *How to Love Wine* will transform readers into true wine lovers.

Authentic Wine Aug 26 2022 "Goode and Harrop are terroirists determined to protect and preserve wine as a unique part of civilized life. Authentic Wine is both stirring manifesto and a reasoned, practical guide. Vive les terroirists!"—Mike Veseth, author of Wine Wars: The Curse of the Blue Nun, the Miracle of Two Buck Chuck and the Revenge of the Terroirists "Jamie Goode is a rarity in the wine world: a trained scientist who can explain complicated subjects without dumbing them down or coming over like a pointy head. It also helps that he's a terrific writer with a real passion for his subject."—Tim Atkin MW "It is not surprising that wine often stimulates the flow of bile - often exchanged between highly opinionated groups of wine writers, drinkers and kibbitzers, each with a different aesthetic and ideology. This book by Jamie Goode and Sam Harrop mounts a passionate defense of "natural wine" from an utterly rational perspective. They make the case that we must choose to grow grapes and make wines in a natural way, allowing the wines to achieve the greatest expression of individuality, lest we drown in an a wine-dark (possibly over-extracted) sea of sameness."--Randall Grahm, author of Been Doon So Long "Praise for Jamie Goode's The Science of Wine": "Mr. Goode has written one of the most enlightening and clearheaded wine books to appear in years. This is a wine book you'll actually read and reread."--Matt Kramer, New York Sun "Lively and provocative."--Eric Asimov, New York Times "Goode's readable prose makes even the most technical subjects accessible. For anyone interested in more than just drinking wine, this is a must read."Wine Enthusiast

A History of Wine in America, Volume 1 Feb 08 2021 "Completely fascinating, Pinney's History of Wine in America combines a myriad of facts about all the states that have endeavored to grow grapes at any time since colonial days into a readable and coherent story. The only study to approach wine through its historical aspects, it will be invaluable to wine writers who want to include historical perspectives in their articles and it will be seized upon by grape growers and wineries throughout the country who want to discover their region's historical roots in viticulture and winemaking. A significant contribution to scholarship, this book should have broad appeal."—John R. McGrew, USDA Agricultural Research Service (retired)

(Danny Meyer), "A guide that has all the answers" (Bobby Flay), "Astounding" (Thomas Keller), and "A magnificent masterpiece of wine writing" (Kevin Zraly). Like a lively course from an expert teacher, *The Wine Bible* grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil's information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and

Slovenia. And through it all the reader becomes ever more informed—and, because of the author's unique voice, always entertained: "In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin." Or, describing a Riesling: "A laser beam. A sheet of ice. A great crackling bolt of lightning."
