Finding Faith Jul 31 2022 Is there a God? - What is the relationship between faith and certainty? - Can intelligent people believe in spiritual realities? - Why are there so many religions? - Is it possible to experience a relationship with God--and if so, how? If you've asked questions like these, you're in good company. From songwriters such as Bob Dylan and Jewel Kicher to TV shows such as The X Files and Touched by an Angel, the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life. Real faith isn't blind beliefism. It is a process that engages your intellect as well as your emotions. If you think faith requires turning your back on truth and intellectual honesty, then Finding Faith is one book you really ought to read. With logic, passion, and even-handedness that the thinking person will appreciate, this book helps you face your obstacles to faith by focusing not on what to believe, but on how to believe. Whether you want to strengthen the faith you have, renew the faith you lost, or discover faith for the first time, Finding Faith can coach, inspire, encourage, and guide you, and help you discover more in life than you'd ever imagined or hoped for.

Sticky Faith Sep 01 2022 Most parents would give anything to anchor their children with a vibrant faith that "sticks" and continues to mature long-term. Yet despite this deep desire, research indicates that approximately 40-50% of high school seniors drift from their faith after graduation. In response to this problem, the Fuller Youth Institute (FYI) has launched the College Transition Project, a national longitudinal study following 400 high school seniors during their first three years in college. This provocative and needed research is geared to spark a movement that empowers parents, churches, leaders, and adults of all ages to develop robust and long-term faith in kids.

The Rule of Faith Jul 19 2021 The rule of faith was a summary of apostolic preaching and teaching made by writers of the early Christian centuries. As such it carries great importance for what the early church considered basic to its being and identity. It was not a fixed text, like a creed, but varied in wording and content according to circumstances. Yet, despite this flexibility and diversity, there is a clear Christ-centered, Trinitarian core at the heart of the rule shared by the early apostolic churches. In this short guide, Everett Ferguson introduces readers to the primary sources of our knowledge of the rule, the variety of ways in which ancient Christian authors spoke of the rule, and different scholarly attempts to interpret this ancient evidence. Ferguson argues that statements of the rule of faith were used to instruct new or potential converts, to combat false teachings, and to provide a framework for interpreting the Scriptures. He maintains that the rule retains considerable importance for churches of the twenty-first century.

The Westminster Confession of Faith Study Book Jun 05 2020 The Westminster Confession is a foundational document for countless churches worldwide. Churches of all sizes claim it as their confession, and hold to it with varying degrees of closeness.

However, how many people actually have any real knowledge of the Confession or feel it is only of relevance to their church leaders? Joey Pipa's study book is the ideal tool for all Christians who seek to gain a better understanding of their faith through exploring an integral cornerstone of Reformed Christianity. Pipa has produced an accessible, user-friendly study aid, which illuminates the Westminster Confession for all Christians, showing it is not just a document for intellectual theologians, but is as relevant in our own lives today, as when it was written. Also includes The Westminster Confession of Faith, The Larger Catechism, The Shorter Catechism, The Belgic Confession, The Heidelberg Catechism and the Canons of Dort

Exploring Psychology and Christian Faith Mar 15 2021 Introductory psychology courses can raise significant questions about the nature of being human. Christianity, with its emphasis on humans made in the image of God, has a clear perspective. Psychology offers answers too, but they are often subtly implied. This introductory guide, drawn from more than fifty years of classroom experience, provides students with a coherent framework for considering psychology from a Christian perspective. The authors explore biblical themes of human nature in relation to all major areas of psychology, showing how a Christian understanding of humans can inform the study of psychology. Brief, accessible chapters correspond to standard introductory psychology textbooks, making this an excellent supplemental text. End-of-chapter questions are included. A test bank for professors is available through Baker Academic's Textbook eSources.

The Baha'i Faith: A Guide For The Perplexed Nov 30 2019 Founded by Bahá'u'lláh in Iran in the 19th century, the Bahá'í Faith is one of the youngest of the world's major religions. Though it has over 5 million followers worldwide, it is still little understood outside of its own community. The Bahá'í Faith: A Guide for the Perplexed explores the utopian vision of the Bahá'í Faith including its principles for personal spiritual transformation and for the construction of spiritualized marriages, families, Bahá'í communities, and, ultimately, a spiritual world civilization. Aimed at students seeking a thorough understanding of this increasingly studied religion, this book is the ideal companion to studying and understanding the Bahá'í Faith, its teachings and the history of its development.

Why We Believe in God(s) Feb 23 2022 In this groundbreaking volume, J. Anderson Thomson, Jr., MD, with Clare Aukofer, offers a succinct yet comprehensive study of how and why the human mind generates religious belief. Dr. Thomson, a highly respected practicing psychiatrist with credentials in forensic psychiatry and evolutionary psychology, methodically investigates the components and causes of religious belief in the same way any scientist would investigate the movement of astronomical bodies or the evolution of life over time—that is, as a purely natural phenomenon. Providing compelling evidence from psychology, the cognitive neurosciences, and related fields, he, with Ms. Aukofer, presents an easily accessible and exceptionally convincing case that god(s) were created by man—not vice versa. With this slim volume, Dr. Thomson establishes himself as a must-read thinker and leading voice on the primacy of reason and science over superstition and religion.

A Short Guide to Praying as a Family May 05 2020 Praying together not only enriches family life but also leads the Catholic family toward its primary goal: the holiness and salvation of each member. Faith and Reason Sep 28 2019 Richard Swinburne presents a new edition of the final volume of his acclaimed trilogy on philosophical theology. Faith and Reason is a self-standing examination of the implications for religious faith of Swinburne's famous arguments about the coherence of theism and the existence of God. By practicing a particular religion, a person seeks to achieve some or all of three goals - that he worships and obeys God, gains salvation for himself, and helps others to attain their salvation. But not all religions commend worship, and different religions have different conceptions of salvation. Faced with these differences, Richard Swinburne argues that we should practice that religion which has the best goals and is more probably true than the creeds of other religions. He proposes criteria by which to determine the probabilities of different religious creeds, and he argues that, while requiring total commitment, faith does not demand fully convinced belief. While maintaining the same structure and conclusions as the original classic, this second edition has been substantially rewritten, both in order to relate its ideas more closely to those of classical theologians and philosophers and to respond to more recent views. In particular he discusses, and ultimately rejects, the view of Alvin Plantinga that the "warrant" of a belief depends on the process which produced it, and John Hick's contention that all religions offer valid paths to salvation.

Getting to the Heart of Science Communication Aug 27 2019 Scientists today working on controversial issues from climate change to drought to COVID-19 are finding themselves more often in the middle of deeply traumatizing or polarized conflicts they feel unprepared to referee. It is no longer enough for scientists to communicate a scientific topic clearly. They must now be experts not only in their fields of study, but also in navigating the thoughts, feelings, and opinions of members of the public they engage with, and with each other. And the conversations are growing more fraught. In Getting to the Heart of Science Communication, Faith Kearns has penned a succinct guide for navigating the human relationships critical to the success of practice-based science. This meticulously researched volume takes science communication to the next level, helping scientists to see the value of listening as well as talking, understanding power dynamics in relationships, and addressing the roles of trauma, loss, grief, and healing.

Faith Reads: A Selective Guide to Christian Nonfiction Jun 25 2019 At last—a resource for librarians who wish to build or develop their nonfiction collection and use it to better serve the needs of adult Christian readers. Covering the three major branches of Christianity (Roman Catholic, Protestant, and Orthodox), the author organizes more than 600 titles into subject categories ranging from biography, the arts, and education, to theology, devotion, and spiritual warfare. Award-winning classics are noted. Introductory narrative frames the literature, and helps librarians better understand Christian literature; and learn how to establish selection criteria for building a Christian nonfiction collection.

This We Believe Leader's Guide Sep 08 2020 Leader guide for eight-week small group study to help you deepen your understanding of United Methodist core beliefs. This We Believe: The Core of Wesleyan Faith and Practice by William H. Willimon For John Wesley, the Bible is the joyfully consistent testimony of God's never-ending grace and ever-seeking love. Likewise, studying the Bible is more than merely knowing what Scripture says; it is also about living every day as a child of God. Beginning with the Core Terms found in The Wesley Study Bible, author Bishop William H. Willimon systematically lays out key Wesleyan tenets of faith so that you will have a fresh way to hear God's voice, share in God's grace, and become more like Jesus Christ. Let this book be your trusted companion to the NRSV version of The Wesley Study Bible as you grow to love God with a warmed heart and serve God with active hands. The Sticky Faith Guide for Your Family Oct 02 2022 The Sticky Faith Guide for Your Unique Family addresses one of the top current concerns about youth and the church: the reality that nearly half of all young people raised in Christian families walk away from their faith when they graduate from high school. That's the bad news. But here's the good news: research also shows that parents are one of the primary influences on their child's faith. This book arises from the innovative, research-based, and extensively field-tested project known as "Sticky Faith," designed to equip parents with insights and ideas for nurturing long-term faith in children and young people. Because of the Fuller Youth Institute's six years of research with more than 500 young people, 100 churches, and 50 families, four of this guidebook's unique qualities make it a "must have" for families eager to point their young people toward long-term faith. First, it's grounded in sophisticated, academically verified data. While Dr. Powell is a parent of three children who authentically weaves her own experiences throughout the book, the chapter topics correlate with parenting principles proven in national research. Second, it is positive. Amid gloomy and theoretical resources, this book leaves parents empowered and hopeful that even little tweaks to their family rhythms can make a big difference. Third, it is practical. Readers get what they want most: more than 100 ideas from other parents they can try today, this week, or this month. Fourth, its

"guidebook" format is accessible. For busy parents who don't have time and inclination to read, this format is a welcome resource that they can return to time and time again for fresh ideas and inspiration.

Contagious Faith Study Guide plus Streaming Video Mar 27 2022 This Study Guide includes: Individual access to 6 streaming video sessions Discussion and reflection questions with video notes Personal study between sessions Leader's Guide In this new video-based training course, bestselling author and teacher Mark Mittelberg introduces you to the five Contagious Faith Styles—Friendship-Building, Selfless-Serving, Story-Sharing, Reason-Giving, and Truth-Telling—and helps you discover which of these approaches (or combination of them) will enable you to naturally share your faith in Jesus with the people around you. The Contagious Faith assessment will help you identify your primary style, along with any secondary styles you discover. It will give you next steps for developing and deploying your natural approach in order to reach others for Christ. It will also emphasize the importance of all the skill set areas discussed in the Contagious Faith book, and wherever natural it will prompt them to try out the skills discussed on the video with someone else in the group. In this way their effectiveness and confidence will grow—and with it, their potential for bearing spiritual fruit by impacting the lives of others. The six sessions in Contagious Faith can be used in small groups, classes, student ministries, and church-wide campaigns. The training videos will also include short interviews in which Mark Mittelberg will interact with five individuals who speak and use each of the 5 faith-sharing styles. Much like Mittelberg's Becoming a Contagious Christian, we see the Contagious Faith book and course becoming the standard materials churches and Christian ministries will use around the world to help their members more effectively share their faith with others.

The Heart of Faith Jun 17 2021 Catechumens and candidates will quickly learn that Jesus Christ will be their focus throughout their journey through the catechuminate. They will learn what they need to do to become Catholic too, of course, as they discern, pray, worship, break open the Word, and try to live their daily lives as followers of Christ. Nick Wagner guides catechumens and candidates through the entire process of preparing for baptism, the Rite of Election, the Scrutinies, Keeping Lent, celebrating the Triduum, baptism (or acceptance) at the Easter Vigil, and life after baptism. This is a warm and wonderful companion for parish catechumens and candidates, one they will value and treasure long after they become Catholics.

In the Dust of the Rabbi Aug 20 2021 This sixth Faith Lessons volume takes you to Galilee in Israel where Jesus called his first disciples to follow Him. Then on to Priene and Didyma in Turkey where their disciples learned what it meant to follow the Rabbi.

Handbook of Faith and Spirituality in the Workplace Jul 07 2020 While the field of management has developed as a research discipline over the last century, until the early 1990s there was essentially no acknowledgement that the human spirit plays an important role in the workplace. Over the past twenty years, the tide has begun to turn, as evidenced by the growing number of courses in academia and in corporate training, and an exponential increase in the publications emerging through creative interaction of scholars and practitioners in organizational behaviour, workplace diversity, sustainability, innovation, corporate governance, leadership, and corporate wellness, as well as contributions by psychotherapists, theologians, anthropologists, educators, philosophers, and artists. This Handbook is the most comprehensive collection to date of essays by the preeminent researchers and practitioners in faith and spirituality in the workplace, featuring not only the most current research and case examples, but visions of what will be, or should be, emerging over the horizon. It includes essays by the people who helped to pioneer the field as well as essays by up and coming young scholars. Among the questions and issues addressed: • What does it mean to be a "spiritual" organization? How does this perspective challenge traditional approaches to the firm as a purely rational, profit-maximizing enterprise? • Is faith and spirituality in the workplace a passing fad, or is there a substantial shift occurring in the business paradigm? • How does this field inform emerging management disciplines such as sustainability, diversity, and social responsibility? • In what ways are faith and spirituality in the workplace similar to progressive and innovative human resource practices. Does faith and spirituality in the workplace bring something additional to the conversation, and if so, what? The aim of The Handbook of Faith and Spirituality in the Workplace is to provide researchers, faculty, students, and practitioners with a broad overview of the field from a research perspective, while keeping an eye on building a bridge between scholarship and practice.
