The Job Jul 24 2022 This early work by Sinclair Lewis was originally published in 1917 and we are now republishing it with a brand new introductory biography. Sinclair Lewis was born in Sauk Centre, Minnesota, USA in 1885. A lonely and socially awkward child, Lewis tried unsuccessfully to run away from home, before entering Yale University in 1903. It was here that, in the Yale Courant and the Yale Literary Magazine, Lewis had his first works – mostly romantic poetry and short sketches – published. In 1920, while living in Washington D.C., Lewis had his first major success with the novel *Main Street*. Selling around two million copies within a few years, it catapulted Lewis into fame and riches, and he followed it with the critically acclaimed *Babbitt* (1922), and *Arrowsmith* (1925) – for which he received, but refused, the Pulitzer Prize.

It Can't Happen Here Apr 21 2022 'An eerily prescient foreshadowing of current affairs' Guardian 'Not only Lewis's most important book but one of the most important books ever produced in the United States' New Yorker A vain, outlandish, anti-immigrant, fearmongering demagogue runs for President of the United States - and wins. Sinclair Lewis's chilling 1935 bestseller is the story of Buzz Windrip, 'Professional Common Man', who promises poor, angry voters that he will make America proud and prosperous once more, but takes the country down a far darker path. As the new regime slides into authoritarianism, newspaper editor Doremus Jessup can't believe it will last - but is he right? This cautionary tale of liberal complacency in the face of populist tyranny shows it really can happen here.

Free Air Mar 08 2021 *Free Air* Sinclair Lewis - Fame was just around the corner when Sinclair Lewis published *Free Air* in 1919, a year before *Main Street*. The latter novel zeroed in on the town of Gopher Prairie; the former stopped there briefly and then took the reader by automobile in search of America. *Free Air* heads toward a West that was brimming with possibilities for suddenly mobile Americans at the end of a world war. The vehicle in Lewis's novel, not a Model T but a Gomez-Dep roadster, takes Claire Boltwood and her father from Minnesota to Seattle, exposing them all to the perils of early motoring. On the road, the upper-crust Boltwoods are at once more insignificant and more noble. The greatest distance to be overcome is the social one between Claire and a young mechanic named Milt, who, with a cat as his traveling companion, follows close behind. If *Free Air* anticipates many of the themes of Lewis's later novels, it also looks forward to a genre that includes John Steinbeck's *Travels with Charley* and Josh Greenfeld and Paul Mazursky's *Harry and Tonto*. And the character of Claire, blazing her own trail across the West, looks back to the nineteenth-century pioneer woman and ahead to the independent-minded movie heroines played by Katherine Hepburn.

The Minnesota Stories of Sinclair Lewis Mar 20 2022 Sinclair Lewis, the first American to win the Nobel Prize for Literature, applied subversive satire and razor wit in his portrayals of American life. Born and raised in Sauk Centre, Minnesota, he was one of the earliest writers to attack the myth of the noble, happy, American small town. *Main Street*, which he described as his "first novel to rouse the embattled peasantry," was praised and reviled--and immensely popular. This initial success was followed by such accomplished books as *Babbitt*, *Arrowsmith*, *Elmer Gantry*, and *Dodsworth*, classics that today hold a prominent place in the American canon. Among the best of Lewis's works were short stories that he wrote for the popular magazines of the day. *The Minnesota Stories of Sinclair Lewis* collects the finest of these stories, acerbic tales set in Minnesota that reflect his favorite themes: local boosterism, the plight of strong women, native fascism, the grip of materialism. Lewis inserts himself as a character in two tales: he travels to *Main Street*'s Gopher Prairie, where he talks to Dr. Will Kennicott, and to

Babbitt's Zenith, where George Babbitt gives him a piece of his mind. Two of these stories have never been published, and six have not been reprinted since they first appeared. Wickedly funny and surprisingly fresh, these stories offer a unique look at one of the most important American writers of the twentieth century.

Becoming Sinclair Lewis May 10 2021 "How do we become who we are anyway?" asks Sinclair Lewis biographer Richard Lingeman in his Foreword to this fresh look at the early life and young adulthood of the first American to win the Nobel Prize for Literature. "How did a skinny, voluble, dreamy, acne-complexioned, paprika-haired, Yale-educated country doctor's son named Harry Lewis from Sauk Centre, Minnesota, become the world-class American author Sinclair Lewis?" To answer this question, Dave Simpkins, Lewis scholar and newspaper publisher from Sauk Centre, spent ten years researching and writing on this passion until his untimely death in 2018. That's when his close friend, Jim Umhoefer, agreed to pick up the baton to facilitate the completion and publication of the book. Another of Dave's friends, Sally Parry of the Sinclair Lewis Society, enlisted the help of Lewis scholars from around the country to pore over the text to ensure its authenticity. The result is an engaging, readable examination of the chapters of young Harry's life, from his prairie village youth to the dawn of his world-wide literary ascendance with the publication of his breakthrough novel, "Main Street."

Elmer Gantry Jul 12 2021 Sinclair Lewis' world-famous satire of religious hypocrisy and the excesses of the Roaring '20s. Universally recognized as a landmark in American literature, Elmer Gantry scandalized readers when it was first published,

causing Sinclair Lewis to be “invited” to a jail cell in New Hampshire and to his own lynching in Virginia. His portrait of a golden-tongued evangelist who rises to power within his church—a saver of souls who lives a life of duplicity, sensuality, and ruthless self-indulgence—is also the record of a period, a reign of grotesque vulgarity, which but for Lewis would have left no trace of itself. *Elmer Gantry* has been called the greatest, most vital, and most penetrating study of hypocrisy that has been written since the works of Voltaire. With an introduction by Jason Stevens

The Job Apr 09 2021 American writer Sinclair Lewis was interested in the social implications of the aggressive brand of capitalism that began to emerge in the U.S. the early twentieth century. In *The Job*, he focuses on the rising stature of women in the workforce, detailing the triumphs and travails of a young woman named Una Golden, who discovers that she has an inborn talent for real estate -- and that she must fight against the nearly overwhelming chauvinism in the industry to stake her claim.
