**Job 1-20, Volume 17** Jun 19 2021 The Word Biblical Commentary delivers the best in

biblical scholarship, from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Overview of Commentary Organization Introduction—covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes: Pericope Bibliography—a helpful resource containing the most important works that pertain to each particular pericope. Translation—the author’s own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author’s notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to

the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research.

Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues. General

Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary. *Environmental Engineers' Handbook, Second Edition* Nov 05 2022 Protecting the global environment is a single-minded goal for all of us. *Slave Stealers* May 07 2020 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the

riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to

slave traders; and Harriet Jacobs--a teacher for us all.

[Finding Poland](#) Sep 30 2019 Following the partitioning of Poland by Germany and the Soviet Union in 1939, Matthew Kelly's great grandmother and her two daughters were deported to the East. Thus began an extraordinary ordeal that took them, and many thousands like them, on a journey stretching from Siberia to Pakistan, and beyond. Their male relatives endured a parallel journey; arrested, exiled, and held as prisoners of war. Countless numbers were summarily executed by the Red Army. They saw the steppe, they were put to work in labour camps, they built sections of the trans-Siberian railway, they cleared forests, they toiled on collective farms. They knew hunger, exhaustion, disease and death. Persecuted by the Soviet Union, Poland was to become its unexpected ally following the German invasion in 1941. A new Polish army, 'The Anders Army' was assembled in Palestine. For a brief moment, in Kazakhstan, families were reunited, before being evacuated; to India, to Britain, to Mexico and East Africa; and from there, across the world. The experiences of these Poles had consequences far reaching and enduring, both to Poland, to Polish identity,

and to the families that survived; reverberating through generations. These incredible stories remain largely untold. In *Finding Poland* Matthew Kelly embarks on a journey through his ancestor's footsteps, travelling through places they lived, and landscapes they survived, to provide an account of these extraordinary people and their unique history. Part memoir, history and travel book, it is also a profound meditation on the experience of displacement and exile, of the impact of such seismic disruption, and the deep legacies such trauma bequeaths.

**The Crooked Mirror** Mar 05 2020 A lyrical literary memoir that explores the exhilarating, discomfiting, and ultimately healing process of Polish-Jewish reconciliation taking place in Poland today “I’d grown up with the phrase ‘Never forget’ imprinted on my psyche. Its corollary was more elusive. Was it possible to remember—at least to recall—a world that existed before the calamity?” In the winter of

2000, Louise Steinman set out to attend an international Bearing Witness Retreat at Auschwitz-Birkenau at the invitation of her Zen rabbi, who felt the Poles had gotten a “bum rap.” A bum rap? Her own mother could not bear to utter the word “Poland,” a country, Steinman was taught, that allowed and perhaps abetted the genocide that decimated Europe’s Jewish population, including members of her own extended family. As Steinman learns more about her lost ancestors, though, she finds that the history of Polish-Jewish relations is far more complex. Although German-occupied Poland was the site of horrific Jewish persecution, Poland was for centuries the epicenter of European Jewish life. After the war, Polish-Jewish relations soured. For Poles under Communism, it was taboo to examine or discuss the country’s Jewish past. Among Jews in the Diaspora, there was little acknowledgment of the Poles’ immense suffering during its dual occupation. Steinman’s research leads her to her grandparents’ town of Radomsko, whose eighteen thousand Jews were deported or shot during the Nazi occupation. As she delves deeper into the town’s and her family’s history, Steinman discovers a prewar past where a lively community of Jews and Catholics lived shoulder to shoulder, where a Polish Catholic painted the blue ceiling of the Radomsko synagogue, and a Jewish tinsmith roofed the spires of the Catholic church. She also uncovers untold stories of Poles who rescued their Jewish neighbors in Radomsko and helps bring these

heroes to the light of day. Returning time and again to Poland over the course of a decade, Steinman finds Poles who are seeking the truth about the past, however painful, and creating their own rituals to teach their towns about the history of their lost Jewish neighbors. This lyrical memoir chronicles her immersion in the exhilarating, discomfoting, sometimes surreal, and ultimately healing process of Polish-Jewish reconciliation.
