[Metric Pattern Cutting for Children's Wear and Babywear](#) May 05 2022 This fourth edition of Metric Pattern Cutting for Children's Wear and Babywear remains the standard text book but has three major improvements. First, the sections have been re-organised to reflect changes in producing and marketing children's clothes. Today's popularity of easy-fitting styles and knitted means that basic 'flat' pattern cutting is used to construct the majority of children's wear and babywear and this type of cutting is therefore emphasised in this new edition. Shaped block garments, cut to fit the body form, are still included, and are placed in chapters covering some school uniform garments or more expensive fashion or formal clothes. The book now clearly the sections useful to student beginners (Parts One, Two and Three), and also offers more advanced or specialist sections for students who wish to pursue a career in children's wear or working in the different manufacturing sectors of the trade. The second change in this fourth edition is the introduction of colour coding to the sections; this makes it easier to identify processes in the book and enhances the illustrations. Finally, the size charts have been revised to reflect the changes in body sizing. The clear division of the boys' and girls' measurements charts has been in response to the way clothes are marketed and to co-ordinate with European size charts. 'Plus' charts for heavier children have also been added.

Heathen Soul Lore Foundation Feb 13 2021 [B&W version] Heathen Soul Lore Foundations presents a living spiritual landscape, rooted in ancient Germanic languages and understanding, offered for modern Heathens to explore and use in their own spiritual practice. This book also presents an approach for identifying and exploring ancient concepts of 'what a soul is' that may be to followers of other branches of historically based modern Paganism, and to scholars of comparative religion. Linguistic analysis, literature, folklore, comparative religion, anthropology, esoteric and philosophical approaches are used to analyze old Germanic-language words relating to 'the soul'. The following souls, identified through this process, are thoroughly reviewed: Ferah, Al Ghost, Hama, Aldr, Mod, Hugn, Sefa, and Saiwalo. Both scholarly and inspirational perspectives are taken, intended to stimulate both intellectual and imaginative exploration of these soul-c and the world-view which opens out from them. This Ebook is richly illustrated, in order to stimulate engagement of the imagination in comprehending these abstract entities and their contexts. // Review by Diana L. Paxson, author of "Essential Asatru: Walking the Path of Norse Paganism": "Since she first sent me the article on "Heathen Full-Souls" for Idunna: A Journal of Northern Tradition in 2006, I have been fascinated by Winifred Hodge Rose's development of the concept of the souls as an interactive system. I am delighted to see the full presentation of years of patient research and contemplation becoming available at last. In Winifred's hands, philology becomes a spiritual adventure, as words from the old Germanic languages reveal new into who we are and our place in the spiritual universe." // Review by John Michael Greer, author of "A World Full of Gods": "Winifred Rose has done an excellent job of gathering and synthesizing material about Heathen soul lore from a wide range of disparate sources. The resulting book is a scholarly, thorough resource that belongs on the bookshelf of every Heathen everyone interested in the subject." // Review by Cat Heath, author of "Elves, Witches & Gods: Spinning Old Heathen Magic in the Modern Day": "There's a wonderful shaping and hope-bringing quality to the work here that I think will play a key role in helping to move Heathenry towards something deep and infinitely satisfying. It's really hard to overstate the impact this book can have."

[A Passion for Poison](#) Oct 04 2022 The incredible crimes of Britain's most notorious schoolboy serial killer, Graham Young, as told by the bestselling and much-respected true crime author of Murders at White House Farm. There are few criminal cases more astonishing yet less well known than that of Graham Young. A quintessentially British crime story set in the post-war London suburbs, it involves two sensational trials, murders both certain and probable, a clutch of forgiving relatives, and scores of surviving victims. Fourteen in the summer of 1962, Graham stood on Old Bailey dock charged with poisoning a schoolfriend and family members by adding antimony to their packed lunches, Sunday roast and morning cups of tea. Diagnosed with multiple personality disorders, Graham's trial resulted in his detainment at Broadmoor, where he was the youngest patient. But it was on his release from Broadmoor that Graham caused the greatest harm. In employment in Hadlads, a photographic supplies firm, his role as junior storeman meant he was expected to make tea and coffee for his colleagues. And very soon, numerous members of staff began experiencing crippling stomach pains... A psychologically astute insight into the mind of a complex and intriguing individual, A Passion for Poison is true crime at its best. Praise for Graham Young: "Ann Lee Somebody's Mother, Somebody's Daughter: Victims and Survivors of the Yorkshire Ripper 'My book of the year... the first time the stories of the women who came into the sights of this notorious serial killer Peter Sutcliffe have been told, and it gives voice to their families... deeply poignant' - Lynda La Plante One of Your Own: The Life & Death of Myra Hindley 'Scrupulously unsensational and as good a biography of Hindley as we'll get' - Sunday Times

[Working It Out](#) Sep 10 2020 Ruby Matthews has a plan. Twelve jobs in twelve months, until she finds the one of her dreams..After an unexpected redundancy, Ruby begins to question her priorities. Inspired by a quote from Kahlil Gibran about loving your work, she launches her mission to find the ideal job.Her year of gainful (and sometimes painful) employment includes narrow clients in the South of France; dealing with embarrassing ailments in a Harley Street Clinic; waiting tables in a buzzy Soho cafe; and meeting the celebs of years gone by in a home for actors. And even though love is no longer top of her list, relationships just seem to start happening along the way - which sees her handing out some P45s of her own!But will any of the jobs she meets, see her dreams come true? Or will Ruby just end up back where she started?

[The Buried Giant](#) Oct 12 2020 The Romans have long since departed, and Britain is steadily declining into ruin. But at least the wars that once ravaged the country have ceased. The Buried Giant begins as a couple, Axl and Beatrice, set off across a troubled land of mist and rain in the hope of finding a son they have not seen for years. They expect to face many hazards - some strange other-worldly - but they cannot yet foresee how their journey will reveal to them dark and forgotten corners of their love for one another.

[An Antietam Veteran's Montana Journey](#) Oct 24 2021 In this recently unearthed memoir, Civil War veteran James Howard Lowell offers a firsthand account of his brutal journey west on a wagon train attacked by Indian Dog Soldiers. The Boston Yank staggers snow blind through a Laramie Plains blizzard to reach Salt Lake City, where he meets Brigham Young. In Montana, he joins an old forty-niner to work a mining claim, practices "tomahawk jurisprudence" in Fort Benton and builds a mackinaw to head downriver through Deadman Rapids to trade with the Crow and the Ventre tribes. Lowell's great-great-granddaughter edits this tale populated with colorful characters, narrow escapes and important historical events, such as the Baker Massacre. It features Lowell's letters to his sweetheart and Civil War correspondence.

[Winifred Wagner](#) Aug 02 2022 This is the first major unbiased biography of the First Lady of Hitler's Bayreuth. Born Winifred Williams in 1897, she was adopted, aged nine, by distant relatives

Berlin. In 1915, the eighteen-year-old Winifred married into the Wagner family when they needed an heir to secure the Wagner heritage and the festival site at Bayreuth. In 1923, Hitler made a pilgrimage to Wagner's grave in Bayreuth. So began a close, lifelong friendship between 'Winnie' and 'Wolf'. She became a founder member of the Nazi party and from 1933 the town of Bayreuth at festival time was the centre of the German political world. Drawing on previously untapped sources, this book presents a portrait of an extraordinary woman, as well as revealing glimpses of 'private Hitler', offering the best insight yet into his relationship with Bayreuth and its central place in twentieth-century German history.

Hidden Figures Jan 03 2020 Based on the New York Times bestselling book and the Academy Award-nominated movie, author Margot Lee Shetterly and illustrator Laura Freeman bring the incredibly inspiring true story of four black women who helped NASA launch men into space to picture book readers! Dorothy Vaughan, Mary Jackson, Katherine Johnson, and Christine Darden were good at math...really good. They participated in some of NASA's greatest successes, like providing the calculations for America's first journeys into space. And they did so during a time when being black and a woman limited what they could do. But they worked hard. They persisted. And they used their genius minds to change the world. In this beautifully illustrated picture book edition, we explore the story of four female African American mathematicians at NASA, known as "colored computers," and how they overcame gender and racial barriers to succeed in a highly challenging STEM-based career. "Finally, the extraordinary lives of four African American women who helped NASA put the first men in space is available for picture book readers," proclaimed brightly in their article "18 Must-Read Picture Books of 2018." "Will inspire girls and boys alike to love math, believe in themselves, and reach for the stars."

The Bible and Modern British Drama May 19 2021 The Bible and Modern British Drama: 1930 to the Present Day is the first full-length study to explore how playwrights in the modern period have adapted popular biblical stories, such as Abraham and Isaac, Moses and the Exodus from Egypt, and the life and death of Jesus, for the stage. The book offers detailed and accessible interpretations of the work of well-known dramatists such as Christopher Fry, Howard Brenton, and Steven Berkoff, alongside the work of writers whose plays have been neglected in recent criticism, such as James Bridie and Laurence Housman. The drama is analysed within the context of changes in religious belief and practice over the course of the modern period in Britain, comparing plays that approach the Bible from a traditional religious perspective with those that offer alternative viewpoints on the text, including the voices of gay, feminist, black, Jewish, and Muslim dramatists. In doing so, the author offers a broad and in-depth exploration that is grounded in current scholarship, ranging from the past to present, across boundaries of race and class. An ideal for students, researchers, and general readers interested in understanding how the Bible has served as an important source text for British playwrights in the twentieth and twenty-first centuries, *The Bible and Modern British Drama* shows how Bible-based drama has been influential in creating and disseminating ideas of what constitutes a "good" life, both on an individual and a social level.

Takin' It to the Streets Apr 05 2020 The fourth edition of "Takin' it to the streets" revises the comprehensive collection of primary documents from the 1960s that has become the leading source about the era. Adopted nationwide, this anthology brings together representative writings, many of which had been unavailable for years or had never been reprinted. Drawn from mainstream sources, little-known sixties periodicals, pamphlets, public speeches, and personal voices, the selections range from the Port Huron Statement and the NOW Bill of Rights to speeches by Martin Luther King, Richard Nixon, Robert Kennedy, and Ronald Reagan, to private letters from civil rights workers and Vietnam soldiers. Introductions and headnotes by the editors highlight the importance of particular documents, relating them to each other and placing them within the broader context of the decade. The book focuses on civil rights, Black Power, the counterculture, the women's movement, anti-war activity, gay and lesbian struggles, and the conservative current that ran counter to more typical sixties movements. These include both topics that fell outside the domain of the media and those that made front-page news. Covering an extremely popular period of history, "Takin' it to the streets" remains the most accessible and authoritative reader of an extraordinary decade, one unlike any America had seen before or has experienced since. New to This Edition * A new section on John F. Kennedy, including Norman Mailer's 1960 assessment of JFK * New selections on Medgar Evers, Malcolm X, and the Underground Press * A new chapter of assessments and on the legacy of the 1960s, including articles by Howard Zinn, Fred Moten, Arthur Schlesinger, and Michael Kazin

New Women in the Old West Apr 05 2020 A riveting history of the American West told for the first time through the pioneering women who used the challenges of migration and settlement to advocate for their rights, and transformed the country in the process. Between 1840 and 1910, hundreds of thousands of men and women traveled deep into the uncharted American West, lured by the prospect of adventure and opportunity, and galvanized by the spirit of Manifest Destiny. Alongside this rapid expansion of the United States, a second, overlapping social shift was taking place: survival in a settler society busy building itself from scratch required two equally hardworking partners, compelling women to compromise eastern sensibilities and take on some of the same responsibilities as their husbands. At a time when women had very few legal or economic--much less political--rights, these women soon proved they were just as men to westward expansion. Their efforts to attain equality by acting as men's equals paid off, and well before the Nineteenth Amendment, they became the first American women to vote in the mid-nineteenth century, the fight for women's suffrage was radical indeed. But as the traditional domestic model of womanhood shifted to one that included public service, the women of the West were becoming not only coproviders for their families but also town mothers who established schools, churches, and philanthropies. At a time of few economic opportunities elsewhere, they claimed their own homesteads and graduated from new, free coeducational colleges that provided career alternatives to marriage. In 1869, the men of the Wyoming Territory gave women the right to vote--partly to persuade more of them to move west--but with this victory in hand, western suffragists fought relentlessly until the rest of the region followed suit. By 1914 most women could vote--a right still denied to women in every eastern state. In *New Women in the Old West*, Winifred Gallagher brings to life the riveting history of the little-known women--the White women and Asian settlers, and the Native Americans and Hispanics they displaced--who played monumental roles in one of America's most transformative periods. Like western history in general, the record of women's crucial place at the intersection of settlement and suffrage has long been overlooked. Drawing on an extraordinary collection of research, Gallagher weaves together the legacy of the persistent individuals who not only created homes on weather-wracked prairies and built communities in muddy mining camps, but also played a vital, unrecognized role in the women's rights movement and forever redefined the "American woman."

Citizenship after Orientalism Jan 15 2021 This edited volume presents a critique of citizenship as exclusively and even originally a European or 'Western' institution. It explores the ways in which we may begin to think differently about citizenship as political subjectivity.

The Power of Place May 31 2022 Are New Yorkers and Californians so different because they live in such different settings? Why do some of us prefer the city to the country? How do urban settings increase crime? Why do we feel better after an experience in nature? In this fascinating and enormously entertaining book, Winifred Gallagher explores the complex relationships between people and the places in which they live, love, and work. Drawing on the latest research on behavioral and environmental science, *THE POWER OF PLACE* examines our reactions to light, temperature, the seasons, and other natural phenomena, and explores the interactions between our external and internal worlds. Gallagher's broad and dynamic definition of place includes mountaintops and the womb, Alaska's hinterlands and Manhattan's subways, and she relates these settings to everything from creativity to PMS, jet lag to tales of UFOs. Full of complex information made totally accessible, *THE POWER OF PLACE* offers the latest insights into the many ways we can change our lives by changing the places we live.

Hub Nov 24 2021 ONE TURKEY FARM, FIVE WILD COLLEAGUES AND A BARN FULL OF MYSTERY When jilted crime writer August Saunders returns from London to her roots in rural Wiltshire, she feels lost and lacking in inspiration. Determined to reignite her writing mojo, she responds to an advert for a shared workspace in a converted barn. At the Hub, with its ill-equipped gym, inedible catering and motley array of fellow users, including a matchmaker more interested in her own conquests and a TikTokker with a dodgy nocturnal sideline, August is confronted with real-life mystery to solve. Why is Max Ronson, the handsome but volatile owner of the Hub, so evasive about his past? And who or what is he hiding on the premises? She is determined to find out, but will her curiosity snuff out the spark of romance? Nicola May mixes mischief with mystery in a fast-paced rural romp which will make Futtingbrook Farm as beloved a location as Ferry Market or Cockleberry Bay. Perfect for fans of Beth O'Leary, Sarah Morgan, Jill Mansell and Cathy Bramley.

Becoming Hitler: The Making of a Nazi Sep 22 2021 The story of the making of Adolf Hitler that we are all familiar with is the one Hitler himself wove in his 1924 trial, and then expanded upon in *Mein Kampf*. It tells of his rapid emergence as National Socialist leader in 1919, and of how he successfully rallied most of Munich and the majority of Bavaria's establishment to support his beer-hall putsch of 1923. It is an account which has largely been taken at face value for over ninety years. Yet, on closer examination, Hitler's account of his experiences in the years immediately following the First World War turns out to be every bit as unreliable as his account of his experiences as a soldier during the war itself. In *Becoming Hitler*, Thomas Weber continues from where he left off in his previous book, *Hitler's First War*, stripping away the layers of myth and fabrication in Hitler's own tale to tell the real story of Hitler's politicization and radicalization in post-war Munich. It is the gripping account of how an awkward and unemployed loner with virtually no recognizable leadership qualities and fluctuating political ideas turned into the charismatic, self-assured, virulently anti-Semitic leader with an all-or-nothing approach to politics with whom the world was soon to become tragically familiar. As Weber clearly shows, far from the picture of a fully-formed political leader which Hitler wanted to portray in *Mein Kampf*, his ideas and priorities were still very uncertain and largely undefined in early 1919 -- and they continued to shift until 1923. It was the failed Ludendorff putsch of November 1923 -- and the subsequent Ludendorff trial -- which was to prove the making of Hitler. And he was not simply an opportunist that it offered. As the movers and shakers of Munich's political scene tried to blame everything on him in the course of the trial, Hitler was presented with a golden opportunity to present himself at the centre of attention, turning what had been the 'Ludendorff trial' into the 'Hitler trial'. Henceforth, he would no longer be merely a local Bavarian political leader. From now on he would present himself as a potential 'national saviour'. In the months after the trial, Hitler cemented this myth by writing *Mein Kampf* from his comfortable prison cell. His years of metamorphosis were now behind him. His years as Führer were soon to come.

Introduction to Sociology: Canadian Version Oct 07 2020 While providing a rock-solid foundation of sociology, *Introduction to Sociology: Canadian Version*, by renowned sociologists George Ritzer and Neil Guppy, illuminates traditional sociological concepts and theories, as well as some of today's most compelling social phenomena: Globalization, consumer culture, and the Internet. Ritzer and Guppy bring students into the conversation by bridging the divide between the outside world and the classroom. The international version of the book by Ritzer has been redesigned with an explicitly Canadian core. The result is this compelling Canadian version featuring George Ritzer's distinctive voice and style blended with Neil Guppy's definitive views on Canadian sociology--highlighting the place of Canada in a globalizing world.

It Takes One to Tango Jan 19 2021 With a focus on self-empowerment and resilience, this refreshing and witty relationship guide has a reassuring counterintuitive message for unhappy spouses: you only need one partner to initiate far-reaching positive change in a marriage. Conventional wisdom says that "it takes two" to turn a troubled marriage around and that both partners must be committed to change. So when couples can't agree on how--or whether--to make their marriage better, many give up or settle for a less-than-satisfying marriage (or think that the only way out is divorce). Fortunately, there is an alternative. "What distinguishes Reilly's book is that she says a warring couple don't have to agree on the goal of staying together; it takes one person to change the goal."

changing, not both, to make a marriage work" (The New York Times). Marriage and family therapist Winifred Reilly has this message for struggling partners: Take the lead. Doing so is effective—and powerful. Through Reilly's own story of reclaiming her now nearly forty-year marriage, along with anecdotes from many clients she's worked with, you'll learn how to: -Focus on your own behaviors and change them in ways that make you feel good about yourself and your marriage -Take a firm stand for what truly matters to you without arguing, cajoling, or resorting to threats -Identify the "big picture" issues at the basis of your repetitive fights—and learn how to unhook from them -Be less reactive, especially in the face of your spouse's provocations -Draw on your strength and stamina to be the sole agent of change Combining psychological theory, practical advice, and personal narrative, It Takes One to Tango is a "wise and uplifting" (Dr. Elyn R. Saks, Director of The Couples Institute) guide that will empower those who choose to take a bold, proactive approach to creating a loving and lasting marriage.

A Cultural History of Objects in the Modern Age 03 2022 A Cultural History of Objects in the Modern Age covers the period 1900 to today, a time marked by massive global changes in production, transportation, and information-sharing in a post-colonial world. New materials and inventions - from plastics to the digital to biotechnology - have created unprecedented scale and disruption, shifting and blurring the categories and meanings of the object. If the 20th century demonstrated that humans can be treated like things whilst things can become ever more human, where will the 21st century take us? The 6 volume set of the Cultural History of Objects examines how objects have been created, used, interpreted and set loose in the world over the last 100 years. Over this time, the West has developed particular attitudes to the material world, at the centre of which is the idea of the object. The themes covered in each volume are objects of technology; economic objects; everyday objects; art; architecture; bodily objects; object worlds. Laurie A. Wilkie is Professor at the University of California-Berkeley, USA. John M. Chenoweth is Associate Professor at the University of Michigan-Dearborn, USA. Volume 6 in the Cultural History of Objects set. General Editors: Dan Hicks and William Whyte

Miss Pettigrew Lives for a Day 12 2020 Miss Pettigrew, a governess looking for work, is sent by mistake to the home of Delysia LaFosse, a glamorous nightclub singer involved with three very different men and is invited to stay after offering Miss LaFosse common sense advice about her love life.

Pascal Passio Dec 14 2020 Shepford Stacey is an unassuming little village, its greatest asset being its small but excellent Church of England Primary School. This delightfully old-fashioned story of the establishment of only two classes, one of infants, the other of juniors, has been run by the same pair of ladies for decades. It is in the year that the headmistress, Audrey Finch-Matthews, retires that the smooth running of this long-established educational establishment is interrupted by murder. When Detective Inspector Harry Falconer and Detective Sergeant Davey Carmichael of Market Darley Police arrive to investigate, they discover a host of motives, both past and present, and grudges that reach right back through the years. As the Easter weekend grinds inexorably its way, Death stalks the village again, and it suddenly becomes imperative that the murderer is caught before there are more fatalities. Falconer soon realises that this is not the work of an opportunistic psychopath passing through, but of someone within the small community itself, taking lives at will, and there is no indication that the slaughter will stop here.

Dreaming of Freedom in South Africa Feb 25 2022 Assembles for the first time the many different texts imagining the future after the end of apartheid Explores the history of how the future of South Africa after the end of apartheid was imagined Provides the first literary-cultural history of South African speculative fiction Studies the literary-political cultures of the five major traditions of South African anti-colonial/ anti-segregationist/ anti-apartheid thought Focusing on well-known and obscure literary texts from the 1880s to the 1970s, as well as the many manifestations of these traditions in programmes setting out visions of the future, this book charts the dreams of freedom of five major traditions of anti-colonial and anti-apartheid resistance: the African National Congress, the Industrial and Commercial Workers Union, the Communist Party of South Africa, the Non-European Unity Movement and the Pan-Africanist Congress. More than an exercise in historical excavation, Dreaming of Freedom in South Africa raises challenging questions for the post-apartheid present.

Monkey Beach Jul 29 2019 In a novel set in Canada, on the Haisla reservation of Kitimaat, a young Native American woman's visions facilitate a journey of self-discovery that will take her to the heart of her troubled society.

Sylvia & Aki Jul 21 2021 Young Sylvia Mendez never expected to be at the center of a landmark legal battle. Young Aki Munemitsu never expected to be sent away from her home and her life she knew it. The two girls definitely never expected to know each other, until their lives intersected on a Southern California farm in a way that changed the country forever. Who are Sylvia and Aki? And why did their family stories matter then and still matter today? This book reveals the remarkable, never-before-told story—based on true events—of Mendez vs. Westminster School District, the California court case that desegregated schools for Latino children and set the stage for Brown vs. Topeka Board of Education at the national level.
