The End Nov 22 2021 A substantial percentage of conservative Christians already believe that the signs of the Apocalypse are everywhere, and almost daily witness what they believe to be fulfillment of Biblical end-times prophecies. Yet, significant numbers of quite sincere, earnest Bible believers have for the last 2,000 years looked at the conditions in the world around them and, based on their interpretation of scripture, concluded that the jig was up. And they've all been wrong. Every single time. But what if, just maybe, ours is the final generation? Can we know for certain that we have arrived at the End of Days? God's Clock There is a clock in the heavens. God placed knowledge of this clock into the minds of men in the earliest days of civilization. It was practically universal across the millennia among all peoples and nations. In modern times, we have forgotten this knowledge. We have become too busy and distracted for such things. Now, God is re-awakening this ancient wisdom in our hearts and minds in a profound way, at this specific time in history for a very significant reason, the ultimate reason. Time's Up As S.K. Bain adroitly explains, God has very plainly told us that NOW is the time, and told us in such an unmistakable and convincing way that it will not only confirm the faithful's existing beliefs about where we are on God's timeline, but will also attract the interest and attention of unbelievers, as well. If Bain is correct, it is a message of hope, a message intended for us, at this precise moment in human history, designed so that all may see, all may know, all may understand and believe. This world must pass so that God's new world may emerge. The last grain of sand is about to pass through the neck of the hour glass, and God is telling us what time it is, that time has run out.

Saskatchewan Aug 27 2019 "Authoritative, well-written... brilliant." -- The Globe and Mail "Waiser's history tells the full, often gritty story of how politicians tried to carve a grid of European settlement, almost overnight, onto the wild Western steppe... Yet he does not shy away from the harsher truths: the systematic attempt to extinguish aboriginal culture along with the bison; how women had to wait until 1979 to receive full property rights under law; or that farming culture began to die almost as quickly as it was born." -- Canadian Geographic Bill Waiser leaves no stone unturned as he records the events and stories of the people who experienced them: from the province's earliest days when anything seemed possible through the years of the Great Depression, when the prospect of greatness seemed all but lost and to the second half of the century, when an intense, at times bitter debate raged over how best to govern Saskatchewan. Relying on the most up-to-date historical research available, Waiser offers new perspectives on traditional views and tackles previously neglected, often difficult, concepts and events.

Potash May 05 2020 In Saskatchewan, politics and potash are continuously, inextricably intertwined. The province is the largest single producer of potash on earth, accounting for about a quarter of the world's total production. The industry has played a significant role in the provincial economy for over 40 years and continues to contribute to Saskatchewan's growth. Recoverable reserves of potash are well over 100 billion tons. With global markets currently in upheaval, Potash explores the interface between politics and the industry, the question of returns to the people of the province, and considers new developments that portend changes to the existing state of affairs. Written by an insider who helped nationalize the industry in the 1970s, John Burton expertly integrates behind-the-scenes accounts of the major players, archival material, and interview sources to produce a book that "cuts through the bull" and adds to our understanding of the world's greatest fertilizer.

*Love by Night* Jan 25 2022 More of a story than a collection of poetry, *Love by Night* will whisk you away from your world and into the dreamy romantic night. *Love by Night* begins with anxious hesitation and nervous attraction, grows into tender affection, blossoms into passionate love, delves deep into whimsical dreams, and finally builds an image of an idyllic future together, as the reader develops along with the two characters of this poetic story. Written as a conversation between two points of view in constant change and flux with each other, this book invites the reader into the conversation about the love that connects one person to another, but also all of us to each other. Through this written testament to the emotional journeys books can take us on, S. K. Williams breaks down stereotypes, sexism, relationship roles, and brings awareness to mental health, grief, anxiety, depression, how to move forward, how to love in a healthy way, and, most of all, how to love yourself when it feels impossible.

*Refugee Tales* Mar 03 2020 Two unaccompanied children travel across the Mediterranean in an overcrowded boat that has been designed to only make it halfway across... A 63-year-old man is woken one morning by border officers 'acting on a tip-off' and, despite having paid taxes for 28 years, is suddenly cast into the detention system with no obvious means of escape... An orphan whose entire life has been spent in slavery – first on a Ghanaian farm, then as a victim of trafficking – writes to the Home Office for help, only to be rewarded with a jail sentence and indefinite detention... These are not fictions. Nor are they testimonies from some distant, brutal past, but the frighteningly common experiences of Europe's new underclass – its refugees. While those with 'citizenship' enjoy basic human rights (like the right not to be detained without charge for more than 14 days), people seeking asylum can be suspended for years in Kafka-esque uncertainty. Here, poets and novelists retell the stories of individuals who have direct experience of Britain's policy of indefinite immigration detention. Presenting their accounts anonymously, as modern day counterparts to the pilgrims' stories in Chaucer's *Canterbury Tales*, this book offers rare, intimate glimpses into otherwise untold suffering.

*Frankie San* Apr 03 2020 This is Frankie San's story. Born in Tokyo to a Buddhist family, Frankie San's childhood was marked by sickness and quarantine, parental divorce, and fighting for Japan in WWII at 14 years of age. Experiencing major depression, he tried to end his life – but God had a better plan. Light filled Frankie San's heart and soul after an American missionary introduced him to Jesus Christ. Through miraculously opened doors, Frankie San traveled to the United States to attend seminary. He overcame cultural and language barriers and prayed for direction for his future. Direction came in the form of busses filled with prisoners. When Frankie learned where the busses took their prisoners, he surprised the director with his request to visit the prison and perplexed him when he wanted to remain. What happened next was incredible love confirmed by action, as Frankie literally believed and followed through on those famous words from Scripture: Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me (Matthew 25:40). Frankie San's life and testimony is unique, heartwarming, and inspiring. You'll be challenged to love those who can give nothing back, to truly trust Christ as you follow Him, and to persevere despite overwhelming odds. If it's not too late for prisoners on death row, it's not too late for you and me. Follow me, said Jesus, and I will make you fishers of men.

Misfit in Love Mar 27 2022 In this fun and fresh sequel to Saints and Misfits, Janna hopes her brother's wedding will be the perfect start to her own summer of love, but attractive new arrivals have her more confused than ever. Janna Yusuf is so excited for the weekend: her brother Muhammad's getting married, and she's reuniting with her mom, whom she's missed the whole summer. And Nuah's arriving for the weekend too. Sweet, constant Nuah. The last time she saw him, Janna wasn't ready to reciprocate his feelings for her. But things are different now. She's finished high school, ready for college...and ready for Nuah. It's time for Janna's (carefully planned) summer of love to begin—starting right at the wedding. But it wouldn't be a wedding if everything went according to plan. Muhammad's party choices aren't in line with his fiancée's taste at all, Janna's dad is acting strange, and her mom is spending more time with an old friend (and maybe love interest?) than Janna. And Nuah's treating her differently. Just when things couldn't get more complicated, two newcomers—the dreamy Haytham and brooding Layth—have Janna more confused than ever about what her misfit heart really wants. Janna's summer of love is turning out to be super crowded and painfully unpredictable.
