Play It Again, Sam Oct 04 2020 This title was originally published in 1998. Play It Again, Sam is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies: the cinematic remake. As cinema enters its second century, more remakes are appearing than ever before, and these writers consider the full range: Hollywood films that have been recycled by Hollywood, such as *The Jazz Singer*, *Cape Fear*, and *Robin Hood*; foreign films including *Breathless*; and *Three Men and a Baby*, which Hollywood has reworked for American audiences; and foreign films based on American works, among them Yugoslav director Emir Kusturica's *Time of the Gypsies*, which is a "makeover" of Coppola's *Godfather* films. As these essays demonstrate, films are remade by other films (Alfred Hitchcock went so far as to remake his own *The Man Who Knew Too Much*) and by other media as well. The editors and contributors draw upon narrative, film, and cultural theories, and consider gender, genre, and psychological issues, presenting the "remake" as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace. The remake flourishes at the crossroads of the old and the new, the known and the unknown. Play It Again, Sam takes the reader on an eye-opening tour of this hitherto unexplored territory. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1998.

Will Oct 16 2021 The Instant Sunday Times Bestseller The Instant #1 New York Times Bestseller PRAISE FOR WILL 'The best memoir I ever read' Oprah Winfrey 'If you read one book this year, make it this one' Jay Shetty 'Incredible' Idris Elba 'The book is awesome. So candid and considered...fascinating' Chris Evans 'A triumph...really inspiring, so well written, vulnerable and deep. I highly recommend it' Mindy Kaling 'It's fantastic...very moving' Zoe Ball 'Incredibly honest...inspiring' Greg James 'A wild ride' New York Times 'Raw, comedic, inspirational' GQ One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a fearful child in a tense West Philadelphia home to one of the biggest rap stars of his era and then one of the biggest movie stars in Hollywood history, with a string of box office successes that will likely never be broken, is an epic tale of inner transformation and outer triumph, and Will tells it astonishingly well. But it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one exceptional man mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself. 'Bracingly honest, vivid and compelling ... how an average talent became the biggest movie star in the world' The Times 'The Hollywood star's autobiography is full of indiscretions, drug-fuelled escapades and terrible parenting. Who could ask for more?' Telegraph 'It's not every day a Hollywood A-lister like Will Smith writes his life story - and there are certainly some eye-popping revelations' Sun 'Candid ... digs into the life events which fine-tuned Smith's weapons-grade charisma and steely determination' Observer 'I absolutely loved it...no holds barred...I felt as if Will Smith was talking to me. It's a testament to him and to his family' Lorraine Kelly

Candide Sep 15 2021 *Candide* by Voltaire from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "Do you believe," said Candide, "that men have always massacred each other as they do to-day, that they have always been liars, cheats, traitors, ingrates, brigands, idiots, thieves, scoundrels, gluttons, drunkards, misers, envious, ambitious, bloody-minded, calumniators, debauchees, fanatics, hypocrites, and fools?" Do you believe," said Martin, "that hawks have always eaten pigeons when they have found them?" — Voltaire, *Candide* *Candide* is a young man who is raised in wealth to be an optimist but when he is forced to make his own way in the world, his assumptions and outlook are challenged.

Dogsong Feb 08 2021 In the old days there were songs... Something is bothering Russel Susskit. He hates waking up to the sound of his father's coughing, the smell of diesel oil, the noise of snow machines starting up. Only Oogruk, the shaman who owns the last team of dogs in the village, understands Russel's longing for the old ways and the songs that celebrated them. But Oogruk cannot give Russel the answers he seeks; the old man can only prepare him for what he must do alone. Driven by a strange, powerful dream of a long-ago self and by a burning desire to find his own song, Russel takes Oogruk's dogs on an epic journey of self-discovery that will change his life forever.

Madrigal's Magic Key to Spanish Apr 10 2021 Learn the basics of the Spanish language with this easy-to-use guide featuring original illustrations by Andy Warhol—from one of America's most prominent language teachers. Read, write, and speak Spanish in only a few short weeks! Even the most reluctant learner will be astonished at the ease and effectiveness of Margarita Madrigal's unique method of teaching a foreign language. Completely eliminating rote memorization and painfully boring drills, *Madrigal's Magic Key to Spanish* is guaranteed to help you: • Learn to speak, read, and write Spanish quickly and easily • Convert English into Spanish in an instant • Start forming sentences after the very first lesson • Identify thousands of Spanish words within a few weeks of study • Travel to Spanish-speaking countries with confidence and comfort • Develop perfect pronunciation, thanks to a handy pronunciation key With original black and white illustration by Andy Warhol, *Madrigal's Magic Key to Spanish* will provide readers with a solid foundation upon which to build their language skills.

The American Yawp Sep 22 2019 "I too am not a bit tamed--I too am untranslatable / I sound my barbaric yawp over the roofs of the world."--Walt Whitman, "Song of Myself," *Leaves of Grass* *The American Yawp* is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students--an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. *The Yawp* highlights the dynamism and conflict inherent

in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Reading and Dyslexia in Different Orthographies Jan 19 2022 Offers an insight into research in different orthographies. This title presents cross-language comparisons to provide insights into universal aspects of reading development and developmental dyslexia.

Never Trust a Teacher—Fight to Make Things Right Feb 26 2020 This book is dedicated to good teachers everywhere. Human nature dictates that from time to time, even the best of teachers may make mistakes. When they are made aware of such aberrations, good teachers will recognize and repair them. They will, at a moments notice, set things right with their students. Bad teachers will refuse to acknowledge blunders and will engage in cover ups. Parents and caregivers need to be mindful that they may run into bad teachers anywhere, in any time period, who may be guilty of the same sins. Of necessity then, in defense of their children, parents and caregivers must be the watch dogs, the whistle blowers, and the prime movers for bringing about meaningful change. In her book, *Battle Hymn of the Tiger Mother*, Amy Chua has set forth seven driving principals by which she governed her children. Her fifth rule is ... (5) if your child ever disagrees with a teacher or coach, you must always take the side of the teacher or coach; ..." [Chua A. (2011). New York, NY: PENGUIN BOOKS, P. 5.] My advice states the contrary, and I offer convincing, concrete examples as to why you should Never Trust a Teacher! Remember to FLIP the book over to find Twenty--Two Timeless Tips to Trump the System. Before being critical of teachers, parents must prepare their children to be ideal students when they arrive at school. In this supplement to the larger book, I offer fundamental guidelines for parents and caregivers as they begin their childrearing years and gradually ease their children into the world of public school, always remembering that Literacy and Love Go Hand in Hand.

Precalculus Aug 02 2020 Precalculus is adaptable and designed to fit the needs of a variety of precalculus courses. It is a comprehensive text that covers more ground than a typical one- or two-semester college-level precalculus course. The content is organized by clearly-defined learning objectives, and includes worked examples that demonstrate problem-solving approaches in an accessible way. Coverage and Scope Precalculus contains twelve chapters, roughly divided into three groups. Chapters 1-4 discuss various types of functions, providing a foundation for the remainder of the course. Chapter 1: Functions Chapter 2: Linear Functions Chapter 3: Polynomial and Rational Functions Chapter 4: Exponential and Logarithmic Functions Chapters 5-8 focus on Trigonometry. In Precalculus, we approach trigonometry by first introducing angles and the unit circle, as opposed to the right triangle approach more commonly used in College Algebra and Trigonometry courses. Chapter 5: Trigonometric Functions Chapter 6: Periodic Functions Chapter 7: Trigonometric Identities and Equations Chapter 8: Further Applications of Trigonometry Chapters 9-12 present some advanced Precalculus topics that build on topics introduced in chapters 1-8. Most Precalculus syllabi include some of the topics in these chapters, but few include all. Instructors can select material as needed from this group of chapters, since they are not cumulative. Chapter 9: Systems of Equations and Inequalities Chapter 10: Analytic Geometry Chapter 11: Sequences, Probability and Counting Theory Chapter 12: Introduction to Calculus

¡Avancemos! Oct 28 2022 Transports students beyond the classroom on an exciting journey through the diverse Spanish-speaking world. The perfect blend of culture, instruction and interaction enables and motivates students to succeed. Units are built around countries and cities. Relevant instruction is based on multi-tiered differentiation in presentation, practice, and assessments.

U.S. History Jun 12 2021 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Most Dangerous Game Jan 07 2021 From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (The Telegraph). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —Criterion
