Debriefing Dec 17 2021 A collection of one of our most powerful intellectual's short fiction Debriefing collects all of Susan Sontag's shorter fiction, a form she turned to intermittently throughout her writing life. The book ranges from allegory to parable to autobiography and shows her wrestling with problems not assimilable to the essay, her more customary mode. Here she catches fragments of life on the fly, dramatizes her private griefs and fears, lets characters take her where they will. The result is

a collection of remarkable brilliance, versatility, and charm. Sontag's work has typically required time for people to catch up to it. These challenging works of literary art—made more urgent by the passage of years—await a new generation of readers. This is an invaluable record of the creative output of one of the most inquisitive and analytical thinkers of the twentieth century at the height of her power. **Snobbery** Oct 03 2020 Observations on the many ways we manage to look down on others, from "a writer who can make you laugh out loud on every third page" (The New York Times Book Review). Snobs are everywhere. At the gym, at work, at school, and sometimes even lurking in your own home. But how did we, as a culture, get this way? With dishy detail, Joseph Epstein skewers all manner of elitism as he examines how snobbery works, where it thrives, and the pitfalls and perils in thinking you're better than anyone else. Offering arch observations on the new footholds of snobbery, including food,

fashion, high-achieving children, schools, politics, being with-it—whatever “it” is—name-dropping, and much more, Epstein explores the shallows and depths of a concept that has become part of our everyday lives . . . for better or worse. “Smart, witty, perceptive . . . and almost always—in the best sense of the word—entertaining,” Snobbery provides the ultimate social commentary on arrogance in America (TheWashington Post Book World). It’s a book you shouldn’t be caught dead without.

Illness as Metaphor and AIDS and Its Metaphors

Feb 07 2021 In 1978 Sontag wrote *Illness As Metaphor*. A cancer patient herself at the time, she shows how the metaphors and myths surrounding certain illnesses, especially cancer, add greatly to the suffering of the patients and often inhibit them from seeking proper treatment. By demystifying the fantasies surrounding cancer, Sontag shows cancer for what it is - just a disease. Cancer is not a curse, not a punishment, certainly not an embarrassment, and highly curable, if good treatment is found early enough. Almost a decade later, with the outbreak of a new, stigmatised disease replete with mystifications and punitive metaphors, Sontag wrote *Aids and its Metaphors*, extending the argument of the earlier book to the AIDS pandemic.

Susan Sontag Oct 15 2021 Drawing on newly available sources and interviews with those closest to her, an intimate portrait of one of America's first celebrity intellectuals, who was also known as a filmmaker, stage director and dramatist, explores the many roles she played in influencing American cultural and political conversations.

Sontag Apr 28 2020 WINNER OF THE 2020 PULITZER PRIZE FOR BIOGRAPHY Selected as a Book of the Year 2019 by the SPECTATOR, TELEGRAPH, NEW STATESMAN and FINANCIAL TIMES 'Definitive and delightful' Stephen Fry 'There can be no doubting the brilliance - the sheer explanatory vigour - of Moser's biography... a triumph of the virtues of seriousness and truth-telling that Susan Sontag espoused' New Statesman The definitive portrait of one of the twentieth century's most towering figures: her writing and her radical thought, her public activism and her private face Susan Sontag was our last great literary star. Her

brilliant mind, political activism and striking image made her an emblem of the seductions - and the dangers - of the twentieth-century world. Her writing on art and politics, feminism and homosexuality, celebrity and style, medicine and drugs, Fascism and Freudianism, Communism and Americanism, reflected the conflicted meanings of a most conflicted word: modernity. She was there when the Cuban Revolution began and the Berlin Wall came down, in Vietnam under American bombardment, in wartime Israel. Sontag tells these stories and examines the work upon which her reputation was based, exploring the private woman hidden behind the formidable public face. Drawing on hundreds of interviews conducted from Maui to Stockholm and from Manhattan to Sarajevo - and featuring nearly one hundred images, many never seen before - Sontag is the first book based on the writer's restricted archives, and on access to many people who have never before spoken about her, including Annie Leibovitz. It is an indelible portrait of one of the twentieth century's greatest thinkers, who lived one of that century's most romantic - and most anguished - lives.

Under the Sign of Saturn Feb 19 2022 Susan Sontag's third essay collection brings together her most important critical writing from 1972 to 1980. In these provocative and hugely influential works she explores some of the most controversial artists and thinkers of our time, including her now-famous polemic against Hitler's favourite film-maker, Leni Riefenstahl, and the cult of fascist art, as well as a dazzling analysis of Hans-Jürgen Syberberg's *Hitler, a Film from Germany*. There are also highly personal and powerful explorations of death, art, language, history, the imagination and writing itself.

Susan Sontag Apr 09 2021 This first biography of Susan Sontag (1933-2004) is now fully revised and updated, providing an even more intimate portrayal of the influential writer's life and career. The authors base this revision on Sontag's newly released private correspondence--including emails--and the letters and memoirs of those who knew her best. The authors reveal as never before her early years in Tucson and Los Angeles, her conflicted relationship with her mother, her longing for her absent father, and

her precocious achievements at the University of California, Berkeley, and the University of Chicago. Papers, diaries, and lecture notes, many accessible for the first time, spark a passionate fire in this biography. The authors follow Sontag as she abruptly ends an early first marriage, establishes herself in Paris, and embraces the open lifestyle she began as a teenager in Berkeley. As a single mother she struggled with teaching at Columbia University and other colleges while aiming for a career as a novelist and essayist. Eventually she made her own way in New York City after acquiring her one and only publisher, Farrar, Straus & Giroux. In her later years Sontag became a world figure, a tastemaker, dramatist, and political activist who risked her life in besieged Sarajevo. Love affairs with men and women troubled her. Diagnosed with cancer, she responded with determination, and her experience with illness inspired some of her best writing. This biography shows Sontag always craving "more life" at whatever cost and depicts her harrowing final decline even as she resisted terminal cancer. Susan Sontag: The Making of an Icon, Revised and Updated presents in candid and stark relief a new assessment of a heroic and controversial figure.

On Photography May 30 2020 Winner of the National Book Critics' Circle Award for Criticism. One of the most highly regarded books of its kind, "On Photography" first appeared in 1977 and is described by its author as " a progress of essays about the meaning and career

of photographs." It begins with the famous " In Plato' s Cave" essay, then offers five other prose meditations on this topic, and concludes with a fascinating and far-reaching " Brief Anthology of Quotations."

At the Same Time Jun 11 2021 At the Same Time contains sixteen illuminating essays by Susan Sontag. With a preface by David Rieff. The Penguin Book of the Modern American Short Story Sep 02 2020 A selection of the best and most representative contemporary American short fiction from 1970 to 2020, including such authors as Ursula K. LeGuin, Toni Cade Bambara, Jhumpa Lahiri, Sandra Cisneros, and Ted Chiang, hand-selected by celebrated editor and anthologist John Freeman In the past fifty years, the American short story has changed dramatically. New voices, forms, and mixtures of

styles have brought this unique genre a thrilling burst of energy. The Penguin Book of the Modern American Short Story celebrates this avalanche of talent. This rich anthology begins in 1970 and brings together a half century of powerful American short stories from all genres, including—for the first time in a collection of this scale—science fiction, horror, and fantasy, placing writers such as Ursula K. Le Guin, Ken Liu, and Stephen King next to some beloved greats of the literary form: Raymond Carver, Grace Paley, Chimamanda Ngozi Adichie, and Denis Johnson. Culling widely, John Freeman, the former editor of *Granta* and now editor of his own literary annual, brings forward some astonishing work to be regarded in a new light. Often overlooked tales by Dorothy Allison, Percival Everett, and Charles Johnson will recast the shape and texture of today's enlarging atmosphere of literary dialogue. Stories by Lauren Groff and Ted Chiang raise the specter of engagement in ecocidal times. Short tales by Tobias Wolff, George Saunders, and Lydia Davis rub shoulders with near novellas by Susan Sontag and Andrew Holleran. This book will be a treasure trove for readers, writers, and teachers alike.

The Man Who Would Marry Susan Sontag

Oct 23 2019 Long before Stonewall, young Air Force veteran Edward Field, fresh from combat in WWII, threw himself into New York's literary bohemia, searching for fulfillment as a gay man and poet. In this vivid account of his avant-garde years in Greenwich Village and the bohemian outposts of Paris's Left Bank and Tangier—where you could write poetry, be radical, and be openly gay—Field opens the closet door to reveal, as never been seen before, some of the most important writers of his time. Here are young, beautiful Susan Sontag sitting at the feet of her idol Alfred Chester, who shrewdly plotted to marry her; May Swenson and her two loves; Paul and Jane Bowles in their ambiguous marriage; Frank O'Hara in and out of bed; Fritz Peters, the anointed son of Gurdjieff; and James Baldwin, Isabel Miller (Patience and Sarah), Tobias Schneebaum, Robert Friend, and many others. With its intimate portraits, Field's memoir brings back a forgotten era—postwar bohemia—bawdy, comical, romantic, sad, and heroic.

The Upstairs Wife Jun 18 2019 A memoir of Karachi through the eyes of its women An Indies Introduce Debut Authors Selection For a brief moment on December 27, 2007, life came to a standstill in Pakistan. Benazir Bhutto, the country's former prime minister and the first woman ever to lead a Muslim country, had been assassinated at a political rally just outside Islamabad. Back in Karachi—Bhutto's birthplace and Pakistan's other great metropolis—Rafia Zakaria's family was suffering through a crisis of its own: her Uncle Sohail, the man who had brought shame upon the family, was near death. In that moment these twin catastrophes—one political and public, the other secret and intensely personal—briefly converged. Zakaria uses that moment to begin her intimate exploration of the country of her birth. Her Muslim-Indian family immigrated to Pakistan from Bombay in 1962, escaping the precarious state in which the Muslim population in India found itself following the Partition. For them, Pakistan represented enormous promise. And for some time, Zakaria's family prospered and the city prospered. But in the 1980s, Pakistan's military dictators began an Islamization campaign designed to legitimate their rule—a campaign that particularly affected women's freedom and safety. The political became personal when her aunt Amina's husband, Sohail, did the unthinkable and took a second wife, a humiliating and painful betrayal of kin and custom that shook the foundation of Zakaria's family but was permitted under the country's new laws. The young Rafia grows up in the shadow of Amina's shame and fury, while the world outside her home turns ever more chaotic and violent as the opportunities available to post-Partition immigrants are dramatically curtailed and terrorism sows its seeds in Karachi. Telling the parallel stories of Amina's polygamous marriage and Pakistan's hopes and betrayals, *The Upstairs Wife* is an intimate exploration of the disjunction between exalted dreams and complicated realities.

Styles of Radical Will Jun 23 2022 This collection of essays contains some of the most important pieces of criticism of the twentieth century, including the classics 'The Aesthetics of Silence', a brilliant account of language, thought and consciousness, and 'Trip to Hanoi', written

during the Vietnam War. Here too is an excoriating account of America's identity and future, a robust and surprising discussion of pornography and other richly rewarding writings on art, film, literature and politics.

By a lovelorn May 10 2021 *By A Lovelorn* is a collection of poetry and prose that talks about the ups and downs of love. It was written by the author during the cruel times she experienced when loving someone and most of the pieces in the book are about a love that was given but never returned. The book has 200 pieces subdivided inside four chapters named as follows: "a confession", "an unknown hunger", "an endless longing" and "a promise". The pieces are grouped according to what they talk about and are categorized within the said four chapters. Most of the pieces included in the book are proses written by the author five or six years ago when she first met the boy she talked about in every piece inside the book. Every line written by the author were based on a true and tragic love story that she experienced years ago. According to the author, she was in the most vulnerable state she ever did while writing the entire collection. *By A Lovelorn* is a real rollercoaster of emotions, filled with vulnerable and raw pieces that will touch all the readers' hearts and let them know that unrequited love is real and how painful it is to experience that kind of love at times like this. It will also deepen the belief of people that even if it was painful, there is always a way out as long as you will not give up in finding the road towards a new beginning.

Trip to Hanoi Sep 21 2019 "In May of 1968, Susan Sontag visited Hanoi. The report of her trip is neither a political treatise nor a travelogue, but a sensitive observer's response to a world totally foreign to the Western mind. During her trip, Susan Sontag discovered her preconception of North Vietnam and it's people had little relevance to the actual situation. By reassessing her own point of view, Miss Sontag creates a startling picture of life in Hanoi"--Page

Death Kit Mar 20 2022 First published in 1967, *Death Kit* is a classic of modern fiction. Blending realism and dream, Susan Sontag's second novel offers a passionate exploration of the recesses of the American conscience. The novel is a narrative of the suffering of Dalton 'Diddy' Harron, told through his own observations. He works in advertising for a microscope manufacturer, is thirty-three and divorced and a month ago tried to commit suicide. The haphazard events of his life, including killing a railway worker and falling in love with a blind girl, are brought to us through the lens of Diddy's own mind. We follow him through his journey to justify his actions and exorcise his inner demons, but we can see what is happening to Diddy only from inside his head, in the present, and the balance of his mind does not always bear close scrutiny.

Notes on Camp Jan 26 2020 'The ultimate Camp statement: it's good because it's awful.' These two classic essays were the first works of criticism to break down the boundaries between 'high' and 'low' culture, and made Susan Sontag a literary sensation. Penguin Modern: fifty new books celebrating the pioneering spirit of the iconic Penguin Modern Classics series, with each one offering a concentrated hit of its contemporary, international flavour. Here are authors ranging from Kathy Acker to James Baldwin, Truman Capote to Stanislaw Lem and George Orwell to Shirley Jackson; essays radical and inspiring; poems moving and disturbing; stories surreal and fabulous; taking us from the deep South to modern Japan, New York's underground scene to the farthest reaches of outer space.

In America Sep 26 2022 The story of *In America* is inspired by the emigration to America in 1876 of Helena Modrzejewska, Poland's most celebrated actress, accompanied by her husband, Count Karol Chlapowski, her fifteen-year-old son, Rudolf, the young journalist and future author of *Quo Vadis*, Henryk Sienkiewicz, and a few friends; their brief sojourn in Anaheim, California; and Modrzejewska's subsequent triumphant career on the American stage under the name Helena Modjeska.

Susan Sontag Dec 25 2019 A study of the American essayist and literary critic, Susan

Sontag, which explores the foundations and direction of her work and examines in turn her achievements as a reviewer, film-maker, analyst of culture and author of such books as Notes on Camp and Illness as Metaphor.

I, Etcetera Jul 12 2021 In eight stories, this singular collection of short fiction written over the course of ten years explores the terrain of modern urban life. In reflective, telegraphic prose, Susan Sontag confronts the reader with exposed workings of an impassioned intellect in narratives seamed with many of the themes of her essays - the nature of knowing, our relationship with the past and the future in an alienated present.

The Benefactor Sep 14 2021 The Benefactor is Susan Sontag's first book and first novel. It was originally published in 1963, and introduced a unique writer to the world. In the form of a memoir by a latter-day Candide named Hippolyte, The Benefactor leads us on a kind of psychic Grand Tour, in which Hippolyte's violently imaginative dream life becomes indistinguishable from his surprising experiences in the 'real world'.

As Consciousness Is Harnessed to Flesh Nov 23 2019 This, the second of three volumes of Susan Sontag's journals and notebooks, begins where the first volume left off, in the middle of the 1960s. It traces and documents Sontag's evolution from fledgling participant in the artistic and intellectual world of New York City to world-renowned critic and dominant force in the world of ideas with the publication of the groundbreaking Against Interpretation in 1966. As Consciousness is Harnessed to Flesh follows Sontag through the turbulent years of the 1960s—from her trip to Hanoi at the peak of the Vietnam War to her time making films in Sweden—up to 1981 and the beginning of the Reagan era. This is an invaluable record of the inner workings of one of the most inquisitive and analytical thinkers of the twentieth century at the height of her power. It is also a remarkable document of one individual's political and moral awakening.

Reborn Aug 01 2020 'In the journal I do not just express myself more openly than I could do to any person; I create myself.' Intimate, vulnerable and unsparing, Reborn bears witness to the evolution of Susan Sontag. With entries dating

from 1947-1963, the first instalment from Susan Sontag's diaries charts her ascension from early adolescence to her early thirties. Unabashed, though thoroughly self-reflective, Sontag's diaries reveal the inner workings of her mind, her insecurities and her passions. This compelling account of the evolution of America's greatest post-war intellectual allows us to behold the moral and political awakening of the artist and critic. 'An exceptionally vivid, and often moving, account of a young woman's painful journey towards acceptance of her own nature.' Sunday Telegraph 'Moving on several levels . . . thrilling . . . fascinating . . . often reads like a brilliant postmodern bildungsroman' New York Magazine 'One can feel Sontag's mind beginning to ripen and bloom, and the full force of the intellectual originality that would be her hallmark emerging' The Guardian

Dreaming in French Nov 16 2021 Looks at how the magical city of Paris, France, changed the lives and outlooks of three notable American women. By the author of The Collaborator: The Trial & Execution of Robert Brasillach.

Interpreting Susan Sontag's Essays Mar 28 2020 Interpreting Susan Sontag's Essays: Radical Contemplative offers its readers a scholarly examination of her essays within the context of philosophy and aesthetic theory. This study sets up a dialogue between her works and their philosophical counterparts in France and Germany, including the works of Hannah Arendt, Jacques Derrida, Roland Barthes, and Walter Benjamin. Artists and concepts discussed in relation to Sontag's essays include the works of Andy Warhol, Pop Art, French New Wave Cinema, the music of John Cage, and the cinematic art of Robert Bresson, Leni Riefenstahl, Ingmar Bergman, and Jean-Luc Godard. Her aesthetic formalism is compared with Harold Bloom, and this is the first volume to examine her late works and their position within the American events of 9/11/01 and the War on Terror(ism).

Regarding the Pain of Others Aug 13 2021 Regarding the Pain of Others is Susan Sontag's searing analysis of our numbed response to images of horror. From Goya's Disasters of War to news footage and photographs of the conflicts in Vietnam, Rwanda and Bosnia, pictures have been charged with inspiring dissent, fostering

violence or instilling apathy in us, the viewer. Regarding the Pain of Others will alter our thinking not only about the uses and meanings of images, but about the nature of war, the limits of sympathy, and the obligations of conscience. 'Powerful, fascinating. Sontag is our outstanding contemporary writer in the moralist tradition' Sunday Times 'A coruscating sermon on how we picture suffering' The New York Times 'A far-reaching set of ruminations on human suffering, the nature of goodness, the lures, deceptions and truth of images . . . in short, a summary of what it means to be alive and alert in the twentieth century' Independent 'Sontag is on top form: firing devastating questions' Los Angeles Times 'Simple, elegant, fiercely persuasive' Metro One of America's best-known and most admired writers, Susan Sontag was also a leading commentator on contemporary culture until her death in December 2004. Her books include four novels and numerous works of non-fiction, among them Regarding the Pain of Others, On Photography, Illness as Metaphor, At the Same Time, Against Interpretation and Other Essays and Reborn: Early Diaries 1947-1963, all of which are published by Penguin. A further eight books, including the collections of essays Under the Sign of Saturn and Where the Stress Falls, and the novels The Volcano Lover and The Benefactor, are available from Penguin Modern Classics.

Madeleine Is Sleeping Jul 24 2022 A National Book Award Finalist, Sarah Shun-lien Bynum's enchanting and inventive first novel is a groundbreaking, contemporary classic When a girl falls into a mysterious, impenetrable sleep, the borders between her provincial French village and the peculiar, beguiling realm of her dreams begin to disappear: A fat woman sprouts delicate wings and takes flight; a failed photographer stumbles into the role of pornographer; a beautiful young wife grows to resemble her husband's viol. Madeleine, the dreamer, travels in their midst, trying to make sense of her own metamorphosis. She leaves home, joins a gypsy circus, and falls into an unexpected triangle of desire and love. Embracing the earthy and the ethereal, the comical and the poignant, *Madeleine Is Sleeping* is part fairy tale, part coming-of-age story, and above all, an adventure in the discovery of art,

sexuality, community, and the self.

The Volcano Lover Apr 21 2022 A historical romance, Sontag's book is based on the lives of Sir William Hamilton, his wife, Emma, and Lord Nelson in the final decades of the eighteenth century. Passionately examining the shape of Western civilization since the Age of Enlightenment, Sontag's novel is an exquisitely detailed picture of revolution, the fate of nature, art and love.

The Scandal of Susan Sontag Aug 21 2019 Susan Sontag (1933-2004) spoke of the promiscuity of art and literature—the willingness of great artists and writers to scandalize their spectators through critical frankness, complexity, and beauty. Sontag's life and thought were no less promiscuous. She wrote deeply and engagingly about a range of subjects—theater, sex, politics, novels, torture, and illness—and courted celebrity and controversy both publicly and privately. Throughout her career, she not only earned adulation but also provoked scorn. Her living was the embodiment of scandal. In this collection, Terry Castle, Nancy K. Miller, Wayne Koestenbaum, E. Ann Kaplan, and other leading scholars revisit Sontag's groundbreaking life and work. Against Interpretation, "Notes on Camp," Letter from Hanoi, On Photography, Illness as Metaphor, I, Etcetera, and The Volcano Lover—these works form the center of essays no less passionate and imaginative than Sontag herself. Debating questions raised by the thinker's own images and identities, including her sexuality, these works question Sontag's status as a female intellectual and her parallel interest in ambitious and prophetic fictional women; her ambivalence toward popular culture; and her personal and professional "scandals." Paired with rare photographs and illustrations, this timely anthology expands our understanding of Sontag's images and power.

Freud Jun 30 2020 Now a classic, this book was hailed upon its original publication in 1959 as "An event to be acclaimed . . . a book of genuine brilliance on Freud's cultural importance . . . a permanently valuable contribution to the human sciences."—Alastair MacIntyre, Manchester Guardian "This remarkably subtle and substantial book, with its nicely ordered sequences of skilled dissections and refined

appraisals, is one of those rare products of profound analytic thought. . . . The author weighs each major article of the psychoanalytic canon in the scales of his sensitive understanding, then gives a superbly balanced judgement."—Henry A. Murray, *American Sociological Review* "Rieff's tremendous scholarship and rich reflections fill his pages with memorable treasures."—Robert W. White, *Scientific American* "Philip Rieff's book is a brilliant and beautifully reasoned example of what Freud's influence has really been: an increasing intellectual vigilance about human nature. . . . What the analyst does for the patient—present the terms for his new choices as a human being—Mr. Rieff does in respect to the cultural significance of Freudianism. His style has the same closeness, the same undertone of hypertense alertness. Again and again he makes brilliant points."—Alfred Kazin, *The Reporter*

Susan Sontag Nov 04 2020 'One of my oldest crusades is against the distinction between thought and feeling, which is really the basis of all anti-intellectual views: the heart and the head, thinking and feeling, fantasy and judgment ...and I don't believe it's true...I have the impression that thinking is a form of feeling and that feeling is a form of thinking.' Susan Sontag, one of the most internationally renowned and controversial intellectuals of the latter half of the twentieth century, still provokes. In 1978 Jonathan Cott, a founding contributing editor of *Rolling Stone* magazine, interviewed Sontag first in Paris and later in New York. Only a third of their twelve hours of discussion ever made it to print. Now, more than three decades later, Yale University Press is proud to publish the entire transcript of Sontag's remarkable conversation, accompanied by Cott's preface and recollections. Sontag's musings and observations reveal the passionate engagement and breadth of her critical intelligence and curiosities at a moment when she was at the peak of her powers. Nearly a decade after her death, these hours of conversation offer a revelatory and indispensable look at the self-described 'besotted aesthete' and 'obsessed moralist'.

Sempre Susan Jan 18 2022 From the author of *The Friend*, winner of the 2018 National Book Award. "The masterpiece of the 'I knew Susan' minigenre" - A.O. Scott, *The New York Times* A poignant, intimate memoir of one of America's most esteemed and fascinating cultural figures, and a deeply felt tribute. Sigrid Nunez was an aspiring writer when she first met Susan Sontag, already a legendary figure known for her polemical essays, blinding intelligence, and edgy personal style. Sontag introduced Nunez to her son, the writer David Rieff, and the two began dating. Soon Nunez moved into the apartment

that Rieff and Sontag shared. As Sontag told Nunez, "Who says we have to live like everyone else?" Sontag's influence on Nunez, who went on to become a successful novelist, would be profound. Described by Nunez as "a natural mentor" who saw educating others as both a moral obligation and a source of endless pleasure, Sontag inevitably infected those around her with her many cultural and intellectual passions. In this poignant, intimate memoir, Nunez speaks of her gratitude for having had, as an early model, "someone who held such an exalted, unironic view of the writer's vocation." Published more than six years after Sontag's death, *Sempre Susan* is a startlingly truthful portrait of this outsized personality, who made being an intellectual a glamorous occupation.

[Susan Sontag: Essays of the 1960s & 70s \(LOA #246\)](#) Aug 25 2022 With the publication of her first book of criticism, *Against Interpretation*, in 1966, Susan Sontag placed herself at the forefront of an era of cultural and political transformation. "What is important now," she wrote, "is to recover our senses In place of a hermeneutics we need an erotics of art." She would remain a catalyzing presence, whether writing about camp sensibility, the films of Jean-Luc Godard and Alain Resnais, her experiences as a traveler to Hanoi at the height of the Vietnam War, the aesthetics of science-fiction and pornography, or a range of modern thinkers from Simone Weil to E. M. Cioran. She opened dazzling new perspectives on any subject she addressed, whether the nature of photography or cultural attitudes toward illness. This volume, edited by Sontag's son David Rieff, presents the full texts of four essential books: *Against Interpretation*, *Styles of Radical Will* (1969), *On Photography* (1977), and *Illness as Metaphor* (1978). Also here as a special feature are six previously uncollected essays including studies of William S. Burroughs and the painter Francis Bacon and a series of reflections on beauty, aging, and the emerging feminist movement. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than

300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Where the Stress Falls May 22 2022 Where the Stress Falls is divided into three sections: the first, 'Reading', includes ardent pieces on writers from Sontag's own private canon - Machado de

Assis, Barthes, W. G. Sebald, Borges, Tsvetaeva and Elizabeth Hardwick. In the second, 'Seeing', she shares her passions for film, dance, photography, painting, opera and theatre. And in the final section, 'There and Here', Sontag explores her own commitments to the work (and activism) of conscience and to the vocation of the writer.
