Serial Killers: Up Close and Personal Sep 23 2019 COMBINES HORRIFIC ACCOUNTS OF THE MOST VICIOUS MURDERS EVER COMMITTED WITH THE SHOCKING WORDS OF THE KILLERS THEMSELVES"The bloodstains . . . That happened when I stored one of the guys upsidedown . . . It usually ran out of his nose or mouth or something . . ."--John Wayne Gacy"She kinda wanted it, ya know. Sex, an' stuff like that. Then I get started, an' she starts cryin' and wants her mom, so I suffocated her."--Arthur John Shawcross, the Genesee River Killer"Killing a woman's like killing a chicken. They both squawk."--Kenneth Allen McDuff, Broomstick Murderer"I ain't so bad. I've been with hundreds of men. I just ain't killed them all. Then you get a few dirty old men who go radical on me. What am I supposed to do? It was all their fault, and that's the God's honest truth."--Aileen Carol Wuornos, "Monster" "I took her into the bedroom and killed her. She screamed for her mom and the last thing she saw was the face of her dead friend lying under the sheets next to her."--Kenneth Bianchi, the Hillside Strangler

SERIAL KILLERS Apr 11 2021 Whether it be Jack the Ripper in nineteenth-century England or Ted Bundy in 1970s America, the public has always been fascinated by the criminal offender type known as the serial killer. Professionals continue to speculate and develop new theories about their identity decades after their crimes ended. But what is it that causes such evilness in individuals that causes them to take an innocent life, not once but multiples times, and for no apparent reason beyond their own perverse psychological gratification? This fascinating book explores this question by looking at the psychosocial determinants of criminal behavior, including serial murder. The role of such internal processes as attachment, moral development, and identity formation in the development of a person's predisposition to various forms of deviance, including physical and sexual aggression, is reviewed. This information is then applied to actual serial killers, including David Berkowitz (The Son of Sam), Charles Manson, Eric Rudolph (God's Crusader), Ted Bundy (The Face of Evil), Edmund Kemper (The Co-ed Killer), and the Zodiac Killer, in an effort to construct a psychosocial profile of each and to attempt to pinpoint the various developmental factors that contributed to their eventual criminality. Finally, early intervention strategies are explored that can potentially redirect a child's developmental trajectory away from crime and deviance, and toward a more adaptive and socially acceptable behavioral repertoire. This book will be an insightful resource to all law enforcement professionals, policymakers, police academics, psychologists, psychiatrists, and many others in the helping professions as well.

I, Monster Oct 17 2021 A book that draws from court transcripts and police interviews collects the thoughts of 20 notorious serial killers on paper, along with a background profile for each murderer, in an attempt to make some sense out of the terrible crimes they committed. Original.

Serial Killers Jan 20 2022 Pain, torment, and torture. Cruelty, brutality, and violence. The twisted psyches, murder. and yes, even the ability to charm people. Take a deep dive into the terrifyingly real serial murderers, spree killers, and true faces of evil! They prey on the innocent with a malicious desire to inflict damage and harm. They hunt and stalk misfortunate victims in the dark, in broad daylight, in quiet neighborhoods, and in the local woods. Their bloodthirst isn't satisfied after their first kill. Or their second. Or third. **Serial Killers: The Minds, Methods, and Mayhem of History's Most Notorious Murderers** delves into the global phenomenon of serial and spree murderers. This chilling book looks at the horrifying stories of forty malevolent killers and hundreds of innocent victims, including such notorious homicidal maniacs as John Wayne Gacy, Ted Bundy, and Jeffery Dahmer, but it also looks at lesser-known and overlooked murderers like Herbert Baumeister, America's I-70 Strangler; Japan's "Anime Killer," Tsutomu Miyazaki; Russia's "Rostov Ripper," Andrei Chikatilo; the "Giggling Granny," Nannie Doss; and many more. It journeys to 16th-century Scotland to meet a clan of cannibals whose existence is still debated by historians today, and to the fog-shrouded alleys of Whitechapel, London, where Jack the Ripper earned his grisly namesake. Along the way, we'll meet the Dating Game Killer, the Milwaukee Cannibal, the Acid Bath Murderer, and other monsters. **Serial Killers** also asks the questions ... What makes a seemingly ordinary person stalk, torture, and murder their fellow human beings? Are serial killers born or made? What is the difference between a serial killer and a spree killer? What were the identities of Jack the Ripper and the Zodiac Killer? Was Albert DeSalvo really the Boston Strangler? Is it possible that you could know a serial killer? Caution is advised before entering the alarming world of twisted psychos and sociopaths! With more than 120 photos and graphics, this fright-filled tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

Serial Killers & Psychopaths May 12 2021 A concise, yet detailed look at some of the most dangerous individuals who have ever lived. Starting with examples of some of the earliest recorded psychopaths and

serial killers, the authors present a carefully chosen cross-section of history's most infamous criminals.

American Psycho Jun 20 2019 A cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do? Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, reservations at every new restaurant in town and a line of girls around the block. He is also a psychopath. A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's *American Psycho* is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.

Why We Love Serial Killers Mar 30 2020 A chilling investigation into the deviant mind, "so powerful and provocative, you cannot put it down" (Rita Cosby, New York Times–bestselling author). We know the names: Ted Bundy, Ed Gein, Jeffrey Dahmer, John Wayne Gacy, among them—serial killers transformed by the media into ghoulish celebrities. And their iconic fictional counterparts—from Norman Bates to Hannibal Lecter to Dexter—reveal just how eager we are to watch a psychopath in action. But why? Are we curious about the root of their terrifying compulsions? Or is it something more? *Why We Love Serial Killers* "attempts to solve some of these mysteries . . . What made serial killers this way? Why did they kill, and why did they do it so gruesomely? How are they different from us? (Please let them be different from us)" (The Atlantic). In exploring our appetite for the macabre, criminology professor Dr. Scott Bonn also provides a unique view into the world of serial killers, having corresponded with two of the most notorious examples: David Berkowitz, a.k.a. Son of Sam, and the BTK Killer, Dennis Rader. In addition, Bonn examines the criminal profiling techniques used to identify serial predators, the charisma of the sociopath, the rise in "murderabilia" collecting, and how and why these killers often become pop-culture icons, escalating both our fears and our fascination. The result is "powerful and a must-read . . . Insightful, compelling, and an excellent source of myth-busting information for laymen and professionals alike" (Burl Barer, Edgar Award–winning author of *The Saint*).

The Killer Book of Infamous Murders Dec 19 2021 Spine-chilling Tales of the Ultimate Evil Deeds Murders have long made headlines, but only those with the most heartless betrayals, twisted lies, and gruesome crime scenes have earned a place in infamy. *The Killer Book of Infamous Murders* takes you behind the crime scene tape and into the heart of notorious and remorseless massacres. Uncover fascinating facts about killers' dark pasts, pent-up rage, and what finally caused them to snap—leading them to commit some of the world's most shocking crimes, including: Leopold and Loeb's "perfect crime": the kidnapping and slaying of fourteen-year-old Bobby Franks The bloody shootings of Alan and Diane Johnson, killed by their sixteen-year-old daughter The cold-blooded murder of the Clutter family The puzzling and controversial murder of Marilyn Sheppard And much more... Bury yourself in these edge-of-your-seat tales, read chilling quotes and courtroom transcripts, and test your crime IQ with trivia. You'll shudder in horrified delight—and you just might need to sleep with the lights on.

The Serial Killers Sep 16 2021 As the number of serial killers worldwide has risen steadily - from the emergence of Jack the Ripper in 1888 to Harold Shipman and Ivan Milat, the backpacker killer of the Australian outback - the need to understand mass murder is becoming more urgent. Using privileged access to the world's first National Centre for the Analysis of Violent Crime, Colin Wilson and Donald Seaman bring you this incisive study of the psychology of serial killers and the motives behind their crimes. From childhood traumas to issues of frustration, fear and fantasy, discover what turns an ordinary human being into a compulsive killer.

Cari Mora Feb 21 2022 A resilient young woman must outwit a sadistic psychopath in this pulse-pounding thriller from the author of *The Silence of the Lambs*, a "master still at the top of his strange and chilling form" (Wall Street Journal). Twenty-five million dollars in cartel gold lies hidden beneath a mansion on the Miami Beach waterfront. Ruthless men have tracked it for years. Leading the pack is Hans-Peter Schneider. Driven by unspeakable appetites, he makes a living fleshing out the violent fantasies of other, richer men. Cari Mora, caretaker of the house, has escaped from the violence in her native country. She stays in Miami on a wobbly Temporary Protected Status, subject to the iron whim of ICE. She works at many jobs to survive. Beautiful, marked by war, Cari catches the eye of Hans-Peter as he closes in on the treasure. But Cari Mora has surprising skills, and her will to survive has been tested before. Monsters lurk in the crevices between male desire and female survival. No other writer in the last century has conjured those monsters with more terrifying brilliance than Thomas Harris. *Cari Mora*, his sixth novel, is the long-awaited return of an American master.

Sniper Killer Jun 01 2020 Thomas Lee Dillon's story is not one of the more well-known in the history of serial killers, but it is a convoluted and sometimes bizarre tale that kept people guessing for four years during the late 1980s and early 1990s. Like many serial killers, Dillon's past was not an incredibly unique one, up until the time of his first murder. He was born in July of 1950, and lived in the town of Magnolia in Ohio. He was married, had a son, and worked at the Canton Ohio Waterworks for over a decade of his adult life. Although he was often given to flights of fancy, friends of Dillon's would never have suspected that he was the mastermind behind a series of murders that took place in Ohio over the course of four years.

Sons of Cain Aug 03 2020 From the author of *Serial Killers: The Method and Madness of Monsters* comes an in-depth examination of sexual serial killers throughout human history, how they evolved, and why we are drawn to their horrifying crimes. Before the term was coined in 1981, there were no "serial killers." There were only "monsters"—killers society first understood as werewolves, vampires, ghouls and witches or, later, Hitchcockian psychos. In *Sons of Cain*--a book that fills the gap between dry academic studies and sensationalized true crime--investigative historian Peter Vronsky examines our understanding of serial killing from its prehistoric anthropological evolutionary dimensions in the pre-civilization era (c. 15,000 BC) to today. Delving further back into human history and deeper into the human psyche than *Serial Killers*--Vronsky's 2004 book, which has been called the definitive history of serial murder--he focuses strictly on sexual serial killers: thrill killers who engage in murder, rape, torture, cannibalism and necrophilia, as opposed to for-profit serial killers, including hit men, or "political" serial killers, like terrorists or genocidal murderers. These sexual serial killers differ from all other serial killers in their motives and their foundations. They are uniquely human and--as popular culture has demonstrated--uniquely fascinating.

Whoever Fights Monsters May 24 2022 The author of this book played a major part in the FBI's development of psychological profiles for serial killers, he even invented the term serial killer. Whilst Thomas Harris made Ressler's work famous in fiction, Ressler did it for real.

Murder in Plain English Feb 27 2020 This is the first book to examine murder through the written word--not only the writings of the killers themselves, but also the story of murder as told in literary fiction and the crime dramas that are now a staple of film and television. The authors--a criminologist specializing in cold cases, written evidence, and forensic science, and an anthropologist who has dealt with the signs and ciphers of organized crime and street gangs in his previous work--are widely recognized experts in this emerging specialty field. Based on extensive research and interviews with convicted murderers, the book emphasizes the often-overlooked narrative impulse that drives killers, with the authors explaining how both mass and serial murderers perceive their crimes as stories and why a select few are compelled to commit these stories to writing whether before, during, or after their horrific acts. The book also analyzes the written work of killers, using a combination of machine-based linguistic patterning, predictive modeling, and symbolic interpretation, to make sense of the screeds of everyone from the Son of Sam and the Zodiac Killer to the Columbine attackers, the Unabomber, and the recent spate of mass shooters using social media as

their preferred narrative platform. They present a theoretical perspective of murder that is based on both the criminological evidence and written works. In addition, the authors examine famous literature that has dealt ingeniously with murder and its relationship with real crime, from the Greek tragedians to Truman Capote to modern-day productions such as *Making a Murderer*. This unique approach offers a new means to penetrate the minds of murderers, revealing their motives as well as the wider social meanings of this age-old crime and our continuing fascination with it.

The Monster of Florence Aug 23 2019 In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller *The Lost City of the Monkey God* presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide--and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

Skyscraper Dreams Oct 05 2020 "Fascinating history, showing how the city has been molded by the edifice complexes of risk-takers. The stuff of grand comedy." -Business Week

Survived by One Nov 18 2021 On November 8, 1985, 18-year-old Tom Odle brutally murdered his parents and three siblings in the small southern Illinois town of Mount Vernon, sending shockwaves throughout the nation. The murder of the Odle family remains one of the most horrific family mass murders in U.S. history. Odle was sentenced to death and, after seventeen years on death row, expected a lethal injection to end his life. However, Illinois governor George Ryan's moratorium on the death penalty in 2000, and later commutation of all death sentences in 2003, changed Odle's sentence to natural life. The commutation of his death sentence was an epiphany for Odle. Prior to the commutation of his death sentence, Odle lived in denial, repressing any feelings about his family and his horrible crime. Following the commutation and the removal of the weight of eventual execution associated with his death sentence, he was confronted with an unfamiliar reality. A future. As a result, he realized that he needed to understand why he murdered his family. He reached out to Dr. Robert Hanlon, a neuropsychologist who had examined him in the past. Dr. Hanlon engaged Odle in a therapeutic process of introspection and self-reflection, which became the basis of their collaboration on this book. Hanlon tells a gripping story of Odle's life as an abused child, the life experiences that formed his personality, and his tragic homicidal escalation to mass murder, seamlessly weaving into the narrative Odle's unadorned reflections of his childhood, finding a new family on death row, and his belief in the powers of redemption. As our nation attempts to understand the continual mass murders occurring in the U.S., *Survived by One* sheds some light on the psychological aspects of why and how such acts of extreme carnage may occur. However, *Survived by One* offers a never-been-told perspective from the mass murderer himself, as he searches for the answers concurrently being asked by the nation and the world.

Serial Killers of Russia Sep 04 2020 For fans of Christopher Berry-Dee's *Talking with Serial Killers* series, this chilling new book explores the dark heart of Russia. For decades, it has been assumed that the United States of America was the serial killer capital of the world. Now, criminologists believe that Russia (and previously the Soviet Union) has been, secretly, the biggest home of serial killers for almost a century. In *Serial Killers of Russia*, bestselling true crime author Wensley Clarkson reveals the inside stories and gruesome details behind the country's most notorious and previously unknown murderers. Using information from a vast range of new and archive sources, Clarkson tells stories of the dangerous, the devious and the truly shocking, and tackles why the nation has become a breeding ground for humanity's most evil. These are the most horrifying cases from the darkest corners of Russia.

A Prescription for Murder Apr 23 2022 McLaren develops a historiographical survey on Victorian attitudes toward sexuality and morality, and their relation to violence as he describes the story of Dr. Thomas Cream. Cream murdered prostitutes and women seeking abortions in England and North America between 1877 and 1892.

Rites of Burial Feb 09 2021 Written by Tom Jackman, the local investigative journalist who covered the story, and Troy Cole, the chief investigating officer, "Rites of Burial" tells the gruesome true story of Robert Berdella, a serial killer whose inhuman crimes of murder and dismemberment might have served to inspire Jeffrey Dahmer's Milwaukee slaughter. Photos.

Serial Killers Aug 27 2022 Themes: Hi-Lo, nonfiction, contemporary themes. Bursting with facts, these books will truly enthrall struggling readers. Nonfiction titles cover high-interest topics both creepy and utterly terrifying. Each title is thoroughly researched and includes an introduction, five chapters, an epilogue, glossary, and index. The Last Book on the Left Mar 22 2022 An equal parts haunting and hilarious deep-dive review of history's most notorious and cold-blooded serial killers, from the creators of the award-winning Last Podcast on the Left

The Bank Holiday Murders Oct 25 2019 "Emma Smith and Martha Tabram were once considered the first victims of Jack the Ripper. Accepted wisdom changed over time and they're now little more than footnotes to the Ripper mystery. But could it be that these early murders are in fact the key to unlocking the secret history of the Whitechapel murders? With new evidence and a fresh evaluation of the facts, we now find ourselves closer than ever to the answers that have eluded historians and criminologists for well over a century."-- From back cover.

Financial Serial Killers Sep 28 2022 How to make sure you don't fall victim to the next Bernie Madoff.

Killer Book of Serial Killers Oct 29 2022 The *Killer Book of Serial Killers* is the ultimate resource (and gift) for any true crime fan and student of the bizarre world of serial killers. The stories and trivia cover such killers as: John Wayne Gacy Ted Bundy The BTK Killer Jack the Ripper The Green River Killer Serial killers around the world And many more Bathroom readers have enjoyed considerable success as a format, selling millions of copies. The *Killer Book* series brings this format to the rabid true crime audience. Including more than 40 black & white photos, this is a must for true crime fans.

The Big Book of Serial Killers Volume 2 Jul 14 2021 Our first volume caused such an impact that we've decided to bring you the long-awaited Volume 2 of the most comprehensive Serial Killer encyclopedia ever

published! Murderers or monsters, normal people turned bad or people born with the desire to kill; it doesn't matter where they come from, serial killers strike dread into our hearts with a single mention of their names. Hunting in broad daylight or stalking from the shadows, we are their prey and their hunt is never done until they are caught or killed. With a worrying number of them living in our communities, working alongside us at our places of employment and sharing the same spaces where we spend time with our families, serial killers are typically just another neighbor that we barely think about. A worrying thought, to be honest. In *The Big Book of Serial Killers Volume 2* we go through the lives of 150 serial killers who allowed themselves to fall under the influence of their darkest desires and took the lives anywhere from one to one hundred victims; we speak of their motives and how their stories ended (if they ended...), and remind you of the fear and pain that they left behind. But what can you expect from *The Big Book of Serial Killers Volume 2*? You will find such things as: An excellent A-Z list of all of these deadly killers, allowing you to reference the encyclopedia whenever you need to find out more about any single murderer. All of the uncensored details of their crimes, with much effort taking into account to describe their horrific acts. Important information on their date and place of birth, date of arrest and number of victims, among other facts. A list of Trivia facts for each killer, allowing you to learn more about their personalities and any films or documentaries made about them. So, with nothing more to add - it's only time now for you purchase this book and begin learning about 150 of the sickest, most dangerous serial killers in world history. This is the next level in murder: are you ready to learn about the vilest men and women in history?

Female Serial Killers Nov 06 2020 In this fascinating book, Peter Vronsky exposes and investigates the phenomenon of women who kill—and the political, economic, social and sexual implications buried with each victim. How many of us are even remotely prepared to imagine our mothers, daughters, sisters or grandmothers as fiendish killers? For centuries we have been conditioned to think of serial murderers and psychopathic predators as men—with women registering low on our paranoia radar. Perhaps that's why so many trusting husbands, lovers, family friends, and children have fallen prey to “the female monster.” From history's earliest recorded cases of homicidal females to Irma Grese, the Nazi Beast of Belsen, from Britain's notorious child-slayer Myra Hindley to ‘Honeymoon Killer’ Martha Beck to the sensational cult of Aileen Wuornos—the first female serial killer-as-celebrity—to cult killers, homicidal missionaries, and our pop-culture fascination with the sexy femme fatale, Vronsky not only challenges our ordinary standards of good and evil but also defies our basic accepted perceptions of gender role and identity. **INCLUDES PHOTOGRAPHS**

Thomas Quick Jul 26 2022 'I wonder what you'd think of me if you found out that I've done something really serious...' In 1992, in a psychiatric hospital for the criminally insane, Thomas Quick confessed to the murder of an eleven-year-old boy who had been missing for twelve years. Over the next nine years, Quick confessed to more than thirty unsolved murders. Hannes Råstam, an investigative journalist, became obsessed with Quick's case. He studied the investigations in forensic detail, and eventually he was faced with a horrifying uncertainty. In 2008, Råstam travelled to where Thomas Quick was serving a life sentence. He had one question for Sweden's most abominable serial killer. And the answer turned out to be far more terrifying than the man himself...

The Serial Killer's Wife Jan 28 2020 USA TODAY BESTSELLER “This is a scary, thrilling, page-turning, race-against-the-clock novel if ever there was one, with a true shocker of an ending. Miss this one at your own peril.” — Blake Crouch, New York Times bestselling author of *Dark Matter* How far would you go to save your child? Five years ago Elizabeth Piccioni's husband was arrested for being a serial killer. Her life suddenly turned upside down, she did what she thought was best for her newborn baby: she took her son and ran away to start a new life. Now, living in a quiet part of the Midwest with a new identity, Elizabeth is ready to start over. But one day she receives a phone call from a person calling himself Cain. Cain somehow knows about her past life. He has abducted her son, and if Elizabeth wants to save him she must retrieve her husband's trophies — the fingers he cut off each of his victims. With a deadline of one hundred hours, Elizabeth has no choice but to return to the life she once fled, where she will soon realize that everything she thought she knew is a lie, and what's more shocking than Cain's identity is the truth about her husband.

Talking with Serial Killers: Sleeping with Psychopaths Jul 02 2020 Bestselling writer and criminologist Christopher Berry-Dee turns his attention to a new kind of victim: the wives or partners of serial murderers who remained unaware of exactly who they had fallen for until after their other half's arrest or, in some cases, conviction, for multiple murders. Sonia Sutcliffe first discovered that her husband, Peter, was leading a secret existence as 'the Yorkshire Ripper' only when he was arrested. The wife of the 'Hillside Strangler' only learned of her husband's crimes when state police smashed down her door in search of him. On finding out the truth, these innocents often experience a strange kind of guilt for not having recognised the killer in their home, as well as having to face the grim reality of betrayal and deceit. Christopher Berry-Dee speaks directly to killers and their oblivious loved ones to get inside the minds of the men and women who fall for murderers.

The Case of the Murderous Dr. Cream Dec 27 2019 The chilling true-crime story of the Victorian era's deadliest doctor “When a doctor does go wrong, he is the first of criminals,” Sherlock Holmes observed during one of his most puzzling murder investigations. Incredibly, at the time the words of the world's most famous fictional detective appeared in print in the Strand Magazine, a real-life Canadian doctor was stalking and murdering women in London's downtrodden Lambeth neighbourhood. Dr. Thomas Neill Cream had been a suspect in the deaths of two women in Canada, and had killed as many as four people in Chicago before he arrived in London in 1891 and began using pills laced with strychnine to kill prostitutes. The Lambeth Poisoner, as he was dubbed in the press, became one of the most prolific serial killers in history. In this fascinating book, Dean Jobb reveals how bungled investigations, corrupt officials and failed prosecutions allowed Cream to evade detection or freed him to kill, again and again. The first complete account of Dr. Cream's crimes and his many victims explores how the stifling morality and hypocrisy of the Victorian era allowed this monster to poison vulnerable and desperate women, many of whom had turned to him for medical help. It offers an inside account of Scotland Yard's desperate search for a killer as brazen and efficient as Jack the Ripper.

A Serial Killer's Daughter Dec 07 2020 What is it like to learn that your ordinary, loving father is a serial killer? In 2005, Kerri Rawson opened the door of her apartment to greet an FBI agent who shared the shocking news that her father had been arrested for murdering ten people, including two children. That's also when she first learned that her father was the notorious serial killer known as BTK, a name he'd given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, the city of Wichita celebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. In the weeks and years that followed, Kerri was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, *A Serial Killer's Daughter* is an unflinching exploration of life with one of America's most infamous killers and an astonishing tale of personal and spiritual transformation. For all who suffer from: unhealed wounds, the crippling effects of violence, betrayal, or anger, Kerri Rawson's story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable.

Whoever Fights Monsters Jun 25 2022 **LEARN THE TRUE STORY OF ONE OF THE FBI PROFILERS WHO COINED THE PHRASE "SERIAL KILLER"** Face-to-face with some of America's most terrifying killers, FBI veteran Robert K. Ressler learned how to identify the unknown monsters who walk among us -- and put them behind bars. In *Whoever Fights Monsters*, Ressler—the inspiration for the character Agent Bill Tench in David Fincher's hit TV show *Mindhunter*—shows how he was able to track down some of the country's most brutal murderers. Ressler, the FBI Agent and ex-Army CID colonel who advised Thomas

Harris on *The Silence of the Lambs*, used the evidence at a crime scene to put together a psychological profile of the killers. From the victims they choose to the way they kill to the often grotesque souvenirs they take with them—Ressler unlocks the identities of these vicious killers. And with his discovery that serial killers share certain violent behaviors, Ressler goes behind prison walls to hear bizarre first-hand stories from countless convicted murderers, including Ted Bundy, John Wayne Gacy; Edmund Kemper; and Son of Sam. Getting inside the mind of a killer to understand how and why he kills is one of the FBI's most effective ways of helping police bring in killers who are still at large. Join Ressler as he takes you on the hunt for the world's most dangerous psychopaths in this terrifying journey you will not forget.

The Killer Book of True Crime Apr 30 2020 *The Killer Book of True Crime* is the ultimate collection of in-depth stories, trivia, quizzes, quotes and photos gruesome and interesting enough to make any crime buff shudder in horrified delight.

The Killer Book of Cold Cases Mar 10 2021 Shocking Stories of the Most Infamous Unsolved Crimes Every criminal dreams of committing the perfect crime. A crime that is so well executed, with clues and evidence so scarce, that even the experts are left baffled. *The Killer Book of Cold Cases* takes you behind the crime scene tape and deep into the investigations of some of the most puzzling and notorious cold cases of all time from murders to kidnappings to massive bombings that were open for years before the criminal was finally brought to justice. Read about: *The New York City judge whose disappearance was so famous, his name became synonymous with cold cases * The first use of DNA to help solve a murder case that had been cold for years * The bomber who took down an entire plane of people, just to collect on his mother's insurance * The legendary bank robber D.B. Cooper * The murder of two cops in a small California town—a case that took more than 50 years to solve * The Mad Bomber, who drove New Yorkers half crazy in the fifties by planting bombs all over the city Bury yourself in these edge-of-your-seat tales, read chilling quotes, and test your crime IQ with cold-case trivia. You'll stay up wondering which criminals might still be on the loose!

Evil Serial Killers Jan 08 2021 This unique book is divided into sections, the openings of which set the scene for the reader with introductory tales of murders. The author then moves on to focus on specific killers who have become the major celebrity in their particular field of murder and mutilation. Unfortunately, this is an area that needs updating constantly. This book in...

The Big Book of Serial Killers Aug 15 2021 There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. *The Big Book of Serial Killers* is an easy to follow collection of information on the world's most heinous murderers.

The Wikipedia Encyclopedia of Serial Killers Jun 13 2021 A thorough, comprehensive guide to some of history's most disturbing killers, from Rodney Alcala to the Zodiac Killer. Equal parts fascinating and horrifying, the stories of serial killers like Ted Bundy and Jeffrey Dahmer have taken on a new cultural prominence with the rise of the true-crime genre. Now, *The Wikipedia Encyclopedia of Serial Killers* offers murder fans and curious readers a new opportunity to learn about the lives and histories of these infamous criminals in greater depth and detail than ever before. Featuring extensive information about the backgrounds, crimes and aftermaths, victims, arrests and trials, and current lives of serial killers across the globe, as well as a variety of supplemental information—mug shots and crime-scene photos, letters from murderers, and information on victims and survivors—this book is an essential guide for all true-crime fans or any reader who wants an insight into the dark minds of the most notorious criminals in the world. Included in *The Wikipedia Encyclopedia of Serial Killers*, among many others, are: Ted Bundy The Zodiac Killer John Wayne Gacy Aileen Wuornos Son of Sam Jeffrey Dahmer The BTK Killer Gary Ridgway Samuel Little Karla Homolka and Paul Bernardo With nearly six million English-language articles covering essentially any topic imaginable, Wikipedia is one of the most visited websites on the internet and an important resource for anyone curious to learn about the world. This curated selection of content has been carefully selected and compiled by our editors to be the definitive book on the subject.

Love in the Time of Serial Killers Nov 25 2019 Turns out that reading nothing but true crime isn't exactly conducive to modern dating—and one woman is going to have to learn how to give love a chance when she's used to suspecting the worst. PhD candidate Phoebe Walsh has always been obsessed with true crime. She's even analyzing the genre in her dissertation—if she can manage to finish writing it. It's hard to find the time while she spends the summer in Florida, cleaning out her childhood home, dealing with her obnoxiously good-natured younger brother, and grappling with the complicated feelings of mourning a father she hadn't had a relationship with for years. It doesn't help that she's low-key convinced that her new neighbor, Sam Dennings, is a serial killer (he may dress business casual by day, but at night he's clearly up to something). It's not long before Phoebe realizes that Sam might be something much scarier—a genuinely nice guy who can pierce her armor to reach her vulnerable heart.
