[Letters From The Earth](#) Aug 17 2021 The Creator sat upon the throne, thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished to extinction, almost, by contrast -- archangels -- their heads level with His ankle-bone. When the Creator had finished thinking, He said, "I have thought. Behold!" He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.

**Sidney Poitier** Oct 19 2021 In the first full biography of actor Sidney Poitier, Aram Goudsouzian analyzes the life and career of a Hollywood legend, from his childhood in the Bahamas to his 2002 Oscar for lifetime achievement. Poitier is a gifted actor, a great American success story, an intriguing

personality, and a political symbol; his life and career illuminate America's racial history. In such films as *Lilies of the Field*, *In the Heat of the Night*, and *Guess Who's Coming to Dinner*, Poitier's middle-class, mannered, virtuous screen persona contradicted prevailing film stereotypes of blacks as half-wits, comic servants, or oversexed threats. His screen image and public support of nonviolent integration assuaged the fears of a broad political center, and by 1968, Poitier was voted America's favorite movie star. Through careful readings of every Poitier film, Goudsouzian shows that Poitier's characters often made sacrifices for the good of whites and rarely displayed sexuality. As the only black leading man during the civil rights era, Poitier chose roles and public positions that negotiated the struggle for dignity. By 1970, times had changed and Poitier was the target of a backlash from film critics and black radicals, as the new heroes of "blaxploitation" movies reversed the Poitier model. In the 1970s, Poitier shifted his considerable talents toward directing, starring in, and producing popular movies that employed many African Americans, both on and off screen. After a long hiatus, he returned to starring roles in the late 1980s. More recently, the film industry has reappraised his career, and Poitier has received numerous honors recognizing his multi-faceted work for black equality in Hollywood. As this biography affirms, Poitier remains one of American popular culture's foremost symbols of the possibilities for and limits of racial equality.

Letters from Rifka Sep 17 2021 From Newbery media winner Karen Hesse comes an unforgettable story of an immigrant family's journey to America. "America," the girl repeated. "What will you do there?" I was silent for a little time. "I will do everything there," I answered. Rifka knows nothing about America when she flees from Russia with her family in 1919. But she dreams that in the new country she will at last be safe from the Russian soldiers and their harsh treatment of the Jews. Throughout her journey, Rifka carries with her a cherished volume of poetry by Alexander Pushkin. In it, she records her observations and experiences in the form of letters to Tovah, the beloved cousin she has left behind. Strong-hearted and determined, Rifka must endure a great deal: humiliating examinations by doctors and soldiers, deadly typhus, separation from all she has ever known and loved, murderous storms at sea, detainment on Ellis Island--and is if this is not enough, the loss of her glorious golden hair. Based on a true story from the author's family, *Letters from Rifka* presents a real-life heroine with an uncommon courage and unsinkable spirit.

*Montaro Caine* Aug 29 2022 A baby is born with a coin in her hand. An orphan crafts a mysterious wooden object. The CEO of a large corporation finds himself under extraordinary pressure at work and at home. And on a remote hilltop on a Caribbean island, a medicine man seems to understand the meaning of all these events and to hold the key to the future. Montaro Caine, CEO of the Fitzer Corporation, is losing control of the company he built just as his teenage daughter is experiencing her own difficulties. At this moment of crisis, a man and woman appear at his office with a coin of unknown provenance, composed of a metal unknown on Earth. Montaro immediately recognizes it as the companion of a coin he analyzed as a graduate student working in a lab at MIT, which was later returned to its unidentified owner. The coin's appearance draws the attention of scientists, collectors, financiers, and thieves, all of whom vie to get their hands on it, and Montaro himself hopes that the discovery of the coin will save his company. But the value of the coin lies not in its monetary worth but in its hold on the people who come into contact with it. These include the young woman who is not aware of the object

that was found in her hand at birth; an old man who, as a boy, crafted a wooden compact as a gift for a young Montaro Caine; and the elusive healer Matthew Perch, who, from his hut on a small Caribbean island, knows precisely why these people have been brought together and what wisdom the coin imparts. In his first novel, the beloved actor and director Sidney Poitier takes us on a wild and unexpected adventure—from New York to Europe to the Caribbean and beyond. The novel offers Poitier's heartfelt message about the potential each of us has within ourselves, and about being open to the possibility that there are mysteries in the universe, and here on Earth, far greater than we can imagine. An enthralling journey into the magic of existence, Montaro Caine is a radiant debut from an American legend. Praise for Montaro Caine "Some might feel it's quintessentially Poitier. Elegant, if a book can be elegant, with a bit of mystery and Caribbean flavor thrown in for good measure. Like his famed movie roles in *Lilies of the Field* and *Guess Who's Coming to Dinner*, he once again offers up a moving performance."—USA Today "An intricate, electrifying journey. Academy Award winner Poitier creates multifaceted characters, with Montaro in particular exhibiting a rare realism; Montaro's encounters with others are at once honest, intense, and mesmerizing. While the narrative has an urgency that will keep readers anticipating, it is also poetic. . . . Part mystery, part science fiction, this book excites like Agatha Christie's *Murder of Roger Ackroyd* and will appeal especially to lovers of suspense."—Library Journal "[A] captivating blend of corporate intrigue and science fiction . . . a thought-provoking tale of caution and hope that is as elegant and riveting as the legendary actor and director himself."—Booklist "Surprisingly intricate . . . sure to please his many fans."—Publishers Weekly "Elegantly written and keenly observed . . . a Little Prince for grown-ups."—Kirkus Reviews

**Letters to Felice** Mar 31 2020 Franz Kafka first met Felice Bauer in August 1912, at the home of his friend Max Brod. The twenty-five-year-old career woman from Berlin—energetic, down-to-earth, life-affirming—awakened in him a desire to marry. Kafka wrote to Felice almost daily, sometimes even twice a day. Because he was living in Prague and she in Berlin, their letters became their sole source of knowledge of each other. But soon after their engagement in 1914, Kafka began having doubts about the relationship, fearing that marriage would imperil his dedication to writing and interfere with his need for solitude. Through their break-up, a second engagement in 1917, and their final parting later that year, when Kafka began falling ill with the tuberculosis that would eventually claim his life, their correspondence continued. The more than five hundred letters that Kafka wrote to Felice over the course of those five years were acquired by Schocken from her in 1955. They reveal the full measure of Kafka's inner turmoil as he tried, in vain, to balance his need for stability with the demands of his craft. "These letters are indispensable for anyone seeking a more intimate knowledge of Kafka and his fragmented world." —Library Journal

**The Measure of a Man** Jul 28 2022 "I have no wish to play the pontificating fool, pretending that I've suddenly come up with the answers to all life's questions. Quite that contrary, I began this book as an exploration, an exercise in self-questing. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." —Sidney Poitier In this luminous memoir, a true American icon looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take his own measure—as a man, as a husband and a father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of self-worth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and

sisters...and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents. Just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career.

Committed to the notion that what one does for a living articulates to who one is, Poitier played only forceful and affecting characters who said something positive, useful, and lasting about the human condition. Here is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man in the face of limits—his own and the world's. A triumph of the spirit, *The Measure of a Man* captures the essential Poitier.

**Sidney Poitier Black and White** Jun 14 2021 When you mention the name "Sidney Poitier" many Hollywood fans will remember fondly "To Sir, with Love" or "Guess Who's Coming to Dinner". These were ground-breaking films for many reasons, not least for the way in which they solidified Poitier's place as a black icon. In these times, the world has seen afresh the challenges faced by people of colour in the United States and other western nations. There is nothing new in this struggle. Poitier's acting roles of the 1960s created a particular dilemma for him. Except for one or two decisions, he carefully selected characters which would reflect his own life experience, struggles and desire for radical change. Over the decades, he has become a somewhat reluctant icon, put on a pedestal by a generation of black celebrities and film stars for choosing roles that gave both black and white Americans an alternative picture of society. Too perfect for some, too imperfect for others, his work attracted critical opinion that was as differentiated as black is to white. This book takes a look at Poitier's early life and work in the 1960s and early 70s, the people who influenced his career and a fascinating sample of the contemporary critical views. In the beginning Poitier was a supporting actor in films with Hollywood stars such as Clark Gable and Tony Curtis. In 1964 he won an Oscar as Best Actor in "Lilies of the Field." A few years later he was in the box office hit "Guess Who's Coming to Dinner," co-starring with the legendary Spencer Tracy and Katharine Hepburn. Five years after that he was the first-time film director of a ground-breaking Western, "Buck and the Preacher." The transition from popular black actor to acceptance as a director was challenging. As an actor-director he had multiple hits in the 1970s with "Uptown Saturday Night," "Let's Do It Again" and "A Piece of the Action." His biggest hit was "Stir Crazy" in 1981 starring Gene Wilder and Richard Pryor. The Sidney Poitier-directed film eventually grossed almost a \$100 million in American theaters alone. Philip Powers' book "Sidney Poitier: Black and White" explores the events in the sixties in the United States where Poitier was occasionally a minor player, where Poitier was a teenage bystander for many years as his life was swept up in black-white confrontations. It looks at the people in Hollywood - like Stanley Kramer - who were responsible for addressing the big issues of the period. It explores the lives of people Poitier knew well and worked with in the volatile environment of that period in America. It describes the racism Poitier endured when he couldn't eat in certain restaurants or stay in particular hotels. When a policeman put the muzzle of a gun to Poitier's forehead and threatened to shoot him. As part of Poitier's journey he became involved in the civil rights movement in the 1960s lending his supporting to Dr. Martin Luther King, Jr. He worked with his friend Harry Belafonte, a pop superstar, who marched with Dr. King on many occasions, to demand societal change for African Americans. "Black and White" explores these events using the words of the media to illustrate Poitier's journey from a poor black boy to a black icon, an inspiration to millions of black people who didn't know it could be done.

**Beyond Measure** Feb 20 2022 Bernard continually returns to the classical idea that the quality of desire shapes theological imagination. By attending to the multiple ways he develops and applies this insight,

Beyond Measure uncovers a new depth of organic unity to the literary, philosophical, and theological strands densely interwoven through his writings. Bernard's apparent iconoclasm with respect to art, affectivity, and the humanity of Jesus is revealed as an alternative mystical aesthetic, congruent with his program for monastic reform. The central movement of Cistercian spirituality from the carnal to the spiritual is shown not to elide but to recapitulate the carnal in higher spiritual expression. Further, this approach provides fresh understanding of the ways in which Bernard is at once "last of the fathers" and "first of the moderns." In particular, a careful reading of works by Julia Kristeva and Jean-Luc Marion on Bernard reveals both the enduring brightness and vitality of his writing and the relevance of his work for people today.

**My Song** Apr 24 2022 Written with Vanity Fair contributing editor Michael Schnayerson, My Song is an inspiring story of performance and protest, from a superstar singer and actor who was on the front lines of practically every progressive political battle in modern memory. Along the way, he befriended some of the most influential figures of the 20th century, from Tony Curtis, Marlon Brando and Sidney Poitier to Martin Luther King, the Kennedys, Eleanor Roosevelt, Fidel Castro, James Baldwin, Bob Dylan and Nelson Mandela. From his impoverished childhood in Harlem and Jamaica, through his meteoric rise as an international calypso star, provocative crossover into Hollywood where he broke down many racial barriers, passionate lifelong involvement in the civil rights movement and myriad other social causes, to his personal struggles and rich friendships, this is a remarkable, multifaceted and hugely inspirational story. "A man whose story should be told for generations to come" (Robert Redford)

*Dear Father/dear Son* Aug 24 2019 Many biographies of John D. Rockefeller and John D. Rockefeller, Jr. have been compiled- some have used bits of the original correspondence presented here and tried to show opposing interests between John D. Rockefeller and his son. Still others were written without correspondence at all. This collection of never-before-published letters traces the history of the transfer of the Rockefeller fortune over the course of fifty years. It illustrates how the endowment was bestowed from Senior to Junior with respect, sound advice, and with a mutual trust between father and son. The letters also reveal far more than the business side of entrusting the Rockefeller fortune to the younger generation. The misives are filled with news of family matters and personal wishes constituting a record of the Rockefeller family values which, in turn, sponsored the philanthropies of Junior. Outlined in these letters is the conception for the Rockefeller Foundation, the Rockefeller Institute for Medical Research, and the General Education Board. Later would follow the realization of the Fort Tryon Park, the Rockefeller Center, Riverside Church, and the restoration of Colonial Williamsburg. Junior's holdings peaked in 1928 at 5 million and his dedication to public parks, and institutions around the world absorbed a considerable portion of his wealth. Ernst's introduction reflects on five themes which run continuously throughout the letters: the respect and love among the members of the family, a father's precautions to his maturing son, the son's willingness to accept his father's precepts and examples, the son's conscious assumption of the responsibilities of the bequeathed fortune, and overriding faith in a benevolent God. These themes continually come together to form the outline of a philosophy of life behind the Rockefeller legacy, as when Senior writes: "I am indeed blessed beyond measure in having a son whom I can trust to do this most particular and most important work. Go carefully. Be conservative. Be sure you are right- and then do not be afraid to give out, as your heart prompts you, and as the Lord inspires you."

Letters to a Young Lawyer Feb 08 2021 As defender of both the righteous and the questionable, Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land. Whether or not they agree with his legal tactics, most people would agree that he possesses a powerful and profound sense of justice. In this meditation on his profession, Dershowitz writes about life, law, and the opportunities that young lawyers have to do good and do well at the same time. We live in an age of growing dissatisfaction with law as a career, which ironically comes at a time of unprecedented wealth for many lawyers. Dershowitz addresses this paradox, as well as the uncomfortable reality of working hard for clients who are often without many redeeming qualities. He writes about the lure of money, fame, and power, as well as about the seduction of success. In the process, he conveys some of the "tricks of the trade" that have helped him win cases and become successful at the art and practice of "lawyering."

*Beyond Measure* Jun 26 2022 This book consists of essays that stand on their own but are also loosely connected. Part I documents how numbers and geometry arise in several cultural contexts and in nature: scale, proportion in architecture, ancient geometry, megalithic stone circles, the hidden pavements of the Laurentian library, the shapes of the Hebrew letters, and the shapes of biological forms. Part II shows how many of the same numbers and number sequences are related to the modern mathematical study of numbers, dynamical systems, chaos, and fractals.

Poitier reflects on his amazing life in *Life Beyond Measure*, offering inspirational advice and personal stories in the form of extended letters to his great-granddaughter. Writing for all who admire his example and who search for wisdom only a man of great experience can offer, this American icon shares his thoughts on love, faith, courage, and the future. Poitier draws upon the perspective and wisdom gained from his memories as a poor boy in the Bahamas, his experience of racism coming to the United States, falling in love and raising a family, breaking the race barrier in theater and film during the Civil Rights Era, achieving stardom and success in Hollywood, and being a diplomat and humanitarian. He reflects on the deepest questions and the significant passages of his life, the virtues that helped him through tough times, and the sense of purpose and history that strengthened him. He emphasizes the importance of the role of faith in a technological age, as well as our responsibility to the earth and future generations. Throughout, Poitier shares stories about the people of courage he has met along the way and the meaning of life in the face of death. *Life Beyond Measure* is the perfect book to inspire readers to live the fullest life with integrity, from one of our most respected celebrities and a national treasure.

**Letters to a Young Writer** Sep 25 2019 I hope there is something here for any young writer – or any older writer, for that matter – who happens to be looking for a teacher to come along, a teacher who, in the end, can really teach nothing at all but fire. From the critically acclaimed Colum McCann, author of the National Book Award winner *Let the Great World Spin*, comes a paean to the power of language, and a direct address to the artistic, professional and philosophical concerns that challenge and sometimes torment an author. Comprising fifty-two short prose pieces, *Letters to a Young Writer* ranges from practical matters of authorship, such as finding an agent, the pros and cons of creative writing degrees and handling bad reviews, through to the more joyous and celebratory, as McCann elucidates the pleasures to be found in truthful writing, for: 'the best writing makes us glad that we are – however briefly – alive.' Emphatic and empathetic, pragmatic and profound, this is an essential companion to any author's journey – and a deeply personal work from one of our greatest literary voices.

*The Bridge at the Edge of the World* Sep 05 2020 How serious are the threats to our environment? Here is one measure of the problem: if we continue to do exactly what we are doing, with no growth in the human population or the world economy, the world in the latter part of this century will be unfit to live in. Of course human activities are not holding at current levels—they are accelerating, dramatically—and so, too, is the pace of climate disruption, biotic impoverishment, and toxification. In this book Gus Speth, author of *Red Sky at Morning* and a widely respected environmentalist, begins with the observation that the environmental community has grown in strength and sophistication, but the environment has continued to decline, to the point that we are now at the edge of catastrophe. Speth contends that this situation is a severe indictment of the economic and political system we call modern capitalism. Our vital task is now to change the operating instructions for today's destructive world economy before it is too late. The book is about how to do that.

**Letters to My White Male Friends** Jun 02 2020 In *Letters to My White Male Friends*, Dax-Devlon Ross speaks directly to the millions of middle-aged white men who are suddenly awakening to race and racism. White men are finally realizing that simply not being racist isn't enough to end racism. These men want deeper insight not only into how racism has harmed Black people, but, for the first time, into how it has harmed them. They are beginning to see that racism warps us all. *Letters to My White Male Friends* promises to help men who have said they are committed to change and to develop the capacity to see, feel and sustain that commitment so they can help secure racial justice for us all. Ross helps readers understand what it meant to be America's first generation raised after the civil rights era. He explains how we were all educated with colorblind narratives and symbols that typically, albeit implicitly, privileged whiteness and denigrated Blackness. He provides the context and color of his own experiences in white schools so that white men can revisit moments in their lives where racism was in the room even when they didn't see it enter. Ross shows how learning to see the harm that racism did to him, and forgiving himself, gave him the empathy to see the harm it does to white people as well. Ultimately, Ross offers white men direction so that they can take just action in their workplace,

community, family, and, most importantly, in themselves, especially in the future when race is no longer in the spotlight.

**The Leonard Bernstein Letters** Jan 28 2020 “With their intellectual brilliance, humor and wonderful eye for detail, Leonard Bernstein’s letters blow all biographies out of the water.”—The Economist (2013 Book of the Year) Leonard Bernstein was a charismatic and versatile musician—a brilliant conductor who attained international superstar status, and a gifted composer of Broadway musicals (*West Side Story*), symphonies (*Age of Anxiety*), choral works (*Chichester Psalms*), film scores (*On the Waterfront*), and much more. Bernstein was also an enthusiastic letter writer, and this book is the first to present a wide-ranging selection of his correspondence. The letters have been selected for the insights they offer into the passions of his life—musical and personal—and the extravagant scope of his musical and extra-musical activities. Bernstein’s letters tell much about this complex man, his collaborators, his mentors, and others close to him. His galaxy of correspondents encompassed, among others, Aaron Copland, Stephen Sondheim, Jerome Robbins, Thornton Wilder, Boris Pasternak, Bette Davis, Adolph Green, Jacqueline Kennedy Onassis, and family members including his wife Felicia and his sister Shirley. The majority of these letters have never been published before. They have been carefully chosen to demonstrate the breadth of Bernstein’s musical interests, his constant struggle to find the time to compose, his turbulent and complex sexuality, his political activities, and his endless capacity for hard work. Beyond all this, these writings provide a glimpse of the man behind the legends: his humanity, warmth, volatility, intellectual brilliance, wonderful eye for descriptive detail, and humor. “The correspondence from and to the remarkable conductor is full of pleasure and insights.”—The New York Times Book Review (Editors’ Choice) “Exhaustive, thrilling [and] indispensable.”—USA Today (starred review)
