Middle Grades Math Course 3 Wbk Apr 29 2022

Course 3 provides a solid foundation in order to fully prepare students for Algebra 1. Chapters 1-3 focus on integers, rational numbers and real numbers in order to set the stage for equations, inequalities and functions. Real-World applications to the more abstract algebraic concepts are found throughout the text. More than 5 Activity Labs per chapter ensure students receive the visual and special instruction necessary to conceptualize these abstract concepts and prepare them for advanced math courses.
