Business Analysis Based on BABOK® Guide Version 2 – A Pocket Guide Sep 14 2021 A Guide to the Business Analysis Body of Knowledge® (BABOK® Guide) is the collection of knowledge within the profession of business analysis and reflects current generally accepted practices. As with other professions, the body of knowledge is defined and enhanced by the business analysis professionals who apply it in their daily work role. The purpose of this pocket guide to the BABOK® Guide is to help understand the key knowledge found within the BABOK Guide and how it can be applied to a particular situation. Primary target groups for this pocket guide are: • Individuals interested in how business analysis works or who may want to become Business Analysts; • Business Analysts as a quick reference during the course of their day-to-day work; • Team members working on projects or within normal organizational operations where business

analysis is performed; • Managers and executives who need to understand how business analysis can help improve their organizations. This pocket guide is based upon the content found in Version 2 of the BABOK Guide. The BABOK Guide was first published by the International Institute of Business Analysis (IIBA) in 2005. Version 2.0 was released in March 2009. The BABOK® Guide describes business analysis areas of knowledge, their associated activities and the tasks and skills necessary to be effective in their execution. The BABOK® Guide is a reference for professional knowledge for business analysis and provides the basis for the Certified Business Analysis Professional™ (CBAP®) and the Certification of Competency in Business Analysis™ (CCBA®) certifications.

The examination for Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) remains one of the most internationally recognised postgraduate examinations in the specialty. Over the years, the examination has evolved in keeping with changes in medical education; the Part 2 examination now consists of two papers made up of Single Best Answer (SBA) questions and Extended Matching Questions (EMQ). This invaluable resource consists of 400 SBA questions (200 in Obstetrics and 200 in Gynaecology), followed by 400 EMQs (200 in Obstetrics and 200 in Gynaecology), grouped into papers, to provide enough material to guide preparations and to give some practice experience of the examination formats. All the questions have answers with explanations and sources of evidence. In preparing for the examination, candidates

should make repeated references to these sources of evidence. There is also general advice on how to prepare for the examination and discussion of the reasons why trainees fail the examination.

Interpretable Machine Learning May 10 2021 This book is about making machine learning models and their decisions interpretable. After exploring the concepts of interpretability, you will learn about simple, interpretable models such as decision trees, decision rules and linear regression. Later chapters focus on general model-agnostic methods for interpreting black box models like feature importance and accumulated local effects and explaining individual predictions with Shapley values and LIME. All interpretation methods are explained in depth and discussed critically. How do they work under the hood? What are their strengths and weaknesses? How can their outputs be interpreted? This book will enable you to select and correctly apply the interpretation method that is most suitable for your machine learning project.
