Chinese History and Culture Jul 20 2019 The recipient of the Kluge Prize for lifetime achievement in the humanities and the Tang Prize for "revolutionary research" in Sinology, Ying-shih Yü is a premier scholar of Chinese studies. *Chinese History and Culture* volumes 1 and 2 bring his extraordinary oeuvre to English-speaking readers. Spanning two thousand years of social, intellectual, and political change, the essays in these volumes investigate two central questions through all aspects of Chinese life: what core values sustained this ancient civilization through centuries of upheaval, and in what ways did these values survive in

modern times? From Ying-shih Yü's perspective, the Dao, or the Way, constitutes the inner core of Chinese civilization. His work explores the unique dynamics between Chinese intellectuals' discourse on the Dao, or moral principles for a symbolized ideal world order, and their criticism of contemporary reality throughout Chinese history. Volume 2 of *Chinese History and Culture* completes Ying-shih Yü's systematic reconstruction and exploration of Chinese thought over two millennia and its impact on Chinese identity. Essays address the rise of Qing Confucianism, the development of the Dai Zhen and Zhu Xi traditions, and the response of the historian Zhang Xuecheng to the Dai Zhen approach. They take stock

of the thematic importance of Cao Xueqin's eighteenth-century masterpiece *Honglou meng* (Dream of the Red Chamber) and the influence of Sun Yat-sen's Three Principles of the People, as well as the radicalization of China in the twentieth century and the fundamental upheavals of modernization and revolution. Ying-shih Yü also discusses the decline of elite culture in modern China, the relationships among democracy, human rights, and Confucianism, and changing conceptions of national history. He reflects on the Chinese approach to history in general and the larger political and cultural function of chronological biographies. By situating China's modern encounter with the West in a wider historical frame, this second volume of *Chinese History and Culture* clarifies its more curious turns and contemplates the importance of a renewed interest in the traditional Chinese values recognizing common humanity and human dignity.

Flower Flash Oct 15 2021 From Lewis Miller, the celebrated floral designer and "Flower Bandit" himself, an intimate and joyous behind-the-scenes look at his signature Flower Flashes as they introduced bright moments of natural beauty into the city when they were needed most. Before dawn one morning in October 2016, renowned New York-based floral designer Lewis Miller stealthily arranged hundreds of brightly colored dahlias, carnations, and mums into a psychedelic halo around the John Lennon memorial in Central Park. The spontaneous floral installation was Miller's gift to the city—an effort to spark joy during a difficult time. Nearly five years and more than ninety Flower Flashes later, these elaborate flower bombs—bursts of jubilant blooms in trash cans, over bus canopies, on construction sites and traffic medians—have brought moments of delight and wonder to countless New Yorkers and flower lovers everywhere, and earned Miller a following of dedicated fans and the nickname the "Flower Bandit." After New York City entered lockdown, Miller doubled down, creating Flower Flashes outside hospitals to express gratitude to frontline health workers and throughout

the city to raise spirits. This gorgeous and poignant visual diary traces the phenomenon from the first, spontaneous Flower Flash to the even more profound installations of the pandemic through a kaleidoscopic collage of photos documenting the Flower Flashes, behind-the-scenes snapshots, Miller's inspiration material, fan contributions, and more. *May Flowers* Dec 25 2019 Being Boston girls, of course they got up a club for mental improvement, and, as they were all descendants of the Pilgrim Fathers, they called it the May Flower Club. A very good name, and the six young girls who were members of it made a very pretty posy when they met together, once a week, to sew, and read well-chosen books. At the first meeting of the season, after being separated all summer, there was a good deal of gossip to be attended to before the question, "What shall we read?" came up for serious discussion.

Style, Wit and Word-Play Sep 14 2021 This collection of essays is dedicated to the memory of David Hawkes (1923-2009), who is remembered as a pre-eminent translator and interpreter of Chinese literature into English, his most famous work being the translation of the classic eighteenth-century Chinese novel, the *Hongloumeng* or *The Story of the Stone*. The first part of the collection consists of studies on him and his works; the second part on the art of translation into English from Chinese literature. All the essays are written by scholars in the field from Britain, America, Australia and Hong Kong.

[The Secret Life of Literature](#) Jan 26 2020 An innovative account that brings together cognitive science, ethnography, and literary history to examine patterns of “mindreading” in a wide range of literary works. For over four thousand years, writers have been experimenting with what cognitive scientists call “mindreading”: constantly devising new social contexts for making their audiences imagine complex mental states of characters and narrators. In *The Secret Life of Literature*, Lisa Zunshine uncovers these mindreading patterns, which have, until now, remained invisible to both readers and critics, in works ranging from *The Epic of Gilgamesh* to *Invisible Man*. Bringing together cognitive science, ethnography, and literary studies, this engaging book transforms our understanding of literary history. Central to Zunshine’s argument is the exploration of mental states “embedded” within each other, as, for instance, when Ellison’s *Invisible Man* is aware of how his white Communist Party comrades pretend not to understand what he means, when they want to reassert their position of power. Paying special attention to how race, class, and gender inform literary embeddings, Zunshine contrasts this dynamic with real-life patterns studied by cognitive and social psychologists. She also considers community-specific mindreading values and looks at the rise and migration of embedment patterns across genres and national literary traditions, noting particularly the use of deception, eavesdropping, and shame as plot devices. Finally, she investigates mindreading in children’s literature. Stories for children geared toward different stages of development, she shows, provide cultural scaffolding for initiating young readers into a

long-term engagement with the secret life of literature.

Sexual Identities Sep 02 2020 Cognitive cultural theorists have rarely taken up sex, sexuality, or gender identity. When they have done so, they have often stressed the evolutionary sources of gender differences. In *Sexual Identities*, Patrick Colm Hogan extends his pioneering work on identity to examine the complexities of sex, the diversity of sexuality, and the limited scope of gender. Drawing from a diverse body of literary works, Hogan illustrates a rarely drawn distinction between practical identity (the patterns in what one does, thinks, and feels) and categorical identity (how one labels oneself or is categorized by society). Building on this distinction, he offers a nuanced reformulation of the idea of social construction, distinguishing ideology, situational determination, shallow socialization, and deep socialization. He argues for a meticulous skepticism about gender differences and a view of sexuality as evolved but also contingent and highly variable. The variability of sexuality and the near absence of gender fixity--and the imperfect alignment of

practical and categorical identities in both cases--give rise to the social practices that Judith Butler refers to as "regulatory regimes." Hogan goes on to explore the cognitive and affective operation of such regimes. Ultimately, *Sexual Identities* turns to sex and the question of how to understand transgenering in a way that respects the dignity of transgender people, without reverting to gender essentialism.

Changing Chinese Masculinities Aug 13 2021 It is now almost a cliché to claim that China and the Chinese people have changed. Yet inside the

new clothing that is worn by the Chinese man today, Kam Louie contends, we still see much of the historical Chinese man. With contributions from a team of outstanding scholars, *Changing Chinese Masculinities* studies a range of Chinese men in diverse and, most importantly, Chinese contexts. It explores the fundamental meaning of manhood in the Chinese setting and the very notion of an indigenous Chinese masculinity. In twelve chapters spanning the late imperial period to the present day, *Changing Chinese Masculinities* brings a much needed historical dimension to the discussion. Key aspects defining the male identity such as family relationships and attitudes toward sex, class, and career are explored in depth. Familiar notions of Chinese manhood come in all shapes and sizes. Concubinage reemerges as the taking of "second wives" in recent decades. Male homoerotic love and male prostitution are shown to have long historical roots. The self-images of the literati and officials form an interesting contrast with those of the contemporary white-collar men. Masculinity and nationalism complement each other in troubling ways. China has indeed changed and is still changing, but most of these social transformations do not indicate a complete break with past beliefs or practices in gender relations. *Changing Chinese Masculinities* inaugurates the Hong Kong University Press book series "Transnational Asian Masculinities." "Produced by a group of outstanding scholars, this volume offers important insights into little-known aspects of Chinese masculinity. An indispensable reference for those with an interest in Chinese sexuality, social history, and contemporary Chinese culture." —Anne McLaren, professor of Chinese studies, University of Melbourne "In this book, scholars of late imperial and contemporary China gather to define and critique masculinity in both periods, explore its complexities, and map continuities and discontinuities. What are the traditional models and to what degree do they still maintain a grip today? Is there a 'masculinity crisis' in China, and what does it mean to be a Chinese man today? These are some of the daring topics the authors explore." —Keith McMahan, professor of Chinese language and literature, University of Kansas

The Book and the Sword Dec 17 2021 This novel deals with the legend

[The Story of the Stone: The Crab-Flower Club](#) Oct 27 2022 "The Story of the Stone" (c. 1760), also known as "The Dream of the Red Chamber", is one of the greatest novels of Chinese literature. The fifth part of Cao Xueqin's magnificent saga, "The Dreamer Awakes", was carefully edited and completed by Gao E some decades later. It continues the story of the changing fortunes of the Jia dynasty, focussing on Bao-yu, now married to Bao-chai, after the tragic death of his beloved Dai-yu. Against such worldly elements as death, financial ruin, marriage, decadence and corruption, his karmic journey unfolds. Like a sleepwalker through life, Bao-yu is finally awakened by a vision, which reveals to him that life itself is merely a dream, 'as moonlight mirrored in the water'.

[Men and Women in Qing China](#) Jun 11 2021 This volume is a comprehensive analysis of constructions of gender in the great Chinese novel, *The Red Chamber Dream*. It provides a fascinating discussion of issues such as bisexuality, virginity, sexual power and parenting in the context of Qing dynasty China.

[Dream of the Red Chamber](#) Mar 08 2021 This edited volume contains an excellent collection of contributions and presents various informative topics under the central theme: literary and translation approaches to China's greatest classical novel *Hongloumeng*. Acclaimed as one of the Four Great Classical Novels of Chinese literature, *Hongloumeng* (known in English as *The Dream of the Red Chamber* or *The Story of the Stone*) epitomizes 18th century Chinese social and cultural life. Owing to its kaleidoscopic description of Chinese life and culture, the novel has also exerted a significant impact on world literature. Its various translations, either full-length or abridged, have been widely read by an international audience. The contributors to this volume provide a renewed perspective into *Hongloumeng* studies by bringing together scholarship in the fields of literary and translation studies. Specifically, the use of corpora in the framework of digital humanities in a number of chapters helps re-address many issues of the novel and its translations, from an innovative

angle. The book is an insightful resource for both scholars of Chinese literature and for linguists with a focus on translation studies.

The Southern Garden Poetry Society Feb 25 2020 What has traditionally been the main matter explored by Cantonese literati? From the earliest poets—oceanic elements and riparian scenes contrasted with stunning rock formations; a love for the exotic, especially local plants, products, and lore; Daoist transcendentalism; and, finally, a concern for pointing up local loyalty to the distant throne and a fierce pride in being culturally authentically Chinese. The Southern Garden Poetry Society in Guangzhou was the only major literary club in Chinese history to be periodically reconvened over the Ming, Qing, and Republican eras. Beginning with an examination of its five founding members during the Yuan / Ming transition period, in particular Sun Fen (1335-1393), David Honey traces the various elements of this Southern Muse that became embodied in later Cantonese poetry, and pursues the issue of social memory by focusing on later reconvenings of the society.

Lightning Flowers Jun 18 2019 This "utterly spectacular" book weighs the impact modern medical technology has had on the author's life against the social and environmental costs inevitably incurred by the mining that makes such innovation possible (Rachel Louise Snyder, author of *No Visible Bruises*). What if a lifesaving medical device causes loss of life along its supply chain? That's the question Katherine E. Standefer finds herself asking one night after being suddenly shocked by her implanted cardiac defibrillator. In this gripping, intimate memoir about health, illness, and the invisible reverberating effects of our medical system, Standefer recounts the astonishing true story of the rare diagnosis that upended her rugged life in the mountains of Wyoming and sent her tumbling into a fraught maze of cardiology units, dramatic surgeries, and slow, painful recoveries. As her life increasingly comes to revolve around the internal defibrillator freshly wired into her heart, she becomes consumed with questions about the supply chain that allows such an ostensibly miraculous device to exist. So she sets out to trace its materials back to their roots. From the sterile labs of a medical device manufacturer in southern California to the tantalum and tin mines seized

by armed groups in the Democratic Republic of the Congo to a nickel and cobalt mine carved out of endemic Madagascar jungle, *Lightning Flowers* takes us on a global reckoning with the social and environmental costs of a technology that promises to be lifesaving but is, in fact, much more complicated. Deeply personal and sharply reported, *Lightning Flowers* takes a hard look at technological mythos, healthcare, and our cultural relationship to medical technology, raising important questions about our obligations to one another, and the cost of saving one life.

Religions of the East Nov 04 2020 Under the rubric of 'Religions of the East', which includes Buddhism, Hinduism, Sikhism, Jainism and a myriad of Chinese religio-philosophies, are a vast range of views concerning human sexuality. These contrasting attitudes are mapped through this volume on *Religions of the East* in *The Library of Essays on Sexuality and Religion* series. Part 1 presents previously-published articles that explore several Eastern Religions in the way they construct sexuality through expressions of their pertinent holy writings and belief systems, as applied in differing historical and cultural contexts. Part 2 takes sexual renunciation and asceticism as its focus through the traditions of Hinduism, Jainism and the Chinese religious systems. Part 3 explores the connection between sexuality, gender and sexuality in Hindu and Buddhist customs in varied social settings. The final part of the volume includes articles examining Eastern religions in their attitudes towards sexual 'variants' including bi-sexuality, trans-sexuality and contested sexual categories.

Our Stories Feb 07 2021 *Our Stories: Black Families in Early Dallas* enlarges upon two publications by the late Dr. Mamie McKnight's organization, *Black Dallas Remembered—First African American Families of Dallas* (1987) and *African American Families and Settlements of Dallas* (1990). *Our Stories* is the history of Black citizens of Dallas going about their lives in freedom, as described by the late Eva Partee McMillan: "The ex-slaves purchased land, built homes, raised their children, erected their educational and religious facilities, educated their children, and profited from their labor." *Our Stories* brings together memoirs from many of Dallas's earliest Black families, as handed down over the generations to their twentieth-century descendants. The period covered begins in the 1850s and goes through the 1930s. Included are detailed descriptions of more than thirty early Dallas communities formed by free African Americans, along with the histories of fifty-seven early Black families, and brief biographies of many of the early leaders of these Black communities. The stories reveal hardships endured and struggles overcome, but the storytellers focus on the triumphs over adversity and the successes achieved against the odds. The histories include the founding of churches, schools, newspapers, hospitals, grocery stores, businesses, and other institutions established to nourish and enrich the lives of the earliest Black families in Dallas.

The Reason for Flowers Jan 06 2021 An exploration of the roles flowers play in the production of our foods, spices, medicines, and perfumes reveals their origins, myriad shapes, colors, textures and scents, bizarre sex lives, and how humans-- and the natural world-- relate and depend upon them.

A Companion to The Story of the Stone May 22 2022 *The Story of the Stone* (also known as *Dream of the Red Chamber*) is widely held to be the greatest work of Chinese literature, beloved by readers ever since it was first published in 1791. The story revolves around the young scion of a mighty clan who, instead of studying for the civil service examinations, frolics with his maidservants and girl cousins. The narrative is cast within a mythic framework in which the protagonist's rebellion against

Confucian strictures is guided by a Buddhist monk and a Taoist priest. Embedded in the novel is a biting critique of imperial China's political and social system. This book is a straightforward guide to a complex classic that was written at a time when readers had plenty of leisure to sort through the hundreds of characters and half a dozen subplots that weave in and out of the book's 120 chapters. Each chapter of the companion summarizes and comments on each chapter of the novel. The companion provides English-speaking readers—whether they are simply dipping into this novel or intent on a deep analysis of this masterpiece—with the cultural context to enjoy the story and understand its world. The book is keyed to David Hawkes and John Minford's English translation of *The Story of the Stone* and includes an index that gives the original Chinese names and terms.

Golden-Silk Smoke May 30 2020 From the long-stemmed pipe to snuff, the water pipe, hand-rolled cigarettes, and finally, manufactured cigarettes, the history of tobacco in China is the fascinating story of a commodity that became a hallmark of modern mass consumerism. Carol Benedict follows the spread of Chinese tobacco use from the sixteenth century, when it was introduced to China from the New World, through the development of commercialized tobacco cultivation, and to the present day. Along the way, she analyzes the factors that have shaped China's highly gendered tobacco cultures, and shows how they have evolved within a broad, comparative world-historical framework. Drawing from a wealth of historical sources—gazetteers, literati jottings (biji), Chinese materia medica, Qing poetry, modern short stories, late Qing and early Republican newspapers, travel memoirs, social surveys, advertisements, and more—*Golden-Silk Smoke* not only uncovers the long and dynamic history of tobacco in China but also sheds new light on global histories of fashion and consumption.

Writing the South Seas Apr 09 2021 Postcolonial literature in Chinese

from the Nanyang, literally the South Seas, examines the history of Chinese migration, localization, and interethnic exchange in Southeast Asia, and offers a rich variety of approaches to identity. In *Writing the South Seas*, Brian Bernards explores why Nanyang encounters, which have been neglected by most literary histories, should be seen as crucial to the national literatures of China and Southeast Asia. He shows how Nanyang, as a literary trope, has been deployed as a platform by mainland and overseas Chinese writers to rethink colonial and national paradigms. Through a collection of diverse voices—from modern Chinese writers like Xu Dishan, Yu Dafu and Lao She to postcolonial Southeast Asian authors from Singapore, Malaysia, and Thailand—writers such as Ng Kim Chew, Chia Joo Ming, Pan Yutong, Yeng Pway Ngon, Suchen Christine Lim, Praphatson Sewikun and Fang Siruo—Bernards demonstrates how the Nanyang imagination negotiates the boundaries of national literature as a meaningful postcolonial subject, and speaks to broader conversations in postcolonial and global literature. This book, written from the emerging field of Sinophone Studies, puts the literature of the region in a new light.

Sacred Bliss Jul 12 2021 One of the most important relationships that human beings have with plants is changing our consciousness—consider the plants that give us coffee, tea, chocolate, and nicotine. *Sacred Bliss* challenges traditional attitudes about cannabis by tracing its essential role in the spiritual and curative traditions in Asia, the Middle East, Africa, Europe, and the Americas from prehistory to the present day. In highlighting the continued use of cannabis around the globe, *Sacred Bliss* offers compelling evidence of cannabis as an entheogen used for thousands of years to evoke peak-experiences, or moments of expanded perception or spiritual awareness. Today, the growing utilization of medical cannabis to alleviate the pain and symptoms of physical illness raises the possibility of using cannabis to treat the mind along with the body. By engaging sacred and secular texts from around the world, *Sacred Bliss* demonstrates that throughout religious history, cannabis has offered access to increased imagination and creativity, heightened perspective and insight, and deeper levels of thought.

The Story of the Stone: The Warning Voice (Volume III) Jul 24 2022 *The Story of the Stone* (c. 1760), also known by the title of *The Dream of the Red Chamber*, is the great novel of manners in Chinese literature. Divided into five volumes, of which *The Warning Voice* is the third, it charts the glory and decline of the illustrious Jia family (a story which closely accords with the fortunes of the author's own family). The two main characters, Bao-yu and Dai-yu, are set against a rich tapestry of humour, realistic detail and delicate poetry, which accurately reflects the ritualized hurly-burly of Chinese family life. But over and above the novel hangs the constant reminder that there is another plane of existence - a theme which affirms the Buddhist belief in a supernatural scheme of things.
