Lifelode Jun 02 2020 *Lifelode* is the Mythopoeic Award Winning novel from Hugo, Nebula and World Fantasy Award winning author Jo Walton. It was published in hardcover in 2009 by NESFA Press and is now available for the first time as an ebook. At its heart, *Lifelode* is the story of a comfortable manor house family. The four adults of the household are happily polygamous, each fulfilling their 'lifelode' or life's purpose: Ferrand is the lord of the manor, his sweetmate Taveth runs the household, his wife Chayra makes ceramics, and Taveth's husband Ranal works the farm. Their children are a joyful bunch, running around in the sunshine days of the harvest and wondering what their own lifelodes will be. Their lives changed with the arrival of two visitors to Applekirk: Jankin the scholar and Hanethe, Ferrand's great grandmother and the former lord of the manor, who has been living for many generations in the East, a place where the gods walk and yeya (magic) is so powerful that those who wield it are not quite human.

Ruins and Empire Jan 28 2020 One of the most common scenes in Augustan and Romantic literature is that of a writer confronting some emblem of change and loss, most often the remains of a vanished civilization or a desolate natural landscape. *Ruins and Empire* traces the ruin sentiment from its earliest classical and Renaissance expressions through English literature to its establishment as a dominant theme of early American art.

Ancient Egyptian Roots of Christianity, Expanded 2nd Edition Dec 29 2019 Egyptian roots of Christianity, both historically and spiritually. This book reveals the Ancient Egyptian roots of Christianity, both historically and spiritually. This Expanded Version of the book consists of three parts to coincide with the terms of trinity. The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent characters. The second part demonstrates that the accounts of the “historical Jesus” are based entirely on the life and death of the Egyptian Pharaoh, Twt/Tut-Ankh-Amen. The third part demonstrates that the “Jesus of Faith” and the Christian tenets are all Egyptian in origin—such as the essence of the teachings/message, the creation of the universe and man (according to the Book of Genesis), as well as the religious holidays. The very thing that is now called the Christian religion was already in existence in Ancient Egypt, long before the adoption of the New Testament. The British Egyptologist, Sir E. A. Wallis Budge, wrote in his book, *The Gods of the Egyptians* [1969], The new religion (Christianity) which was preached there by St. Mark and his immediate followers, in all essentials so closely resembled that which was the outcome of the worship of Osiris, Isis, and Horus. The similarities, noted by Budge and everyone who has compared the Egyptian Osiris/Isis/Horus allegory to the Gospel story, are striking. Both accounts are practically the same, e.g.

the supernatural conception, the divine birth, the struggles against the enemy in the wilderness, and the resurrection from the dead to eternal life. The main difference between the “two versions”, is that the Gospel tale is considered historical and the Osiris/Isis/Horus cycle is an allegory. The spiritual message of the Ancient Egyptian Osiris/Isis/Horus allegory and the Christian revelation is exactly the same. The British scholar A.N. Wilson pointed out in his book, *Jesus: The Jesus of History and the Christ of Faith* are two separate beings, with very different stories. It is difficult enough to reconstruct the first, and in the attempt we are likely to do irreparable harm to the second. This book will demonstrate that the “Jesus of History”, the “Jesus of Faith”, and the tenets of Christianity are all Ancient Egyptian. This will be done without causing any “irreparable harm” as per A.N. Wilson’s concern, for two main reasons: Firstly, the truth must be told. Secondly, explaining Christian tenets via their original Ancient Egyptian contexts will enhance the idealism of Christianity. This Expanded Version of the book consists of three parts to coincide with the terms of trinity—the Three that are Two that are One. The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent individuals. The second part demonstrates that the accounts of the “historical Jesus” are based entirely on the life and death of the Egyptian Pharaoh, Twt/Tut- Ankh-Amen. The third part demonstrates that the “Jesus of Faith” and the Christian tenets are all Egyptian in origin—such as the essence of the teachings/message, the creation of the universe and man

(according to the Book of Genesis), as well as the religious holidays. There is an undeniable irony and a profound, deep, undeniable truth in Hosea's prophetic saying, Out of Egypt have I called my Son. A deep irony indeed. Let us open our minds and review the available evidence. For the truth is a composite of different and complementary pieces of a puzzle. Let us put the pieces in the right location, time and order.

The Lehman Trilogy Oct 07 2020 Basis for the 2022 'Tony Award Best Play' winner Magnificent in scope, internationally lauded, and transcendent, the novel in verse that inspired the sensational West End and Broadway play of the same name. The Lehman Trilogy follows the epic rise and fall of three generations of that infamous family and through them tells the story of American ambition and hubris. After leaving his native Bavaria, Henry Lehman arrives in America determined to make a better life. Sensing opportunity in the Deep South, he opens a textile shop in Alabama, laying the foundation for a dynasty that will come to dominate and define modern capitalism. Emanuel and his brother Mayer begin investing in anything and everything that will turn a profit, from cotton to coal to railroads to oil to airplanes—even at the expense of the very nation that forged them. Spanning three generations and 150 years, *The Lehman Trilogy* is a moving epic that dares to tell the story of modern capitalism through the saga of the Lehman brothers and their descendants. Surprising and exciting, brilliant and inventive, Stefano Massini's masterpiece—like *Hamilton*—is a story of immigration, ambition, and success; it is the

story of America itself from a daring and original perspective. Translated from the Italian by Richard Dixon

Constructing Reality Jul 24 2019 Is Lily-Julie just a projection of Nicholas's own desires? Is reality just a projection of our own ideas? The former is one of the central questions in John Fowles's novel *The Magus*; the latter is the nucleus of constructivism. This study traces construct

Clara Callan Feb 29 2020 In a small town in Canada, Clara Callan reluctantly takes leave of her sister, Nora, who is bound for New York. While Nora embarks on a glamorous career as a radio-soap opera star, Clara, a strong and independent-minded woman, struggles to observe the traditional boundaries of a small and tight-knit community without relinquishing her dreams of love, freedom, and adventure. However, things aren't as simple as they appear -- Nora's letters eventually reveal life in the big city is less exotic than it seems, and the tranquil solitude of Clara's life is shattered by a series of unforeseeable events. These twists of fate require all of Clara's courage and strength, and finally put the seemingly unbreakable bond between the sisters to the test.

John Fowles's Fiction and the Poetics of Postmodernism Jul 04 2020 This book presents a deconstructive reading of the novels and short stories of John Fowles. As a contemporary novelist, Fowles began as a modernist self-consciously aware of the various narratological problems that he encountered throughout his writings. In his most recent novel, *A Maggot*, however, he assumes the role of the postmodernist who not only subverts the tradition of narratology, but also poses a series of problems concerning history and politics. Throughout this study, Mahmoud Salami attempts to locate Fowles's fiction in the context of modern critical theory and narrative poetics. He provides a lively analysis of the ways in which Fowles deliberately deployed realistic historical narrative in order to subvert them from within the very conventions they seek to transgress, and he examines these subversive techniques and the challenges they pose to the tradition of narratology. Salami presents, for instance, a critique of the self-conscious narrative of the diary form in *The Collector*, the intertextual relations of the multiplicity of voices, the problems of subjectivity, the reader's

position, the politics of seduction, ideology, and history in *The Magus* and *The French Lieutenant's Woman*. The book also analyzes the ways in which Fowles uses and abuses the short-story genre, in which enigmas remain enigmatic and the author disappears to leave the characters free to construct their own texts. Salami centers, for example, on *A Maggot*, which embodies the postmodernist technique of dialogical narrative, the problem of narrativization of history, and the explicitly political critique of both past and present in terms of social and religious dissent. These political questions are also echoed in Fowles's nonfictional book *The Aristos*, in which he strongly rejects the totalization of narratives and the materialization of society. Indeed, Fowles emerges as a postmodernist novelist committed to the underprivileged, to social democracy, and to literary pluralism. This study clearly illustrates the fact that Fowles is a poststructuralist--let alone a postmodernist--in many ways: in his treatment of narratives, in mixing history with narrative fiction and philosophy, and in his appeal for freedom and for social and literary pluralism. It significantly contributes to a better understanding of Fowles's problematical narratives, which can only be properly understood if treated within the fields of modern critical theory, narratology, and the poetics of postmodernism.

Conversations with John Fowles Jul 16 2021 Although best known for his novels *The Collector*, *The Magus*, and *The French Lieutenant's Woman*, John Fowles is also a short story writer, a poet, a respected translator, and a prolific essayist. In his long literary career,

he has managed the feats of welding stunning innovation to tradition, pushing the formal boundaries of literary fiction, and still capturing critical acclaim, popular success, and a worldwide readership. In *Conversations with John Fowles*, the first book of interviews devoted to the English writer, Dianne L. Vipond gathers over twenty of the most revealing interviews Fowles has granted in the last forty years. With critics, scholars, and journalists, he discusses his life, his art, his distinctive world view, and his special relationship with nature. Throughout his interviews, Fowles's remarkable consistency of thought is illuminated as he covers the meaning and genesis of his work. His uncompromising honesty and refreshing lack of guardedness are evident when he compares the naturalness of writing with eating or making love. From the 1960s through the 1990s, this master chronicler of the late half of the twentieth century reveals his serious engagement with social, political, and philosophical issues. He identifies himself with feminism, socialism, humanism, and the environmental movement, and he explores his recurring theme of personal, artistic, and socio-political freedom. His books, he says, "are about the difficulty of attaining personal freedom, especially in terms of discovering what one is." Any reader who has been intrigued, challenged, and entertained by his work in the past is sure to find these conversations spanning the writer's career to be stimulating and revealing. Dianne L. Vipond is a professor of English at California State University, Long Beach. A co-editor of the book *Literacy, Language, and Power*, she has published articles in *English Journal*,

Short Story, Twentieth Century Literature, and the Los Angeles Times.

Corpus Stylistics in Principles and Practice Sep 17 2021 In this book, Yufang Ho compares the text style difference between the two versions of John Fowles' *The Magus*, exemplifying the methodological principles and analytic practices of the corpus stylistic approach. *The Magus* was first published in 1966 and was revised and republished by Fowles in 1977. Fowles' own comment on the second edition was that it was 'rather more than a stylistic revision.' The book explores how the revised version is linguistically different from the original, especially in terms of point of view (re) representation. The corpus stylistic approach adopted combines qualitative and quantitative comparison to confirm the overall text style difference. The analysis demonstrates that computer assisted methods can identify significant linguistic features which literary critics have not noticed and provide a more detailed descriptive basis for literary interpretation of (either edition) of the novel. This analysis of *The Magus* serves as a case study and exemplar of how corpus techniques may be used generally in the study of linguistics.

Over a period of four years, they photographed boxers, army captains, doctors, bikers, fashion stylists, musicians, temple volunteers, magicians and Sikhs from a host of other occupations. They sought out individuals – men, women and children – with inspiring stories to tell, as well as a unique approach to wearing their traditional articles of faith. The Aristos Jul 28 2022 Two years after *The Collector* had brought him international recognition and a year before he published *The Magus*, John Fowles set out his ideas on life

in *The Aristos*. The chief inspiration behind them was the fifth century BC philosopher Heraclitus. In the world he posited of constant and chaotic flux the supreme good was the Aristos, 'of a person or thing, the best or most excellent its kind'. 'What I was really trying to define was an ideal of human freedom (the Aristos) in an unfree world,' wrote Fowles in 1965. He called a materialistic and over-conforming culture to reckoning with his views on a myriad of subjects - pleasure and pain, beauty and ugliness, Christianity, humanism, existentialism, socialism

Interpretation and Analysis of John Fowles's Postmodern Novel "The Magus" Dec 21 2021 Seminar paper from the year 2008 in the subject English Language and Literature Studies - Literature, University of Heidelberg, language: English, abstract: "The Magus" is John Fowles's first written – though not first published – novel which he began to write in the 1950s. But only in 1977 after 12 years of revising did he publish the version he was finally

satisfied with, which “is the one [he wanted] to see reprinted.” Its complexity and its richness of stories, symbolism and metaphors gained *The Magus* not only a lot of criticism but just as much success. The organised chaos of the masque distracts as well as interests and fascinates the reader. Even though there is no ‘real meaning of’ or ‘right reaction to’ the novel as such, there are possibilities of interpretation. The first part of this paper will be an interpretation of the most important features of the story, concentrating principally on Nicholas’s hunt for freedom, the symbolism of the women in the masque as well as the masque itself and the end. After that, the narrative techniques will be looked at more closely, leading to the question: In which aspects is *The Magus* postmodern?

Re-reading John Fowles's *The Magus* from the Greek Culture Perspective Mar 31 2020

When John Keats wrote his poem "Ode on a Grecian Urn" he dedicated it not to the Greek object of art but to everything that it represented through the immortalized images and values that the urn preserved and mysteriously concealed. Many years later, another English writer, this time a post-modernist one, got inveigled into the Circe-like mirage of Greece. While Keats foregrounded the classic aspects of Greek specificity and art, Fowles repainted a wild and contradictory Greece, powerful and seducing. Through its ancient culture, this image inherits the paradigm of the contemporary world, the Dionysian paradigm. Thus post-modernist Fowles rediscovers Greece different from the typical perspective, a fascinating and deceiving mermaid to whom the ode is dedicated. The focus

of this study is on how Greece seduced the Fowlesian literary creations and how much its culture and specificity influenced John Fowles. This interest gets substantialized in by revealing the Greek aspects that appear in the novel *The Magus* and the way they create new suggestive layers of the Fowlesian text.

The Tree Apr 24 2022 In this series of moving recollections involving both his childhood and his work as a mature artist, John Fowles explains the impact of nature on his life and the dangers inherent in our traditional urge to categorize, to tame and ultimately to possess the landscape. This acquisitive drive leads to alienation and an antagonism to the apparent disorder and randomness of the natural world. For John Fowles the tree is the best analogue

of prose fiction, symbolizing the wild side of our psyche, and he stresses the importance in art of the unpredictable, the unaccountable and the intuitive.
