This rhyming picture book is choc full of Easter fun and has a brilliant message about teamwork that is perfect for reading all year round. Pippa Curnick's bright illustrations are packed with humour and bring this Easter story to life.

Shooting a Tiger May 31 2020 The figure of the white hunter sahib proudly standing over the carcass of a tiger with a gun in hand is one of the most powerful and enduring images of the empire. This book examines the colonial politics that allowed British imperialists to indulge in such grand posturing as the rulers and protectors of indigenous populations. This work studies the history of hunting and conservation in colonial India during the high imperial decades of the nineteenth and early twentieth centuries. At this time, not only did hunting serve as a metaphor for colonial rule signifying the virile sportsmanship of the British hunter, but it also enabled vital everyday governance through the embodiment of the figure of the officer-hunter-administrator. Using archival material and published sources, the author examines hunting and wildlife conservation from various social and ethnic perspectives, and also in different geographical contexts, extending our understanding of the link between shikar and governance.

We're Going on a Bear Hunt: My First Opposites Nov 24 2019 Follow the path and trace the lines with this first-opposites adventure based on the much-loved world of the We're Going on a Bear Hunt animated film. A butterfly flies up, and an acorn falls down. The sun is big, and a dandelion is small. What other opposites can you find on these pages? The youngest readers can trace the arrows or the objects and learn all about opposites in this early-concepts adventure. The easy-to-follow pages feature animals and plants from the popular We're Going on a Bear Hunt film. Learning about opposites has never been more fun!

The Last Hunt in Early County Jul 25 2022 It is hard to say exactly what it is that makes friendships develop. There is certainly the bond of common interest. But friendship is more than that. It grows stronger with shared adventure, shared pain, and shared laughter. I have a better insight into why you enjoyed those trips to South Georgia. Ruth said after 'proofing' the chapters for me, but she expressed concern that some of the stories might be too ribald for the grandchildren to read. But I am only relating what was said and done as best I can remember. When I told Paul that I was writing about the trips, he also suggested that I might not want to tell it all. But I did ? all that came to mind anyway. To really understand, you've got to know it all. The stories in this book are about the annual quail hunting trips Paul and I made to Early County, Georgia over a period of twelve or so years. More than that, the book is about the friendships that four men developed and the bonds that grew over the years. William and Paul lived in the same dormitory when they were students at Auburn University in the late 1950's. During that time they began making a yearly trip to quail hunt at William's family farm just north of Blakely, and after Paul retired from the Marines, they took up the tradition again. In February, 1993 they invited me to join them. You will see from these dates that we were not spring chickens when the hunts occurred. The exception is Toby, the sprightly young grig, who was a friend and neighbor of William. I use 'neighbor' in the rural sense because they were not in hollering distance of each other. I could tell that they had a bond when I met them, and that Toby went to 'choir practice' with William's older buddies. 'Choir practice' was William's euphemism for playing poker. I do not think that either had a corrupting influence on the other. They were also fishing and hunting partners, the same as Paul and I. Anyone who loves dogs will understand the special bond that develops between owner and dog, or in my case, it seems, between owner and man. I love my dogs, and, thank God, Ruth does too ? probably more than I do. This story is about them, too. Most of all, the story is about the gentleman himself, Mr. Bob White. I fear that I have not done him justice because he is hard to describe. He is fast, agile, allusive, elusive, evasive, and smart. He is gregarious with his clan and forms a covey that moves like an army and springs into the air simultaneously, each foot seeming to leave the ground at the same millisecond. Covey rises always seem choreographed, and even when you know it is about to happen, it is like a surprise, a startle. The sound of a covey rise is frequently expressed as being like an explosion, or thunder, or eruption, but it is not like that. Actually the sound comes from the wing beats, and the pounding of the feathered appendage against the feathered body. But...you just have to be there. Paul and I live in east central Alabama, the lower Piedmont part of the Appalachian foot hills. Here quail and quail habitat have largely disappeared over the last half century as patch or subsistence farming has drastically declined. Quail do not do well in cow pastures and pine plantations. The opportunity for us to hunt birds in Early County, Georgia was a thrill difficult to over state.

The Formation of the British State Dec 26 2019 Between the Union of the Crowns in 1603 and the Union of Parliaments in 1707, numerous proposals were made to strengthen relations between England and Scotland. Here, Brian P. Levack draws on a large body of pamphlet literature, state papers, and parliamentary records to explore the 17th- and early 18th-century schemes to unite the political, legal, religious, economic, and social elements of the two countries. An important contribution to English and Scottish history, The Formation of the British State sheds new light on how the British state acquired many of the features it still possesses today, and why it differed significantly from both the English and the Scottish states out of which it was formed.

[Genealogy of the Name and Family of Hunt](#) Apr 29 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. [Witch Hunts: Culture, Patriarchy, and Transformation](#) Dec 18 2021 This book is a unique intersectional analysis combining culture, gender struggles and structural including economic transformations, both in the formation of gendered class society, patriarchy and capitalism.

In the Manner of the Franks Feb 20 2022 Eric J. Goldberg traces the long history of early medieval hunting from the late Roman Empire to the death of the last Carolingian king, Louis V, in a hunting accident in 987. He focuses chiefly on elite men and the changing role that hunting played in articulating kingship, status, and manhood in the post-Roman world. While hunting was central to elite lifestyles throughout these centuries, the Carolingians significantly altered this aristocratic activity in the later eighth and ninth centuries by making it a key symbol of Frankish kingship and political identity. This new connection emerged under Charlemagne, reached its high point under his son and heir Louis the Pious, and continued under Louis's immediate successors. Indeed, the emphasis on hunting as a badge of royal power and Frankishness would prove to be among the Carolingians' most significant and lasting legacies. Goldberg draws on written sources such as chronicles, law codes, charters, hagiography, and poetry as well as artistic and archaeological evidence to explore the changing nature of early medieval hunting and its connections to politics and society. Featuring more than sixty illustrations of hunting imagery found in mosaics, stone sculpture, metalwork, and illuminated manuscripts. In the Manner of the Franks portrays a vibrant and dynamic culture that encompassed red deer and wild boar hunting, falconry, ritualized behavior, female spectatorship, and complex forms of specialized knowledge that united kings and nobles in a shared political culture, thus locating the origins of courtly hunting in the early Middle Ages.

The Witch-Hunt in Early Modern Europe May 23 2022 Between 1450 and 1750 thousands of people - most of them women - were accused, prosecuted and executed for the crime of witchcraft. The witch-hunt was not a single event; it comprised thousands of individual prosecutions, each shaped by the religious and social dimensions of the particular area as well as political and legal factors. Brian Levack sorts through the proliferation of theories to provide a coherent introduction to the subject, as well as contributing to the scholarly debate. The book: Examines why witchcraft prosecutions took place, how many trials and victims there were, and why witch-hunting eventually came to an end. Explores the beliefs of both educated and illiterate people regarding witchcraft. Uses regional and local studies to give a more detailed analysis of the chronological and geographical distribution of witch-trials. Emphasises the legal context of witchcraft prosecutions. Illuminates the social, economic and political history of early modern Europe, and in particular the position of women within it. In this fully updated third edition of his exceptional study, Levack incorporates the vast amount of literature that has emerged since the last edition. He substantially extends his consideration of the decline of the witch-hunt and goes further in his exploration of witch-hunting after the trials, especially in contemporary Africa. New illustrations vividly depict beliefs about witchcraft in early modern Europe.

**The Witchcraft Sourcebook Sep 27 2022** This collection of trial records, laws, treatises, sermons, speeches, woodcuttings, paintings and literary texts illustrates how contemporaries from various periods have perceived alleged witches and their activities.

**Recollections of the Early Days of the Vine Hunt, and of Its Founder William John Chute, Esq., M.P., of the Vine Mar 09 2021**

**The Witch-Hunt in Early Modern Europe Oct 28 2022** The Witch-Hunt in Early Modern Europe, now in its fourth edition, is the perfect resource for both students and scholars of the witch-hunts written by one of the leading names in the field. For those starting out in their studies of witch-beliefs and witchcraft trials, Brian Levack provides a concise survey of this complex and fascinating topic, while for more seasoned scholars the scholarship is brought right up to date. This new edition includes the most recent research on children, gender, male witches and demonic possession as well as broadening the exploration of the geographical distribution of witch prosecutions to include recent work on regions, cities and kingdoms enabling students to identify comparisons between countries. Now fully integrated with Brian Levack's *The Witchcraft Sourcebook*, there are links to the sourcebook throughout the text, pointing students towards key primary sources to aid them in their studies. The two books are drawn together on a new companion website with supplementary materials for those wishing to advance their studies, including an extensive guide to further reading, a chronology of the history of witchcraft and an interactive map to show the geographical spread of witch-hunts and witch trials across Europe and North America. A long-standing favourite with students and lecturers alike, this new edition of *The Witch-Hunt in Early Modern Europe* will be essential reading for those embarking on or looking to advance their studies of the history of witchcraft.

**The Midnight Assassin Jun 19 2019** A New York Times bestseller, *The Midnight Assassin* is a sweeping narrative history of a terrifying serial killer--America's first--who stalked Austin, Texas in 1885. In the late 1800s, the city of Austin, Texas was on the cusp of emerging from an isolated western outpost into a truly cosmopolitan metropolis. But beginning in December 1884, Austin was terrorized by someone equally as vicious and, in some ways, far more diabolical than London's infamous Jack the Ripper. For almost exactly one year, the Midnight Assassin crisscrossed the entire city, striking on moonlit nights, using axes, knives, and long steel rods to rip apart women from every race and class. At the time the concept of a serial killer was unthinkable, but the murders continued, the killer became more brazen, and the citizens' panic reached a fever pitch. Before it was all over, at least a dozen men would be arrested in connection with the murders, and the crimes would expose what a newspaper described as "the most extensive and profound scandal ever known in Austin." And yes, when Jack the Ripper began his attacks in 1888, London police investigators did wonder if the killer from Austin had crossed the ocean to terrorize their own city. With vivid historical detail and novelistic flair, *Texas Monthly* journalist Skip Hollandsworth brings this terrifying saga to life.

**Wyatt's First Whitetail Sep 22 2019** "Wyatt's First Whitetail" follows a boy named Wyatt as he goes on his first deer hunt with his Grandpa. Along the way he learns to appreciate nature and the importance of being an ethical hunter.

**My First Deer Hunt Aug 14 2021** A young boy goes hunting with his father for the first time.

**Witchcraft, Witch-hunting, and Politics in Early Modern England Jan 07 2021** A wide-ranging overview of the place of witchcraft and witch-hunting in the broader culture of early modern England. Based on a mass of new evidence extracted from a range of archives, both local and national, it seeks to relate the rise and decline of belief in witchcraft, alongside the legal prosecution of witches, to the wider political culture of the period. Building on the seminal work of scholars such as Stuart Clark, Ian Bostridge, and Jonathan Barry, it demonstrates how learned discussion of witchcraft, as well as the trials of those suspected of the crime, were shaped by religious and political imperatives in that period.

**My First Hunt Dec 06 2020**

**Malevolent Nurture Sep 15 2021** In *Malevolent Nurture*, Deborah Willis explores the dynamics of witchcraft accusation through legal documents, pamphlet literature, religious tracts, and the plays of Shakespeare.

**The Oxford Handbook of Witchcraft in Early Modern Europe and Colonial America Feb 26 2020** A collection of essays from leading scholars in the field that collectively study the rise and fall of witchcraft prosecutions in the various kingdoms and territories of Europe and in English, Spanish, and Portuguese colonies in the Americas.

**The Astronomer & the Witch Oct 24 2019** In *The Astronomer and the Witch*, Ulinka Rublack pieces together the tale of this extraordinary episode in Kepler's life, one that takes us to the heart of his changing world.

**The Scottish Witch-Hunt in Context Oct 16 2021** This book is a collection of essays on Scottish witchcraft and witch-hunting, which covers the whole period of the Scottish witch-hunt, from the mid-16th century to the early 18th. It particularly emphasizes the later stages, since scholars are now keen to explain why witch-hunting declined as why it occurred. There are studies of particular witchcraft panics, including a reassessment of the role of King James VI. The book thus covers a wide range of topics concerned with Scottish witch-hunting - and also places it in the context of other topics: gender relations, folklore, magic and healing, and moral regulation by church and state.

**Complete Book of Hunting Aug 22 2019** Hunting has always been one of man's needs. This was true in past ages when man hunted for food. It was true when man no longer was forced to hunt for his food but began hunting for sport. And it is equally true today when urban man seeks the renewal of body and spirit that hunting affords.

**The Royal Hunt in Eurasian History Aug 02 2020** From antiquity to the nineteenth century, the royal hunt was a vital component of the political cultures of the Middle East, India, Central Asia, and China. Besides marking elite status, royal hunts functioned as inspection tours and imperial progresses, a means of asserting kingly authority over the countryside. The hunt was, in fact, the "court out-of-doors," an open-air theater for displays of majesty, the entertainment of guests, and the bestowal of favor on subjects. In the conduct of interstate relations, great hunts were used to train armies, show the flag, and send diplomatic signals. Wars sometimes began as hunts and ended as celebratory chases. Often understood as a kind of covert military training, the royal hunt was subject to the same strict discipline as that applied in war and was also a source of innovation in military organization and tactics. Just as human subjects were to recognize royal power, so was the natural kingdom brought within the power structure by means of the royal hunt. Hunting parks were centers of botanical exchange, military depots, early conservation reserves, and important links in local ecologies. The mastery of the king over nature served an important purpose in official renderings: as a manifestation of his possession of heavenly good fortune he could tame the natural world and keep his kingdom safe from marauding threats, human or animal. The exchanges of hunting partners--cheetahs, elephants, and even birds--became diplomatic tools as well as serving to create an elite hunting culture that transcended political allegiances and ecological frontiers. This sweeping comparative work ranges from ancient Egypt to India under the Raj. With a magisterial command of contemporary sources, literature, material culture, and archaeology, Thomas T. Allsen chronicles the vast range of traditions surrounding this fabled royal occupation.

**Texas Rich Feb 08 2021** The saga of H. L. Hunt and the family feud which began with his death focuses on the fortune he made in the oil business and his adventures as a health crank, propagandist, and eccentric patriarch

**Fate the Hunter Mar 29 2020** A rich anthology of pre-Islamic and early Islamic poetry on the beauties and perils of the hunt in the poems of Fate the Hunter, many of them translated into English for the first time, trained cheetahs chase oryx, and goshawks glare from falconers' arms, while archers stalk their prey across the desert plains and mountain ravines of the Arabian peninsula. With this collection, James E. Montgomery, acclaimed translator of *War Songs* by Antarah ibn Shaddād, offers a new edition and translation of twenty-six early works of hunting poetry, or *ardiyyāt*. Included here are poems by pre-Islamic poets such as Imru' al-Qays and al-Shanfarā, as well as poets from the Umayyad era such as al-Shamardal ibn Sharh. The volume concludes with the earliest extant epistle about hunting, written by 'Abd al-Hamid al-Kātib, a master of Arabic prose. Through the eyes of the poet, the hunter's pursuit of the quarry mirrors Fate's pursuit of both humans and nonhumans and highlights the ambiguity of the encounter. With breathtaking descriptions of falcons, gazelles, and saluki gazehounds, the poems in *Fate the Hunter* capture the drama and tension of the hunt while offering meditations on Fate, mortality, and death. A bilingual Arabic-English edition.

**Demonology and Witch-Hunting in Early Modern Europe Apr 22 2022** Demonology -- the intellectual study of demons and their powers -- contributed to the prosecution of thousands of witches. But how exactly did intellectual ideas relate to prosecutions? Recent scholarship has shown that some of the demonologists' concerns remained at an abstract intellectual level, while some of the judges' concerns reflected popular culture. This book brings demonology and witch-hunting back together, while placing both topics in their specific regional cultures. The book's chapters, each written by a leading scholar, cover most regions of Europe, from Scandinavia and Britain through to Germany, France and Switzerland, and Italy and Spain. By focusing on various intellectual levels of demonology, from sophisticated demonological thought to the development of specific demonological ideas and ideas within the witch trial environment, the book offers a thorough examination of the relationship between demonology and witch-hunting. *Demonology and Witch-Hunting in Early Modern Europe* is essential reading for all students and researchers of the history of demonology, witch-hunting and early modern Europe.

**Baby's First Treasure Hunt Jul 01 2020** This very first treasure hunt book is full of bright and beautiful pictures to capture the attention and imagination of babies and young toddlers. Splashed across the pages are brightly colored rows of repeated photographs - hidden amongst these are odd-one-out pictures to seek and find, with a clue of what is different given in the simple rhyming text. With a cute teddy bear to look out for, too, this is a perfect book for adults to share with young children to help them develop observational and matching skills.

**Recollections of the Early Days of the Vine Hunt and of its Founder William John Chute Esq. M. P. of the Vine - Together with Brief Notices of the Adjoining Hunts May 11 2021** This vintage book contains a description the Vine hunt in Hanington, England. Hanington has been a popular location for fox hunting for centuries, and continues to host events each year. With historical information and details of notable people and events, this volume is highly recommended for those with an interest in the history of English fox hunting, and would make for a worthy addition to collections of allied literature. Contents include: "Notices of Hunting in the Last Century", "Old Stories", "The Origin of the Vine Hunt", "The Hounds and Horses", "The Men", "William John Chute, Esq., of the Vine, M.P.", "The Vine Hunt, 1824 to 1834", "Mr. Warde's Hounds in the Craven Country", "Truman Villebois, Esq., and the H.H.", etc. Many vintage books such as this are increasingly scarce and expensive. This volume is being republished now in an affordable, high-quality edition complete with a specially commissioned new introduction on the history of fox hunting.

**Will's First Hunt Jun 24 2022** After recently losing his mother, 11-year old Will Barnes is left with his father and his love of hunting. Will puts everything he has into becoming a hunter his father will be proud of. Will is certain his dad won't make him wait until he's 12 to go hunting, but when his dad discovers him and his best friend pretending to hunt in the living room, he is less than amused. Now in order to hunt when he turns 12, Will must prove to his father that he is mature enough to handle the responsibilities that come with the sport. Over the next year, Will secretly learns everything he can about hunting, including how to read deer signs and how to be safe in the woods. Just before hunting season is about to begin, Will takes his dad on a walk through the woods to prove that he is ready to go on his very first hunt. Is this going to be the year that Will's father lets him hunt? Author Kerri J. Busted was motivated to write this book by her husband's great love of hunting and her long, contemplative walks in the woods. Busted works as a school and emergency department nurse. She lives in De Soto, Wisconsin with her husband and two children. Publisher's website: <http://www.strategicpublishinggroup.com/title/WillsFirstHunt.htm>

**Esley Hunt: Early Portrait Photographer of North Carolina, Virginia and Tennessee Nov 17 2021** This biographical sketch introduces a significant Southern portrait photographer of the 19th century. In 1817, Esley Hunt was born in the rural mountainous area that would later become Johnson City, TN. (His childhood home, the Henson Hunt House, is on the Carter County Historical Register.) In the late 1840s, Esley moved his family 220 miles to Chapel Hill, NC, where he would eventually become that town's first studio photographer. He owned a house in Chapel Hill and 100 acres in Mebanesville (now Mebane). In 1859, Esley purchased a second portrait studio in Raleigh and would acquire a 60 acre estate just west of the capital city. In early advertisements, Esley stated his commitment to create art -- notable in an era when many considered photography to be more of a technician's itinerant occupation than an artist's profession. By the late 1850s, he and his artistic partner, painter Joshua P. Andrews of New York, were receiving numerous photography awards at the North Carolina State Fairs. After North Carolina joined the Confederacy in 1861, Raleigh became a gateway for soldiers and Esley continued to operate its primary portrait studio. Civil War portraits by Mr. Hunt and Mr. Andrews remain highly valued by collectors, and are invaluable to historians, genealogists, descendants and those interested in portraiture. The State Archives of North Carolina have referred to Esley Hunt as "one of the Civil War's most prolific and talented photographers in North Carolina," and some photography historians consider him to have been among the best in the South. (Originally published in 2018, this biographical sketch was the first to describe Esley Hunt's personal life and family.)

**Witchcraft in Early Modern Europe Aug 26 2022** This important collection brings together both established figures and new researchers to offer fresh perspectives on the ever-controversial subject of the history of witchcraft. Using Keith Thomas's *Religion and the Decline of Magic* as a starting point, the contributors explore the changes of the last twenty-five years in the understanding of early modern witchcraft, and suggest new approaches, especially concerning the cultural dimensions of the subject. Witchcraft cases must be understood as power struggles, over gender and ideology as well as social relationships, with a crucial role played by alternative representations. Witchcraft was always a contested idea, never fully established in early modern culture but much harder to dislodge than has usually been

assumed. The essays are European in scope, with examples from Germany, France, and the Spanish expansion into the New World, as well as a strong core of English material.

The Great ABC Treasure Hunt Jan 19 2022 An illustrated collection of twenty-six poems featuring objects, animals, and activities for each letter of the alphabet. Hidden letters within the illustrations increase letter recognition.

We're Going on a Bear Hunt: My First 123 Apr 10 2021 Follow the path and get counting with a first numbers adventure based on the best-loved world of the We're Going on a Bear Hunt film. One dog, sniffing the floor . . . turn the page to discover more! Use your finger to trace the shape of each number, and learn all about numbers on this first counting adventure. Missing Links Mar 21 2022 From diaries, newspaper stories, and interviews, Reader introduces the people who have studied the evolution of man and examines their theories about man's origins

Big Bucks the Benoit Way Oct 04 2020 See what it takes to track trophy-sized bucks like the legends do. If there is such a thing as hunting royalty, then the Benoit family is it. They have been raking in trophy-sized bucks since Larry Benoit first began to pioneer his unique tracking methods. As the family grew, so did the Benoit hunting repertoire, expanding beyond simple snow tracking to all-season tracking.

Author Bryce M. Towsley had a unique opportunity in the late nineties: to deer hunt with the Benois for an extended period in the deep woods of Maine. He spent time with the Benoit family observing and learning their hunting tactics, techniques, and long-protected secrets. The product of Towsley's inclusion in the Benoit family tradition is Big Bucks the Benoit Way. Fully illustrated with Towsley's beautiful, full-color photography and written with his trademark prose and with a new introduction by the author, it tracks his experience following in the footsteps of the great Benoit hunters, learning their craft and sharing it with you. Big Bucks the Benoit Way is more than an exploration of the fine art of tracking bucks; it's a glimpse at the heart and beauty of American big-game hunting. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bow hunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Running Dogs - Or, Dogs That Hunt By Sight - The Early History, Origins, Breeding & Management Of Greyhounds, Whippets, Irish Wolfhounds, Deerhounds, Borzoi and Other Allied Eastern Hounds Jun 12 2021 A fascinating selection of early writings on the running dog or sight hound. Two hundred well illustrated pages deal with history, origins, breeding, management, sport, showing, etc. Most of this compilation dates from the early 1900s and is sourced from first editions of rare dog books of that period. Breeds discussed are The Greyhound and Allied Eastern Hounds - The Whippet - The Borzoi - Deerhounds - Irish Wolfhounds - Prairie Longdogs - etc. Many of the earliest dog books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.
