Baseball in Fort Worth Jul 07 2020 In 2003, over 160,000 fans watched professional baseball in downtown Fort Worth's near north side. Baseball, which had been played in this north side area since 1911, had returned after a near 40-year absence. Fort Worth's rich tradition of professional baseball dates back to the start of the Texas League of Professional Baseball Clubs in 1888 and includes many players who continued to impact our national pastime at the major league level. Presenting over 170 photographs, programs, and maps this volume documents not only the play on the field, but the fun and excitement off the field as well. The book contains a chapter on Fort Worth's black baseball history, which dates back to the turn of the 20th century, and includes the new discovery of a forgotten ballpark dedicated to the black players and leagues of the early 1900s. Though the details are difficult to trace, this chapter showcases the pride the players demonstrated at the local level and the force they became in the national Negro leagues.

The American Song Book May 05 2020 The American Song Book, Volume I: The Tin Pan Alley Era is the first in a projected five-volume series of books that will reprint original sheet music, including covers, of songs that constitute the enduring standards of Irving Berlin, Jerome Kern, the Gershwins, and other lyricists and composers of what has been called the "Golden Age" of American popular music. These songs have done what popular songs are not supposed to do--stayed popular ... As such, these songs constitute the closest thing America has to a repertory of enduring classical music. In addition to reprinting the sheet music for these classic songs, authors Philip Furia and Laurie Patterson place these songs in historical context with essays about the sheet-music publishing industry known as Tin Pan Alley, the emergence of American musical comedy on Broadway, and the 'talkie' revolution that made possible the Hollywood musical. The authors also provide biographical sketches of songwriters, performers, and impresarios such as Florenz Ziegfeld. In addition, they analyze the lyrical and musical artistry of each song and relate anecdotes, sometimes amusing, sometimes poignant, about how the songs were created. The American Songbook is a book that can be read for enjoyment on its own or be propped on the piano to be played and sung"--Back cover.

Sports-Talk Radio in America Jan 25 2022 An inside look at the hosts, hot spots, and history of sports-talk radio Sports-Talk Radio in America looks at major-, medium-, and small-market stations across the United States that feature an all-sports format, with a focus on the unique personalities and programming strategies that make each station successful. Broadcasters, journalists, and academics provide insight on how and why this media phenomenon has become an important influence of American culture, examining the "guy talk" broadcasting approach, the traditional sports-emphasis approach, "HSOs" (hot sports opinions), localism in broadcasting, how sports talk radio builds "communities" of listeners, and how reckless, on-air comments can actually build ratings. This unique book examines how this "niche of the niche" has formed a bond between its hosts and their rabid, passionate, and loyal audiences, spinning the dial from the largest, best-known stations in big-league markets to smaller stations in Colletgetown, USA, including Philadelphia's WIP, "The Ticket," KTCK in Dallas, WEEL in Boston, "The Team," WQTM in Orlando, KJR in Seattle, KOZN "The Zone" Omaha, Nebraska, WGR and WNSA in Buffalo, Kansas City's WHB, and "The Fan," WFAN in New York, the first all-sports radio station and the blueprint for the format. Sports-Talk Radio in America puts you in the studio with Mike and the Mad Dog, Angelo Cataldi, Howard Eskin, "The Musers" ("Junior" Miller and George Dunham), Norm Hitges, John Dennis and Gerry Callahan, Dan Sileo, Howard Simon, and Art Wander. Sports-Talk Radio in America examines: how stations create an environment in which listeners become part of a social group (social-identity and self-categorization theories) personality-driven programming the station's commitment to local teams and their fans how exploring controversial topics beyond sports broadens station's appeal and attracts upscale, affluent audience how an abundance of live, play-by-play broadcasting, creating plenty of available content college sports in a town without a major professional sports team how local sports is framed by hosts and calls the conflicted relationship between sports-talk radio and the print media and much more! Sports-Talk Radio in America is a must-read for academics and professionals working in radio-television and popular culture.

Paul Whiteman Oct 29 2019 v. 1. "When Paul Whiteman, the best-known dance band leader of the flapper age, brought his entourage to town it was a big deal. Mayors met him at the train station and presented him with the key to the city, parades and throngs of cheering crowds escorted him to City Hall, and special luncheons were held in his honor. Eventually dubbed the "King of Jazz," Whiteman grew into one of the biggest promoters of players, singers, and arrangers of all times. Many well-known musicians got their first big boost in his band including Tommy and Jimmy Dorsey, Bing Crosby, Frank Trumbauer, Bix Beiderbecke, Johnny Mercer, Mildred Bailey, and Ferde Grofé. When it came to jazz, Whiteman was a trailblazer. He invented "symphonic jazz" and gave the first performance of Gershwin's Rhapsody in Blue, one of the most enduringly popular of all jazz-influenced musical works of the 20th century. He perfected the one-nighter concert tours, traveling across the country by train, from city to city, with his unique brand of music. He was also the first to employ a special arranger to craft tailor-made charts to fit the Whiteman Orchestra's instrumentation and sound. This is the first of a two-volume set that will serve as the definitive work on the life and music of this legendary jazz leader. Covering the early years from 1890 to 1930, the text will entertain and inform the reader about the exciting life of one of the major influencers of jazz music and also provide a nostalgic glimpse of what life was like during the Roaring Twenties. Features: ---Day-by-day chronology 1890-1930 ---Comprehensive discography of recordings 1920-1930 ---Gallery of Whiteman's band members-alphabetical listing from 1918 to 1930 (includes birth and death dates) ---Detailed reference notes with biographical sketches of famous people ---Extensive bibliography and index, including index of songs ---Nearly 60 rare, black and white photos."--Publisher's description.
