Glimpses of My Master Nov 19 2021 'Glimpses of my Master' is an account of the life and work of the enlightened Indian mystic, Osho, written from the point of view of a close disciple. Veena Schlegel was one of the first western people to meet Osho, formerly Bhagwan Shree Rajneesh, in Bombay, India, in 1971. Working for him and his community in a number of ways - as a meditation centre leader, as an editor of his

books, as one of his PR people in Rajneeshpuram in the USA and as one of a team of seamstresses responsible for his clothes and household effects - presented Veena with an opportunity to not only work on herself, but to observe him working with the hundreds of thousands of people coming from all over the world to listen to his words, do his meditations and live in his communes in India, the USA and around the world. Her book is about her very personal, often humorous, insights into this inspirational and extraordinary man and his attempts to help people become more aware and conscious and thus lead happier, more contented lives based on an understanding of their own personal truths. 'Glimpses of my Master' is the second of a trilogy of books in which Veena writes both about her journeys around the world and her journeys inwards on the spiritual path.

When Mystic Masters Meet Aug 29 2022 This book is a study of the role mystical discourse and experience can play in Christian-Muslim dialogue as a subset of interfaith dialogue in general. It concentrates on the work of two

great medieval mystic masters, one Muslim, the other Christian. The Muslim is the Sufi teacher known to centuries of admirers as al-shaykh al-akbar or "The Greatest Master" -- Muhyi al-Din Ibn al-'Arabi. The Christian is the great German Dominican mystic and philosophical theologian whose status as "master" has become a part of his name -- Meister Eckhart. The book places the mystical discourse of these two masters in conversation with one another for the purposes of articulating "conversation points" between the two discourses which might serve as "nodes" for a possible new matrix for Christian-Muslim dialogue.

These, briefly stated, are as follows: Firstly, that all mental or cerebral faculties can by direct scientific treatment be influenced to what would have once been regarded as miraculous action, and which is even yet very little known or considered. Secondly, in development of this theory, and as confirmed by much practical and personal experience, that the Will can by very easy processes of training, or by aid of Auto-Suggestion, be strengthened to any extent, and states of mind soon induced, which can be made by practice habitual.

The Mystic Test Book or the Magic of the Cards Oct 19 2021 The publication of this work was, we might say, forced upon us by the demand, before even a page of manuscript was prepared for the press. The demand was caused by members of the Temple, who recognized the necessity of a printed text book, from which they could study the meanings of the cards and their indications under the seven planets. These brothers and sisters naturally wished to perfect themselves in emblem reading as rapidly as possible, and they could not so perfect themselves, without a full and complete set of

tables that they could study and refer to at will. The next trouble that arose was the question of expense, as, aside from the printing, engraving, binding, electrotyping and matters of that kind, the author's time was, and is now so valuable that the item far overbalances those mentioned. It was finally decided that the most feasible plan, was to get out enough copies to supply more than our immediate membership and to sell them to outsiders under certain restrictions.

Dangerous Mystic Sep 25 2019 Life and times of the 14th century German spiritual leader Meister Eckhart, whose theory of a personal path to the divine inspired thinkers from Jean Paul Sartre to Thomas Merton, and most recently, Eckhart Tolle Meister Eckhart was a medieval Christian mystic whose wisdom powerfully appeals to seekers seven centuries after his death. In the modern era, Eckhart's writings have struck a chord with thinkers as diverse as Heidegger, Merton, Sartre, John Paul II, and the current Dalai Lama. He is the inspiration for the bestselling New Age author Eckhart Tolle's pen name, and his fourteenth-century quotes have become an online sensation. Today a variety of Christians, as well as many Zen Buddhists, Sufi Muslims, Jewish Cabbalists, and various spiritual seekers, all claim Eckhart as their own. Meister Eckhart preached a personal, internal path to God at a time when the Church could not have been more hierarchical and ritualistic. Then and now,

Eckhart's revolutionary method of direct access to ultimate reality offers a profoundly subjective approach that is at once intuitive and pragmatic, philosophical yet non-rational, and, above all, universally accessible. This "dangerous mystic's" teachings challenge the very nature of religion, yet the man himself never directly challenged the Church. Eckhart was one of the most learned theologians of his day, but he was also a man of the world who had worked as an administrator for his religious order and taught for years at the University of Paris. His personal path from conventional friar to professor to lay preacher culminated in a spiritual philosophy that combined the teachings of an array of pagan and Christian writers, as well as Muslim and Jewish philosophers. His revolutionary decision to take his approach to the common people garnered him many enthusiastic followers as well as powerful enemies. After Eckhart's death and papal censure, many religious women and clerical supporters, known as the Friends of

God, kept his legacy alive through the centuries, albeit underground until the master's dramatic rediscovery by modern Protestants and Catholics. Dangerous Mystic grounds Meister Eckhart in a world that is simultaneously familiar and alien. In the midst of this medieval society, a few decades before the Black Death, Eckhart boldly preached to captivated crowds a timeless method, a "wayless way," of directly experiencing the divine.

The Breeze of Dialogues Oct 07 2020 "The mystic masters offer wise guidance in how to navigate a path to the 'middle world' which leads to peace and understanding. This middle world is analogous to the middle path that Buddha and many mystics introduced - a path that is neither too hard nor too easy to follow. This book gives hints about a subjective middle world that we can each explore on our own. The masters' dialogues with the Creator and with one another, like gentle breezes, carry the essence

of understanding to those who allow such breezes to sweep over them, lifting them in their life's search for freedom." -- Introduction (page 11).

It encompasses the gamut of questions - restless, fevered, desperate - that have arisen in every seeker's mind at some point or the other. And more. The answers are by Sadhguru, a living master

and profound mystic of our times. Unshakably anchored in inner experience, he remains unaffiliated to any organised religious, sectarian or ideological tradition. Forthright, witty, unconventional, provocative, but deeply compassionate, these answers were shared with close disciples over a period of ten years on various occasions.

Mystics and Zen Masters May 14 2021 Thomas Merton was recognized as one of those rare Western minds that are entirely at home with the Zen experience. In this collection, he discusses diverse religious concepts—early monasticism, Russian Orthodox spirituality, the Shakers, and Zen Buddhism—with characteristic Western directness. Merton not only studied

these religions from the outside but grasped them by empathy and living participation from within. "All these studies," wrote Merton, "are united by one central concern: to understand various ways in which men of different traditions have conceived the meaning and method of the 'way' which leads to the highest levels of religious or of metaphysical awareness."
